District Parent and Family Engagement Plan

Houston County School District

District Parent and Family Engagement Plan

2025-2026

What is Family Engagement?

Family Engagement means the participation of parents and family members in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- That parents and families play an integral role in assisting their child's learning.
- That parents and families are encouraged to be actively engaged in their child's education.
- That parents and families are full partners in their child's education and are included, as appropriate, in the decision-making process to assist in the education of their child.
- The carrying out of other activities, such as those described in Section 1116 of the ESSA.

About the Parent and Family Engagement Plan

In support of strengthening student academic achievement, Houston County School System (HCSS) has developed this parent and family engagement plan that establishes the district's expectations for family engagement and guides the strategies and resources that strengthen school and parent/family partnerships in the district's Title I schools. This plan will describe HCSS's commitment to engage families in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy more. Title I, Part A provides for substantive parental engagement at every level of the program, such as in the development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of the Every Child Succeeds Act (ESSA) contains the primary Title I, Part A requirements for schools and school systems to involve parents and family members in their children's education. The HCSS will work with its Title I schools to ensure that the required school-level parent and family engagement plans meet the requirements of the federal law and each include, as a component, a school-parent compact.

The District Family Engagement Plan can be found on our website under the Family Engagement tab:
