### After School Tutoring

Lohn ISD will offer mandatory tutoring and other options after school from 3:30- 4:45 pm on Tuesdays and Thursdays beginning January 31, 2023. These tutoring sessions are being implemented to address Covid learning loss, along with stressing the importance of meeting state assessment testing requirements (STAAR). In addition, these tutorials will strive for growth in literacy, improve mathematical skills and provide an opportunity to make up attendance requirements, if necessary. Transportation will be provided to the Brady Park after tutorials, with arrival at the park being approximately 5:10 PM.

Tutorials are open for all Lohn students to attend. Teachers and staff will provide additional information about specific requirements. Additionally, students that are assigned to after school tutorials are required to be in attendance.

Sincerely,  
Mrs. Rabenaldt
