## FINAL EXAMS

As we near the end of the first semester, all students will begin to prepare for semester final exams. For many students this will be their first experience studying and completing semester exams. Each course will have a final exam worth 10% of students' final course grade. Final exams can be a stressful time for students, therefore we offer the following tips and strategies:

- **Organize a study schedule allowing for at least 2 study sessions per course.**
- **Complete your study guide without notes to find out what you know and what you need to know.**
- **Review old tests.**
- **Take breaks and exercise to maintain concentration.**
- **Know the test! Talk to your teacher about what to expect.**
