

Category III Non-Public Online Schools

To be an acceptable online non-public school for students who reside in Tennessee, the school must accept Tennessee students and meet the requirements for a Category III non-public school in Tennessee, including accreditation by one of the regional accrediting agencies listed below:

1. Cognia (formerly AdvancED, SACS)
2. Middle States Association—Commission on Elementary and Secondary Schools (MSA-CESS)
3. New England Association of Schools and Colleges (NEASC)
4. Western Association of Schools and Colleges (WASC)
5. Any accrediting association recognized by the International Council Advancing Independent School Accreditation (ICAISA) including, but not limited to, the Southern Association of Independent Schools (SAIS)
6. Any accrediting association recognized by the National Council of Private School Accreditation (NCPSA)

This is a **complete list** of approved Category III non-public accredited online schools. Students must be enrolled in the school’s full-time school program. Part-time enrollment or use of only the school’s accredited curriculum does not comply with compulsory attendance and requires registration for independent home school or enrollment in a home school umbrella program.
