INSTRUCTIONS
PROJECT AWARD NOTIFICATION

- 1** Project Recipient: Agency, Institution or Non-Governmental entity to which the project is awarded.
- 2** Project Number: This is the agency number, grant number, and project code that must be used in all communication. (Projects with multiple project numbers will have a separate DOE-200 for each project number).
- 3** Project Description: Title of program and/or project. TAPS #: Departmental tracking number.
- 4** Authority: Federal Grants - Public Law or authority and CFDA number. State Grants - Appropriation Line Item Number and/or applicable statute and state identifier number.
- 5** Amendment Information: Amendment number (consecutively numbered), type (programmatic, budgeting, time extension or others) in accordance with the Project Application and Amendment Procedures for Federal and State Programs (Green Book), and effective date.
- 6** Project Periods: The periods for which the project budget and program are in effect.
- 7** Authorized Funding: Current Approved Project (total dollars available prior to any amendments); Amendment Amount (total amount of increase or decrease in project funding); Estimated Roll Forward (roll forward funds which have been estimated into this project); and Total Project Amount (total dollars awarded for this project).
- 8** Reimbursement Options:
 - Federal Cash Advance –On-Line Reporting required monthly to record expenditures.
 - Advance Payment – Upon receipt of the Project Award Notification, up to 25% of the total award may be advanced for the first payment period. To receive subsequent payments, 90% of previous expenditures must be documented and approved by the Department.
 - Quarterly Advance to Public Entity – For quarterly advances of non-federal funding to state agencies and LEAs made in accordance within the authority of the General Appropriations Act. Expenditures must be documented and reported to DOE at the end of the project period. If audited, the recipient must have expenditure detail documentation supporting the requested advances.
 - Reimbursement with Performance - Payment made upon submission of documented allowable expenditures, plus documentation of completion of specified performance objectives.
- 9** Timelines: Date requirements for financial and program reporting/requests to the Department of Education.
- 10** DOE Contacts: Program contact for program issues, Grants Management Unit for processing issues, and Comptroller's Office number for payment information.
- 11** Terms and Special Conditions: Listed items apply to this project. (Additional space provided on Page 2 of 2 if needed.)
- 12** Approved: Approval signature from the Florida Department of Education and the date signature was affixed.

CERTIFICATION

I, Kyle Peddie, as the official who is authorized to legally bind the agency/organization, do hereby certify to the best of my knowledge and belief that all the information and attachments submitted in this application are true, complete and accurate, for the purposes, and objectives, set forth in the RFA or RFP and are consistent with the statement of general assurances and specific programmatic assurances for this project. I am aware that any false, fictitious or fraudulent information or the omission of any material fact may subject me to criminal, or administrative penalties for the false statement, false claims or otherwise. Furthermore, all applicable statutes, regulations, and procedures; administrative and programmatic requirements; and procedures for fiscal control and maintenance of records will be implemented to ensure proper accountability for the expenditure of funds on this project. All records necessary to substantiate these requirements will be available for review by appropriate state and federal staff. I further certify that all expenditures will be obligated on or after the effective date and prior to the termination date of the project. Disbursements will be reported only as appropriate to this project, and will not be used for matching funds on this or any special project, where prohibited.

Further, I understand that it is the responsibility of the agency head to obtain from its governing body the authorization for the submission of this application.

Inventory Guidelines

The following elements are required on the inventory of all equipment purchased.

2 C.F.R. 200, Uniform Guidance, 200.313 Equipment: Property records must be maintained that include a description of the property, a serial number or other identification number, the source funding for the property, who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

State Requirements for inventory elements are located in Rule 69I-72.003, Florida Administrative Code, Recording of Property.

Does the agency's inventory system contain all required federal and state elements listed above? X _____

PROJECT DESIGN NARRATIVE SECTION

1A. Priority Areas

Eligible recipients must address at least 1 of the 4 following priority areas that focus on High-Wage, High-Skill, and/or High-Demand Occupations for the 2021-2022 fiscal year.

Check all that apply	Priority Areas	
	1.	Distance Learning
x	2.	Priorities of the Secondary or Postsecondary Comprehensive Local Need Assessment
	3.	Entrepreneurship Education and Training Initiatives (EETI)
x	4.	Addition integration or support on the Postsecondary credential of value to ensure all CTE programs continue to meet Size, Scope and Quality (SSQ)

1B. Abstract

Use of Funds to Support the Development of Career Pathways:

Funds from the Perkins V Rural Innovation grant will be utilized by the Liberty County School District to support the ongoing development of the Allied Health Program and the Building Trades and Construction Technology programs at Liberty County High School.

