

Meet your Teacher

Ms. Wilson

Prattville Elementary School

3rd Grade

Hello my name is Ms. Bailey Wilson. I am 23 years old. I was born and raised here in Prattville Alabama . I just recently graduated from Troy University with my Bachelor's Degree in Elementary Education. I am so excited to be teaching where I attended school! Go Bobcats!!

My Purpose for Teaching

I chose to be an educator because I have a passion for children and have always loved helping others. As your student's teacher, I will ensure your student feels loved, valued, and seen as their true authentic self. Your student's education is my top priority, and I will ensure they learn all the materials given. My goal is to help them become a better student in and outside of the classroom. I thank you for trusting me with your student, and I look forward to this school year!!
