7:30 AM- 3:00 PM

Congratulations, Jazlynn Chavez, for winning the district NOVA essay contest. We are so proud of you!

We Want your Feedback!

PBIS Family Survey – School Climate and Culture

We are revamping our PBIS program. This is how we teach expectations of respect, responsibility and pride. Since we only received 9 parent responses, we have opened it again through 4/12/22. Please help us by giving your feedback!

<https://www.pbisassessment.org/Anon/i9410DFf3m0>

State Testing continues in grades 3-6 through Friday, April 22nd. We appreciate your support by getting your kids to school on time, ensuring they get plenty of sleep and a healthy breakfast, and encouraging them to do their very best. We are proud of their efforts!

Please help us welcome our **new Office Assistant**, Brecklin Grenert. Mrs. Grenert was born and raised in Henderson, Nevada and then spent 7 years in Northern California. She has been a part of our Coyote family for a year as a parent and comes to our staff with that perspective. Mrs. Grenert and her husband have 2 girls, 2 dogs, 1 cat and 2 hermit crabs! Her family enjoys boating, water skiing, RazR riding, and traveling. She is an organizer and will serve as our PTO Vice President next year. Her passion is being a positive influence and making an impact on students in some way. She is already making a difference here at Havasupai! Please come say hi and welcome her to our Coyote pack!

Upcoming Events

4.4- STEM Club/Kindness Club/PACE 2:30-3:30

4.11-PACE Graduation @ LHHS

Nolan Harrington
Zahdy Ramirez
Hannah Bernal
Kal-El Cancela
Isabella Tiznado
Mathew Romero
Avery Chipman
Jaydyn Wilder
Alyson Malone
Elijah Kovalchick
Rylee Dwyer

Hello everyone, spring is in the air! So are allergies! There are many different allergy medications that can be purchased over the counter. They help with allergies pretty well unless your child has hay fever or severe allergies. I would also like to talk about Scorpion Weed. It is a lot like poison ivy. When you get it, it's very itchy and you get a rash. Treatment is Calamine lotion and hydrocortisone cream. Another common issue here in Lake Havasu is Swimmer's Itch. This is a rash and is very itchy. It is like a parasite, but dies. It is caused from bacteria in the water. Treatment is Calamine lotion and hydrocortisone cream or Benadryl.

April has many National days to observe:

Occupational Therapy Month

Autism Awareness Month

Stress Awareness Month

Child Abuse Awareness Month

There are many more but I can only name a few. Easter is April 17th as well! I hope everyone has a safe holiday!

Earth Day is April 22nd! Theme: Invest in our Planet

Clothing Donations are still welcome, sizes 7/8 and 10/12 are mostly needed.

Thank you to all who have donated!

Immunizations reminder: Tdap and

Meningococcal Vaccines are due at age 11.

Please get these done ASAP. I have sent letters and fliers home to those who need to have them done. Thank you to those who have completed this!

Everyone have a great month!

Counselor's Corner

We are over half-way through our toolbox tools and getting better at using them every day! Here are the ones we have completed since last time:

Personal Space Tool = I have a right to my space and so do you. Our personal space “bubble” gets larger and smaller depending on how we are feeling, who is around us and what is comfortable for everyone.

Don't be a personal space invader!

Using Our Words Tool = I use the “right” words, in the “right” way, at the “right” time, for the “right” reason. Words are very powerful and can be helpful or hurtful, so think before you speak. Remember what Thumper's daddy told him, “If you can't say something nice, don't say anything at all.”

Garbage Can Tool = I let the little things go. Sometimes if others are just being rude or teasing or doing things like making a mean face at you, those little things should just be thrown in the trash. Take back your control of how you react – just let the little things go and move on. Don't sweat the “small stuff”.

Taking Time Tool = I take time-in and time-away. If a situation is getting out of hand, take some time away and get some space and time to cool down. Think about how you want to respond to the person or situation to try get the resolution you want. Use your Breathing tool and your Quiet/Safe space tool to take a break and get control.

Happy Spring

P.A.W.S Reading Program
Precious Animals with Students

This program gives students grades 1st-4th the opportunity to read to trained dogs, with parent consent.
