VOLUNTEERS -- WHAT WE BELIEVE

Shippensburg Area School District Volunteer Program endorses the following beliefs:

- Using volunteers in the schools is beneficial to everyone involved.
- The district should seek and use a wide variety of parent community volunteers to supplement the efforts of the professional staff.
- Volunteers are concerned adults who respect the privacy and confidential rights of others while being respected by the staff for their contributions to our students.
- The volunteer program should be developed in a structured manner that enhances the success of both school and volunteer efforts.
- Volunteers make a valuable and unique contribution by:
 - providing understanding, appreciation and tolerance across generations and cultures.
 - offering an effective antidote for student alienation, low self-esteem and self-absorption.
 - demonstrating the importance of community service to all touched by the program's efforts.
- The volunteer program will create stronger community/school relationships by fostering a sense of:
 - unity among all people who comprise our school district.
 - common ownership in the success of our schools.

VOLUNTEER GUIDELINES

- **Confidentiality** – No volunteer shall be permitted access to confidential student information unless the supervisor has determined that such access is necessary for the volunteer to fulfill their responsibilities. Volunteers with access to confidential student information shall maintain the confidentiality of that information in accordance with district policies and procedures and applicable law. If a volunteer has questions about the confidentiality of student information, the volunteer should consult with the building principal.
- **Supervision** – Each volunteer shall be under the supervision of a designated school administrator, teacher or other member of the school staff.
- **Arrest or Conviction Reporting Requirements** – Position volunteers shall report to the Superintendent of designee, in writing, within seventy-two (72) hours, an arrest or conviction required to be reported by law or notification that that volunteer has been named as a perpetrator in a founded or indicated report pursuant to the Child Protective Services Law. Failure to report such occurrences may subject the position volunteer to disciplinary action up to and including denial of volunteer services and criminal prosecution.
- **Child Abuse Reporting** – All volunteers who have reasonable cause to suspect that a child is the victim of child abuse shall make a report of suspected child abuse to the Building Administration.
- **Interaction with Students** – The volunteer student relationship is of utmost importance but there must be some guidelines in place. Volunteers have a unique role within the district, but the most important should be creating a friendly, cooperative and positive role-model for all students and athletes. That can be accomplished by treating students and staff with dignity, respect and courtesy, by showing an interest in what our students are doing, encouraging and most importantly smile! We want our volunteers and our students to enjoy their time together.

Volunteers should not share their personal information, such as your address, phone number(s), email addresses or personal social media information with students. Nor should volunteers ask for this same information from any student. Further, as a public school entity our students have various cultures, religious beliefs, etc. which make them all unique. As a volunteer it is important that you do not interject your own beliefs upon our students.

- **Verbal Communication with Students** – Volunteers should be seen as a role model and with that expectations come the responsibility to use respectful, uplifting and appropriate language within the school or during your role as a volunteer. Be cautious of what you say and how you say it.
- **Your Role with Student Behavior** – Sometimes in the school environment volunteers may observe student behavior that is not appropriate or hurtful to other student and it may be appropriate for a volunteer to intercept. If a volunteer observes that type of student behavior you should bring it to the attention of the teacher, coach or administrator. A volunteer's role is not to discipline or give consequences to students. Further, student behavior or discipline that is observed is not to be discussed with anyone other than those who you report to as a volunteer.
- **Tobacco Use** – All tobacco products, including smokeless tobacco, is prohibited on all school campuses including outside and on district-provided transportation.
- **Cell Phones and Posting on Social Media** – We ask that you please refrain from posting pictures of students on personal social media accounts during your role as a volunteer. This may violate the student and parents request to not have their child's pictures places online or on a social media outlet. Further, while in the classroom as a volunteer, it is appropriate to have your cell phone on silent to minimize the disruptions to learning environment. If you must take a phone call while in a classroom, be considerate and exit the room to hold your conversation.
- **Doors and Entrances** – As a volunteer you do have a role and responsibility to play with school safety. With that thought in mind, it is essential that volunteers understand you should not open the doors for others to allow them to enter the building, or prop doors open. Volunteers should always enter and leave the building through the main doors and follow the procedures specified by that building of properly signing in and out.
- **Appropriate Dress** – Please dress appropriately for the type of volunteer work you are scheduled to do. If a volunteer has a question about appropriate dress, please check with the building principal, coach or teacher you are volunteering for.

TUBERCULIN TEST INFORMATION

Pennsylvania Public School Code requires all school employees, including volunteers to obtain a test for tuberculosis prior to employment or service. According to Pennsylvania Department of Health, if a volunteer has a recent TB test results on file with the district (or a copy of results from an outside provider) they are not required to have further TB test unless they are exposed to a case of active Tuberculosis.

What is a tuberculin test?

Tuberculosis is a reportable communicable disease, which is both preventable and curable. The tuberculin test is a harmless skin test that shows if a person has been exposed to TB germs. The test is provided routinely to children as babies and school children as part of their wellness care.

The test is done by a small skin test application using a tiny needle on the forearm and is to be read within 48-72 hours.

If a test is negative, there is nothing to be done. If a test reads "positive", further testing will be necessary and can be provided by the family physician or, at no cost, by the State Health Clinic in Chambersburg.

How would a volunteer get a tuberculin test?

The District will provide Tuberculosis testing clinics on the following dates*:

- August 27, 2024
- September 16, 2024
- March 3, 2025
- April 1, 2025

All clinics will be held at the High School from 8AM to 2PM and will be free of charge to volunteers. To register, please contact the nurse's office at your child's school building. In addition to the clinics held by the District, volunteers can also receive a Tuberculosis test through their physician, at their own expense and must provide proof of test to the Human Resource Department prior to volunteering.

*Subject to change monitor District website for updates.
