

USE OF STUDENTS IN PUBLIC INFORMATION PROGRAM

Category: R

One of the strongest links of communications between the District and the public is the pupil in the classroom. Failure to provide parents with appropriate information may lead to misinformation about the schools.

It is the responsibility of the school administration to see that information regarding school activities, programs, and organizations is properly disseminated to parents.

The school administration shall take reasonable steps to ensure that the use of students as couriers is limited to carrying information about the school system, or a particular school, except as specifically provided in the following paragraph. School information may include publications, newsletters, notices, or other printed matter published under the name of the District, the individual school, or the recognized parent/teacher group.

Information published by the District, individual school, employee organizations or unions, recognized parent/teacher groups, or non-school groups which advocates a particular position on bond issues, political matters, labor relations issues, or District budgets will not be distributed through the use of students as couriers.
