

October 2025

CHECK IT OUT!

News from the JMS Library

Volume 5, Issue 3

Reading Challenge Update

Students participating in the Reading Challenge explored non-fiction books in October. They created bookmarks and reviews to inspire others to read these titles. Keep turning those pages, readers!

Super Readers Spotlight

September honors went to Cora Lewis, Jason Harper, and Josie Stone, while October honors went to Owen Volpe, Chloe McKee, Liam Harrison, and Jerry Thomas. Congratulations to these students!

Adopt-A-Shelf Update

Since September, 14 shelves were adopted and 58 books were circulated from those shelves! Way to go, readers—let's keep it going!

Time Travel Adventure

What happens when collaboration, curiosity, and science collide? Students become time travelers! Mrs. Grier's students were "hired" by a travel agency that sells trips through time. Each student was assigned a period of geologic time to explore. They began their research using books and then expanded their learning by exploring reliable online sources to uncover fascinating facts. Once their research was complete, students became fossil experts by matching and identifying fossils from various time periods. They wrapped up their journey by creating a PowerPoint, poster, or brochure to show off everything they learned—no time machine required! Check out the photos below of our time travelers hard at work.
