READ THESE NOTES.

1. If the district is fractional, write the names of the children in each township separately under the name of the township, beginning with that township in which the schoolhouse of said district is situated. A separate statement must be made to the clerk of the several townships in which the district is in part situated, giving the number of children five years of age and under twenty years residing in that part of the district lying within their respective townships. If possible, indicate the schoolhouse.

2. If there is not space on this page sufficient to contain the names of all the children in the district, write the remainder upon the back of this page. (If these blanks have not been furnished you, apply to your commissioner.) The ages of the children must be given as they are on June 1, 1917. A child removed from the district during the fifteen days preceding June 1, 1917, is not to be included in the census.
