Participation in the school district interscholastic activity programs is completely voluntary. Involvement does, however, require a commitment on your part concerning academic standing, citizenship, and obligations to yourself and your teammates. Therefore, to instill good sportsmanship, respect for rules and authority, to establish leadership, team pride, teamwork, team, and individual discipline, as well as eliminate disruptive influences on and off the playing field or court, disturbances in the locker room, and on trips, the following rules have been established. Failure to observe these training rules will result in disciplinary action following due process.

Extra-Curricular Activities

Garfield County District High School offers a variety of extra-curricular activities. These programs are offered for the student's development, enjoyment, and fulfillment. Every attempt is made to provide at least one activity that will appeal to each student.

Involvement in extra-curricular activities and activity-related organizations may include the following:

ATHLETIC	NON-ATHLETIC
Basketball	Academic Olympics
Football	BPA
Volleyball	FCCLA
Track	FFA
Golf	Honor Society
	Music
	Student Council

Activity Attendance

For Garfield County District High School students to participate in any extra-curricular activity, he or she must be in regular attendance all day of said activity whether it is a practice, meeting, or a game. Regular attendance is defined as actual physical presence in the building (bricks and mortar). A written doctor's excuse or family emergency will be considered an exception, any other exceptions may be considered on a case-by-case basis at the discretion of the Superintendent. Coaches will be notified if a student is absent without an approved exception and therefore not eligible to participate in practice/meeting/game. Regular attendance at practice, along with promptness, is imperative if students are to succeed as participants. Occasionally, it may be necessary for a student to be either absent or late. However, common courtesy dictates that a student notify the coach or sponsor in advance or have a valid excuse upon returning. Students on suspension may not practice or participate on the day of suspension.

Academic Eligibility

The Jordan Board of Trustees requires all students to maintain a passing grade in all classes, computed from the beginning of each quarter. Students will have 3 weeks at the beginning of each quarter to establish a passing grade; previous quarter grades will determine eligibility. 4th quarter grades from the previous year will establish eligibility at the beginning of the school year. Thereafter, the cumulative grades of each student will be screened each Monday morning. Students, parents, and coaches will be informed each Monday of eligibility status. Students not maintaining passing grades will be declared ineligible for the remainder of the week. Ineligible students may participate in practice, but will not be allowed to compete or travel to extra-curricular events with the team until they regain eligibility.

Article 11, Section 2 of the By-Laws of the MHSA handbook- Academic Eligibility: To be eligible to participate in a MHSA contest a student must have received a passing grade in at least twenty periods of prepared work per week or its equivalent during the last preceding semester in which he/she was in attendance. If a student is assigned an “incomplete” in a subject, he/she has not received a passing grade in this subject. The record at the end of the semester is final, and scholastic deficiencies may not be “made up” in any way.

To be eligible to participate in Montana High School Association contests, a student must meet the eligibility requirements of the school district. These include the rules of the Montana High School Association, the Board of Public Education, and certain local restrictions.

Activity Eligibility

1. Age Limit: No student is eligible to participate in an Association contest who has become nineteen (19) years old on or before midnight August 31, of a given year. Therefore, a student who becomes nineteen (19) years old after midnight, August 31, of a given year will be permitted to compete in all Association contests throughout that school year.
2. The student must be passing in all classes beginning three weeks after the start of each quarter (previous quarter grades establish eligibility for the first 3 weeks) and every Monday thereafter.
3. The parents or guardians must be bona fide residents of the GCDHS School District.
4. The student must meet MHSA physical examination requirements.
5. The student must have complied with all district requirements.
6. The student must have maintained amateur standing.
7. The student must pay the district's activity fee. (\$40 for each sport. Managers do not pay the activity fee.) The activity fee must be paid **to the school secretary before** the student is allowed to compete.

Activity Absence

Any student missing school for an activity must complete the work for the classes to be missed. It is the responsibility of the student to see that the work is obtained and completed. **All work is due upon return to class.** Work not turned in will be considered late and will follow the late homework policy.

Activity Fees

Activity fees will not be refunded for any reason except sickness or injury that causes the student to withdraw from the activity. The amount refunded will be no greater than $\frac{1}{2}$ (one-half) of the total fee and will be determined on a prorated basis with respect to the length of activity season and the length of time involved. **The activity fee must be paid before the student is allowed to compete.**

Awards

A student must be in good standing at the completion of the season to receive an award.

Appearance

Students shall adhere to the dress code policy set forth by the Board and respective activity during the duration of the activity.

