Our Mission:

**Did you know close to 1 in 5 children across the U.S. aged
3 – 17 years old have mental health concerns (CDC, 2021).
The mission of this council is to support children, families,
communities, programs, and systems with early identification
and intervention, facilitate access to mental health care, and
coordinate efforts to promote healthy development of
children and families.
We invite you to join our efforts in supporting this mission!**
