

Chilton County Schools Covid Policy

Chilton County Schools will continue to follow the Covid-19 guidelines per the ADPH and CDC. If a student tests positive for Covid, guidelines should be followed as listed below.

-The updated guidance recommends that the person should stay home and away from others.

-If the student is seen by a doctor, the student should follow the recommendations given.

-Once symptoms are improving overall and there has been no fever within the previous 24 hours without the use of fever-reducing medications, the student may return to normal activities.

-According to recent CDC guidelines, “once people resume normal activities, they are encouraged to take additional prevention strategies for the next 5 days to curb disease spread, such as taking more steps for cleaner air, enhancing hygiene practices, wearing a well-fitting mask, keeping a distance from others”.