Cell Phones and Other Electronic Equipment Policy 3630

Student possession and use of cellular phones, iPods, pagers, and other electronic signaling devices on school grounds, at school-sponsored activities, and while under the supervision and control of school district employees is a privilege that will be permitted only under the circumstances described herein. At no time will any student operate a cell phone or other electronic device with video capabilities in a locker room, bathroom, or other location where such operation may violate the privacy rights of another person.

Students may use cellular phones, iPods, pagers, and other electronic signaling devices on campus before school begins and after school ends. Students in grades 7-12 may also use such devices on campus during lunch period. These devices must be in the cell phone holder in each classroom and set to no sound during the instructional day. Students may use cell phones in the classroom with the permission of the teacher. Unauthorized use of such devices disrupts the instructional program and distracts from the learning environment. Therefore, unauthorized use is grounds for confiscation of the device by school officials, including classroom teachers. Confiscated devices will be returned to the parent or guardian. Students of legal age will have their device returned to them at the end of the day.) Repeated unauthorized use of such devices will result in disciplinary action.

Coaches and sponsors can collect phones, iPods, pagers, and other electronic signaling devices from student participants when they see fit, on extra-curricular trips. (Policy 3630)

Curfew

The Board of Trustees has established a curfew for athletics. Sunday through Wednesday night, curfew will be at 10:00 P.M. Thursday curfew will be at 10:00 P.M. when there is school on Friday, and 11:00 P.M. when there is no school on Friday. Friday's curfew will be 11:00 pm. Saturday's curfew will be midnight. If there is an away game and the student is back after curfew, it would mean immediate travel home. *Curfew violations will result in the loss of participation in the next weekend's scheduled events. If three contests are scheduled in the week, you will be unable to participate in the first two contests.*

Family Night

Thursday night has been designated as family night and is reserved for family activities. No elementary or high school activities are to be conducted past 6:00 P.M.

Citizenship

Students are expected to demonstrate exemplary conduct on and off campus, adhere to school and community laws, and show respect for others and their property. Students NOT in good standing concerning the regular school program will NOT be permitted to participate in activities as per policy.

Note: Students involved in criminal offenses may be suspended and/or dismissed from the team. Such acts may include, but are not limited to, arson, bomb threats, burglary, possession or use of explosives or dangerous weapons, extortion, and larceny. Information leading to the suspension of a student from an activity shall be based on factual knowledge, not hearsay.

Due Process

Once a determination that a violation of this Policy has occurred, the student and parent/legal guardian will be notified by telephone, where possible, and also by mail. The notification will include the violation and the time set for a conference with the athletic director. Any decision to suspend the student from an extra or co-curricular event may be appealed to the Superintendent. The student and/or parent/legal guardian may appeal the decision of the Superintendent to the Board.

Equipment Usage

Issued equipment and locker use belong to the associated student body. Loss of issued equipment or damage to lockers is the student's financial obligation. Until this obligation is fulfilled, the student will NOT be allowed further competition or to receive awards. Lockers are to be cleaned out weekly!

Locker Room Conduct

Locker room conduct will be guided by the following rules:

1. Show proper respect to any dressing facility.
2. Turn off all showers and pick up soap before leaving.
3. "Rough-housing" or "horse-play" of any sort in the locker room is potentially dangerous and will not be permitted.

4. Even though the above rules pertain generally to athletics, all properties used by participants are to be respected.

Physicals

Every athletic participant must have a physical before being allowed to practice.

Practices

MHSA Practice Rule: No individual shall play in any association contest until he/she has a minimum of ten (10) days on ten (10) different days (no practice is permitted on Sunday), before the date of the first allowable game. The initial ten (10) practices for each individual must be completed as a comprehensive, regularly scheduled team practice with the full coaching staff.

The first three days of football practice will be a period of acclimation with non-contact and no pads.

Travel

All participants **MUST** travel to and from activities with the team and in transportation provided for this purpose as per policy. The following rules will be enforced whenever it is necessary to travel for activities.

Except as provided in this policy, any student representing the school on an activity trip must ride an approved vehicle to and from that activity. There are four exceptions to the rule:

1. If the student is participating in another prior school activity in the same town the Superintendent may excuse the student from this requirement if it is not possible to ride a school approved vehicle to the second activity. In order to be eligible to participate in either school activity the student shall be at the place and at the time designated by the coach or sponsor.
2. The Superintendent may excuse a student from this requirement in order to keep a previously scheduled medical appointment upon a request in writing from the student's parent(s)/guardian. The student may only be released to his parent(s)/guardian and must provide a signed authorization from the health care provider indicating there is no health-related reason not to participate in the specific school activity.
3. The Superintendent may excuse a student from this requirement to participate in a church-related activity before the school activity. The student may only be released upon a request in writing from the student's parent(s)/guardian, and confirmation of their participation in the church-related activity must be received by their coach or sponsor before the student participates in the school activity. It is the student's responsibility to be at the school activity at the time designated by the coach or sponsor or forfeit the right to participate.