The career path for the Allied Health Assisting (8417130) consists of the following courses: Health Science I, Health Science II, and Allied Health Assisting III. The program of study prepares student for advanced training in the health occupations industry. The Allied Health program emphasizes participation in HOSA, which will further expose students to careers in the health care industry, standards of professionalism and provide opportunities to participate in state level competition. These experiences assist our students in obtaining the knowledge and skills to prepare for careers in the health field.

The primary objective of the Allied Health program is to prepare students for employment and post-secondary studies in the health care industry. Participating students in this program will have the opportunity to earn industry certification as a Certified Medical Administrative Assistant. The program will further prepare students for post-secondary studies to include, but not limited to, allied health aide, medical assistant, medical laboratory assistant, occupational therapy aide, physical therapy aide, respiratory therapy aide or radiology aide. Students will be prepared for post -secondary study, in the health care industry, by engaging in rigorous academic instruction and the opportunity to participate in hands on activities related to a variety of medical occupations. These experiences will help prepare students for transition to post-secondary studies in the areas of nursing, physical therapy, pharmacy, dental assisting, and occupational therapy.

Funds will be used to support the development of this career pathway by supporting a portion of a salary for the Allied Health Teacher. In addition, funds will be used to purchase items such as hospital beds, wheelchairs, gait belts, Depco software for technical training and replacement supplies for medical carts.

The Building Trades and Construction Technology (8722000) program includes Building Trades Construction Design 1, 2 and 3. This sequence of courses provides rigorous content that is aligned with challenging academic standards, relevant technical knowledge and skills needed to prepare for future careers in Building Construction Technologies. The technical skills and competency based applied learning acquired in this program increases academic knowledge, higher order thinking, positive work attitudes, employability skills, occupation specific skills and knowledge of all aspects of the Building Trades Construction and Technology career cluster.

The primary objective of the Building Trades and Construction Technology program is to prepare students for employment and post-secondary studies in the building construction industry. Students participating in this program are provided the opportunity to earn industry certification for OSHA 10, and Welding. Students participating in this program will be provided coherent and rigorous content aligned with challenging academic standards and technical skills that are needed to prepare for further education and careers in Architecture and Construction career cluster. SkillsUSA is the career and technical student organization associated with this program that empowers its members to become world-class workers, leaders, and responsible American citizens. This program improves the quality of our nation's future skilled workforce through the development of framework skills that include personal, workplace and technical skills grounded in academics.

Funds will be used to support this career pathway by paying a portion of the Building Trades and Construction Technologies teacher's salary.

Use of CLNA to Inform Selection of Career and Technical Education Programs and Activities:

Services and activities:

Programs are reviewed to determine if they meet size, scope and quality. The programs selected meet SSQ, Engagement and workforce alignment is demonstrated by the following.

- All programs are reviewed for their placement on the State TOL and DOL. Programs meet with their business and industry partners to discuss the local workforce demand and ways the school district is assisting in meeting that need. The CLNA conducted this past year included conversation with these stakeholders and contributed to program enhancement, modification, or omissions.
- These CTE programs follow the DOE Curriculum Frameworks which are designed to assist students in making informed decisions regarding their future academic and occupational goals. By teaching the standards associated with each course, Career and Technical Education provides a path for practical application of academic content. The content includes the development of academic skills, leadership skills, communication skills and employability.
- Hands on instruction is critical for students to receive the full benefit of CTE instruction. To that end, the funds made available through the Perkins allocation enables us to provide instructional staff to provide both academic and hands on teaching in relevant career pathways.
- CTE instructors are provided opportunities to attend applicable professional development. Networking and professional development are two important opportunities for continued growth.

Table: 2021-2022 CTE Programs Rural Innovation grant

Program or CIP#	Program Name	Program Type	Program is part of an eligible Perkins V Program of Study that is operational (Yes or No)	Program meets Perkins V Postsecondary or Secondary Size, Scope & Quality (Yes or No)
A	B	C	D	E
8417130	Allied Health Assisting		Yes	Yes
8722000	Building Trades and Construction Technology		Yes	Yes

*Insert additional rows as needed.

