

**Agenda
Warner Robins High School, School Council
4/25/2024**

**Call to order
Approval of the Agenda
Recognition of visitors**

**Report of Principal Mr. McCook
New Business**

- Things scheduled for renovation this summer: new HVAC system
- We are next in line for major building renovations from the district
- We are up to 91 cameras. Originally started with 18
- Would like to purchase a security system for bathrooms that detects Bluetooth and vaping
- Meeting in June to discuss possibly moving the bus ramp to theater parking lot, would rather have barriers and extra protection at existing ramp
- Update on graduation rate, looking to hit 94% as best case scenario. Counselors have done a great job of locating missing/absentee students. Worst case scenario mid 80% rate.
- This increase in graduation rate is due to targeted and intentional procedures
- Addressing questions about graduation: students will receive 10 tickets (we have not heard differently)

❖ **Facilities Walkthrough**

Guests do a facilities walkthrough and complete a provided survey.
