WORK DAY POLICY:**Building & Grounds Fee (Billed in October & April if Work Day is not complete)**

K4-12th Grade - \$250.00 - Work 6 hours per semester per family or pay \$250.00 per semester.

As an effort to perform cost effective maintenance and repairs to the school's buildings and grounds, parents, guardians or paying members are required to participate in workdays. Rules for workday participation are as follows:

- Parents, guardians, or paying members are required to participate in one (1) workday per each semester. This will equate to participation in two (2) workdays per school year.
- If a workday schedule conflicts with parents', guardians', or paying members' schedules, they are encouraged to contact the school office. Typically, there are available workday tasks both pre and post workday.
- 6 man-hours are required per each workday. A minimum of three (3) continuous hours are required per each participant. As an example, four (4) adults working one & one-half (1-1/2) hours each are not acceptable.

- Parental or adult man-hours only count as workday hours. Although students are encouraged to participate in workday, student hours will not be considered as applicable towards workday hours.
- If a new student begins attending school within a time period after the first scheduled workday but before the latter four (4) weeks of a semester, workday participation for that semester remains applicable.
- Workday man-hours will only be applicable towards workday tasks. Special exceptions to this rule may be considered on a case-by-case basis.
- Failure to participate in a scheduled workday or the performing of workday tasks will result in posting a \$250 fee to the member's bill. If participation is partial of six (6) man-hours, billing will be prorated accordingly.

SPORTS VOLUNTEER SCHEDULE:
