II. PUBLIC COMMENTS ON AGENDA AND NON-AGENDA ITEMS

2.1 Ian Liebenberg expressed concern regarding teachers continuing to work without a contract.
2.2 Samantha expressed disappointment that teachers do not have a contract and that an agreement on salary has not been reached. She shared that she works Saturday School and Home Hospital and volunteers at almost all school events.
2.3 Erika shared that she has worked for Vallecitos for 12 years, spends countless hours outside of school preparing, and uses her own money to purchase school supplies. She noted that teachers have gone a year and a half without a contract.
2.4 Nelson echoed the comments of his colleagues, noting that this is his second year

without a contract and with low pay. He asked for a contract and higher pay.
2.5 Medina asked the Board to review the new positions and why they are needed, noting that funds are being reduced and that teachers have gone almost two years without a contract.
2.6 Mrs. White shared that this is her first year working at Vallecitos and that she was surprised to learn there is no contract. She expressed hope that all parties can agree on a fair contract and raise.
2.7 Natasha stated that teachers have no contract and no raise and asked for respect when negotiating the percentage of the raise. She asked that a principal/superintendent be present and selected carefully, noting that one person holding three jobs is not good.
2.8 Jasmine Burke echoed the concerns of her colleagues and expressed concern about favoritism.

FACILITIES PROJECT UPDATE

2026–27 School Year

Report to the Governing Board
November 2026

This update covers the eleven facilities and maintenance projects on the district's current list. One project is finished and three are underway. The other seven are in planning or are waiting on staffing, vendor quotes, or funding decisions. All information is current as of November 4, 2026.

Completed

Expanded Learning Classroom

Complete as of November 1, 2026

The classroom opened on July 1, 2026. Delivery of the air-conditioning units was delayed, but all of them were running by November 1, and the room is now fully in use.

Underway

School Library

Target: end of December 2026

We are setting up the district's first dedicated library in the Expanded Learning Building. Until now, our books have been spread across classrooms and other rooms. Funding was secured by former Superintendent Meliton Sanchez. Our reading specialist and students are helping sort the collection and get the room ready.

Hand Dryers

Target: November 20, 2026, if delivery stays on schedule

The electrical work is done. Three dryers are still on order, and we will install them as soon as they arrive.

Classroom Garden Beds

Target: early 2027

The garden beds have been delivered and assembled. We still need to fill them with soil, add protective mesh, and plant. That work will pick up again once we hire a new Maintenance Lead.

Major Projects

Solar Canopy over the Stage

Financing: loan of just over $800,000 | Expected: late 2027 to early 2028

We are starting work on a solar canopy over the outdoor stage and assembly area. Along with producing energy, it will give students, staff, and families shade during assemblies and community events.

New Kindergarten

Funding: $2,251,748 approved; $328,220 design advance available now (TK/KN Facilities Grant) | Timeline: to be determined

Former Superintendent Sanchez secured $2,251,748 in state funding ($1,698,720 grant plus $553,028 in financial hardship assistance) through the state's Transitional Kindergarten and Full-Day Kindergarten Facilities Grant for a new kindergarten building. The State Allocation Board approved this funding on September 23, 2026, and it is released in two stages. The first $328,220 is a design advance and is available now under the signed design grant agreement. The remaining $1,923,528 will be released after the district receives plan approval from the Division of the State Architect and the California Department of Education, signs construction contracts covering at least 90 percent of the project, and submits a Fund Release Authorization (Form SAB 70-02) by March 2028. The Board may approve one extension of up to 12 months. The scope, design, and construction schedule have not been set yet.

Maintenance and Restrooms

Staffing update: We are currently short-staffed in maintenance and custodial, and the Maintenance position is still vacant. Until we fill these positions, our small team is focused on daily cleaning and keeping restrooms and campus safe and open. Because of this, the maintenance and restroom projects below may be delayed or moved to summer break.

Exterior Door and Railing Painting

Target: summer 2027

We have put the remaining door and railing painting on hold. With a small custodial staff, daily campus needs come first. We plan to finish the painting over summer break.

Women’s Restroom Remodel

Target: summer 2027 (tentative)

We are waiting on quotes from vendors. Once we have them, we can decide on the scope, cost, and funding, and whether the work can be done next summer.

Exterior Upper-Grade Portable Restrooms

Timeline: to be determined

We are looking at restoring the outside of the restrooms that serve the upper-grade portable classrooms. Scope, cost, and timing have not been decided.

Migrant Education Office Window

Timeline: to be determined

We are adding a window to the Migrant Education office. The office does not currently have one, and adding a window will bring in natural light and make it a better space for staff and the families they serve.

The Outdoor Stage Turns 30

Our outdoor stage was dedicated to the Rainbow and Vallecitos School community on June 10, 1997, so it turns 30 on June 10, 2027. The plaque thanks the local businesses, volunteers, and students who built it together. We did some cleanup and small repairs this past summer and would like to do more so the stage looks and works better for school and community events.

The Board may want to mark the anniversary next June. A rededication or ribbon-cutting could follow once the restoration and solar canopy are finished. Because the canopy is not expected until late 2027 or early 2028, we recommend not planning a completion ceremony for June.

Dates in this report are targets unless marked complete, and dollar amounts are preliminary. This is a status update only; no Board action is requested. Future updates will include approved budgets, funding sources, spending to date, and the staff lead for each project.
