

# Attention 7<sup>th</sup> & 8<sup>th</sup> Grade Students

09/09/22

Have a desire to be on the News? Then sign up for a position on Wildcat Morning News! We are in need of a Tech Crew, Anchors, as well as reporters for Sports, Upcoming Events, Weather, and Wildcat Weekly Review.

Please indicate below which reporting position you are interested in. Students interested in being part of the tech crew should also indicate below and return the bottom half of this form. We will do our best to place you in the position that you have requested, but please be aware that we can not always guarantee positions. This will largely depend on the number of students interested.

Students interested in joining Wildcat Morning News must be in positive academic standing, and demonstrate the core values of the SJRCS community of being Courageous, Responsible, Unselfish, and Christlike.

Whenever possible, tapings will take place during lunch on Wednesdays. The Tech Crew would also be expected to help edit the videos during lunch on Thursdays. Depending on the number of interested students, we may have multiple "crews". If this is the case, then you would not record every week. If you have any questions, please contact Mrs. Schumacher (lschumacher@sjrcs.org) or Mr. Fairley (mfairley@sjrcs.org).

---

Please tear off and return to the SJRCS front office by September 16<sup>th</sup>.
