SECURITY/ACCESS TO BUILDINGS

Security for Centennial BOCES buildings and grounds (during regular school hours, as well as non-school hours) contributes to the well-being and safety of students and employees as well as to that of the sites themselves. For safety and security purposes, access to Centennial BOCES buildings, whether by students, staff members or visitors, shall be limited as deemed appropriate for each building.

Each school building shall be inspected annually to address removal of hazards and vandalism and any other barriers to safety and supervision.

Alarm systems and other devices designed to protect buildings against illegal entry and vandalism may be installed where appropriate.