1. The Coach/Sponsor may release the student from the responsibility of returning from a trip with the group if a **statement of release** is signed by the parent(s)/guardian in attendance at the game/event. Athletes are not allowed to get off the bus at games with older siblings, aunts, uncles, grandparents, etc. The Superintendent, however, may make an exception if contacted by a parent before the bus departs to return to Jordan.

It is the student's responsibility to be at the school activity at the time designated by the coach or sponsor, or forfeit the right to participate.

Students representing Garfield County District High School at academic or extra-curricular events are directly responsible to the coach or sponsor. Participants will remain with their team or group under the supervision of their coach or sponsor when attending away contests. Should it be necessary for a student or students to leave the group (with their parents), coaches or sponsors must be contacted first for permission.

Refrain from misconduct of any sort while traveling to and from any contest. Remember, visiting participants are a direct representative of their community and school, and must conduct themselves as ladies or gentlemen at all times.

Ineligible students will not be allowed to participate in extracurricular activities. This will include riding the bus to away games. They will be allowed to participate in practice.

Transportation

Athletes are allowed to be picked up or dropped off at their regular bus stop if the bus trip schedule coincides with the bus stop. (Example: If the athlete lives in Cohagen, the athlete may be picked up in Cohagen on the way to the game. On the return trip, the athlete may then be dropped off at the same stop at Cohagen.

If you are interested in having your son/daughter meet the bus in a place other than the Jordan gym, please sign the bus permission form accompanying this newsletter. This permission slip will then be good for the entire school year. No bus permission slip is required for students not on a NORMAL ATHLETIC bus route. (i.e. town kids, Brusett area students etc...)

Bus Policy 8120

Students will be segregated by gender. To be equitable, positions will be rotated each away trip. Chaperones/Coaches will be seated at the middle of the bus for the ENTIRE trip. All movies shown on the trip will comply with the district movie policy. Movies with a rating greater than G, PG or PG-13 must be cleared with the Administration before showing to the students on the bus.

Managers of the opposite gender of the main team will be placed in the first seat of the bus behind the bus driver. Any violation of this policy will result in suspension and/or removal of the student(s) from the team for the remainder of the season.

Meals

On away trips during the regular season, athletes will purchase their meals. The team and coaches will decide where they will stop after the game to eat or snack. Athletes are encouraged to bring healthy snacks and sack lunches for the bus ride to and from the game.

Meals at District, Divisional, State, or National Events Activities will be provided at the following maximum rates:

Athletic Activities Meal Rates

Event	Rate per meal per student	Number of meals allowed
District	\$10/meal/student	2 meals/day
	\$15/meal/student	1 meal/event
Divisional	\$10/meal/student	2 meals/day
	\$15/meal/student	1 meal/event
State	\$10/meal/student	2 meals/day
	\$15/meal/student	1 meal/event

Non-Athletic Activities Meal Rate

State	\$10/meal/student	2 meals/day
	\$15/meal/student	1 meal/event
National	\$10/meal/student	2 meals/day
	\$15/meal/student	1 meal/event

Other Expectations: Refrain from the use of profane or obscene language or acts of vulgarity, lewd behavior, or sexual misconduct.

Note: Students involved in any of the above may be suspended and/or dismissed from the team. Information leading to the suspension of a student from an activity shall be based on factual knowledge, not hearsay.

Demonstrate courtesy, fairness and respect for activities.

NO Football or Track Cleats are to be worn inside any gym at any time!

8th Grade Participation

8th-grade athletes will receive the same treatment as HS athletes if they are brought up to play on a varsity team. In determining whether or not to bring 8th-grade students up for participation in an HS sport, the following number of participants must be met to bring up 8th-grade students: less than 16 VB, less than 16 BB. If 8th-grade students are brought up to play, the maximum number of students allowed on the team is 20. If the total will exceed 20 with 8th graders, the coach may cut only 8th-grade students until the maximum is reached. Tournament teams are capped at 12 participants by MHSAA. The coach will bring only 12 players. No players will be made manager unless approved by the superintendent due to the lack of a manager.

Policy Duration

This Policy is in effect each school year, from the first (1st) date of the first (1st) practice for fall activities until the last day of school or activities, whichever is later. The participation rules and disciplinary measures will be published annually in the activities and student handbooks.