2. Letter(s) of Agreement Options for Rural Innovation Projects

Fiscal Section

Check only one	Option #	Fiscal Section of the Letter of Agreement
	1.	A school district may apply for the total county allocation. In this case, a letter from the Florida College System institution president should be attached to the completed grant application agreeing to the arrangement.
	2.	A Florida College System institution may apply for the total county allocation. In this case, a letter from the school superintendent should be attached to the completed grant application agreeing to the arrangement.
x	3.	If the school district and Florida College System institution wish to split the funds, two separate applications on separate forms may be submitted. In these cases, a letter of agreement from both the school district superintendent and Florida College System institution president, must confirm the arrangement.
	4.	Division of Career and Adult Education negotiate the allocation based upon students in eligible CTE programs offered in the county. Due to Local Education Agencies providing CTE programs in the county are unable to reach a fiscal agreement for allocation of funds.

Distribution of Funds

Check only one	Option #	Distribution of Funds Among Eligible Recipients
	1.	All funds will be used for the support of <u>Secondary</u> career and technical education programs in the county offered by the <u>school district</u> . In this case, a letter from the Florida College System institution president should be attached to the completed grant application agreeing to the arrangement.
	2.	All funds will be used for the support of <u>Postsecondary</u> career and technical education programs in the county offered by the <u>Florida College System institution</u> . In this case, a letter from the school superintendent should be attached to the completed grant application agreeing to the arrangement.
	3.	All funds will be used for the support of <u>Postsecondary</u> career and technical education programs in the county offered by the <u>school</u>

		<u>district</u> Postsecondary institution(s). In this case, a letter from the Florida College System institution president should be attached to the completed grant application agreeing to the arrangement.
x	4.	Funds will be used to support both Secondary and Postsecondary programs students in the county. If the school district and Florida College System institution wish to split the funds, two separate applications on separate forms may be submitted. In these cases, a letter from both the school district superintendent and Florida College System institution president, must confirm the arrangement.

3. Support for Reading/Strategic Imperatives

Describe how the project will incorporate one or more of the Goals included in the State Board of Education's K-20 Strategic Plan.

URL: <http://www.fldoe.org/policy/state-board-of-edu/strategic-plan.stml>

The LEA will focus on Goal 1, Highest Student Achievement and Goal 3, Skilled Workforce and Economic Development. Students will gain a working knowledge of math, reading, and science skills through the practical application of content learned in CTE programs. Additionally, district and school administration will continue to place a high emphasis on industry certification. Teachers will review the curriculum alignment associated with their course frameworks and will continue to implement rigorous reading standards. Students that need additional reading instruction are provided Tier II interventions in an intensive reading class in accordance with the district's reading plan. Funding for reading intervention is provided through the district reading allocation.

4. Federal Programs - General Education Provisions Act (GEPA)

Applicants must provide a concise description of the process to ensure equitable access to, and participation of students, teachers, and other program beneficiaries with special needs. For details, refer to: <http://www2.ed.gov/fund/grant/apply/appforms/gepa427.pdf>

In order to minimize barriers, Liberty County will take the following steps to remove barriers that impede equitable access or participation.

Gender – Guidance counselors will ensure that student are informed of the possible non-traditional placement in each career/technical program. Students will be made aware of how each program can meet the needs of each gender in career preparation.

Race, national origin, or color – CTE programs in Liberty County are open to every student in the district at appropriate grade levels. Guidance counselor and principals will ensure that students are afforded opportunities for participation.

Disability – Buildings, facilities, and programs are equally accessible to students with disabilities. All CTE programs provide accommodations and or modifications as dictated by the student's IEP, to enable student with disabilities the opportunity to enter and complete placement in a career technical program of their choice.

Age – Age has not been a barrier to placement in CTE programs. Should a problem concerning age be identified, steps will be taken to ensure that proper and legal access on a case-by-case basis be afforded.

Ms. Gloria Spadley Brown, Chief
Bureau of Grants Administration and Compliance
Division of Workforce Education
325 West Gaines ST, RM 730
Tallahassee, FL 32399-0400

Dear Ms. Spardley-Brown:

Liberty County School District is requesting a waiver for the Secondary allocation under Section 131 (c)(2)(A)(B) of the Perkins Law because it is a district located in a rural and sparsely populated area and has been unable to enter into a consortium for purposes of providing activities under this part. The district has been unable to enter into an agreement due to transportation requirements, location and change in time zone resulting in scheduling conflicts.

Sincerely,

A handwritten signature in blue ink, appearing to read "K Peddie", is written over the typed name.
