**FROM THE OFFICE OF THE PRINCIPAL
CHRIS MCCOOK**

Dear Warner Robins High School Family:

Welcome to Warner Robins High School! The 2024-25 school year is full of promise and excitement.

One of our goals at Warner Robins High School is to connect with our community, parents, and students. We want you to feel at home and part of our family. This handbook contains information designed to be helpful to you as parents and students, and to ensure the success of our students and our school. Optimal academic performance is dependent upon the foundation of good order and discipline, and character development is fostered as high standards are expected and maintained.

We ask one thing from our family members in Demon Nation and that is to give your absolute best each and every day. I assure you that this faculty and I will give our absolute best and expect nothing but the best from your child. One way to ensure that this is taking place is to have an open line of communication. You will receive phone calls from my office and our faculty about what is going on with your child's academic performance as well as events that are going on at WRHS. You can also connect with us on various social media sites such as Facebook, Instagram, Twitter, and our school webpage. Our success as a school and a family will depend largely on our willingness to set high standards in and out of the classroom.

Remember this is your school—Take pride in it! Since 1944, Warner Robins High School has built a tradition of excellence. Many students before you have traveled these same halls and classrooms preparing for success in all phases of life. Keep this tradition alive and strong. High school is about making memories; get involved and make memories.

WE CAN, WE WILL, WE MUST.... CHANGE LIVES

Sincerely,

Chris McCook

Principal

HOW TO SUCCEED DAY ONE IN DEMON COUNTRY

TIME MANAGEMENT: You know the deal: There are just 24 hours each day. What you do with that time makes all the difference. High-school students average 35 hours per week of class time. It is important that you connect with your school and get involved with extracurricular activities. If you don't already, start using a daily planner. Get Organized.

GOOD STUDY HABITS: If you've got them, great. If not — well, there's still time to develop them. Good study habits include these basics:

- Always be prepared for class and attend classes regularly.
- Complete assignments thoroughly and in a timely manner.
- Review your notes daily rather than cram for tests the night before.
- Set aside quiet time each day for study — even if you don't have homework or a test the next day!

SET GOALS: It's important to set goals and be determined to reach those goals. Both parents and students should have high standards and expectations. WE at WRHS have the highest expectations for you and WE BELIEVE IN YOU.

PAY ATTENTION: Listen to your teacher and stay focused. Be sure that you understand the lesson. If you don't understand something, *ask questions!* You've heard it before, but "the only dumb question is the one you don't ask" is absolutely true. If you've been paying attention, it definitely won't be a dumb question.

GOOD NOTE TAKING: Be sure to validate yourself after a test by going back over your notes to see if your notes contained the answers to questions asked on the test. If not, you need to ask to see a classmate's notes or check with the teacher for help on improving your note-taking.

DAILY REVIEW: Don't wait until the night before the test to review your notes. Go over your notes each day while the lecture is still fresh in your mind. Add any missing pieces. Compare your notes with a classmate's notes. This isn't cheating — it may even be mutually beneficial. Review your notes each day to reinforce your learning and build towards your ultimate goal: MASTERY of the subject or skill.

MOTIVATION: You need to be motivated to learn and work hard, whether or not you like a specific subject or teacher. Self-motivation can be extremely important when you aren't particularly excited about a class. If you must, view it as an obstacle you must overcome. Then, set your mind to it and do it — no excuses. Success is up to you! Together we can do anything!

WE CAN! WE WILL! WE MUST! CHANGE LIVES!

FREQUENTLY ASKED QUESTIONS

WHAT DO I DO IF I...

1. HAVE BEEN ABSENT?

If you have been absent, you must bring a written excuse from your parent stating the reason for your absence. This written excuse is to be turned in to the attendance office. The original notes will be kept on file in the attendance office. These will be needed in the event of an absence related discrepancy. This written note must be brought to school within 3 days after the absence and must contain the following information:

Name of Student
Date of Note
Date of Absence
Reason for Absence
Parent Signature
Phone Number of Parent

The State Board of Education policy allows only the following circumstances as excused absences.

Personal illness
Death or serious illness in the immediately family
Recognized religious holidays
Absences mandated by a governmental agency
Conditions which render school attendance impossible or hazardous to the student's safety and health
Students who serve as a page in the General Assembly

All other reasons will be classified unexcused. When 5 unexcused absences have accrued, the student is considered truant, and the parent must come to the school to sign a truancy contract.

2. NEED TO LEAVE SCHOOL EARLY?

A written parent request must be made before permission will be given for a student to leave campus early for any reason. The written request must be taken to the attendance window prior to the beginning of the school day. All notes requesting an early dismissal must contain the full name of the student and a telephone number where a parent may be reached for confirmation. At the time of the dismissal, the student must sign out at the attendance window.

Appointments should be arranged for after school hours when possible. Remember that each teacher keeps individual attendance. Students must provide verification from their doctor or dentist in order for school time missed to be counted as excused. **It is imperative that students keep a copy of the appropriate documentation, (doctor's notes, early dismissals, etc.) to use during an attendance discrepancy. It is the student's responsibility to prove all absences were documented excused. Notes written after the third day grace period will not be accepted.**

3. TARDY TO SCHOOL/CLASS?

Tardy to school will be defined as arriving to school at 8:00 AM or later. Any student arriving to school after 8:00 AM must report to the attendance window to sign-in for the day. Failure to sign-in could result in disciplinary action. It is the responsibility of the student to turn in all tardy notes to the attendance office.

Excused Tardies: Students will not be penalized for excused tardies up to 5 times. After the 5th excused tardy, the student may be required to bring medical documentation or the tardy will be classified as unexcused. The guidelines for excused tardies will be the same as for excused absences. Administrators may use discretion in dealing with extenuating circumstances.

Unexcused Tardies: Administrative consequences will be served, ranging from administrative detention to being referred to the Student Review Committee for long-term suspension/expulsion.

Unexpected emergencies such as a flat tire, car trouble, overslept, etc. must be accompanied by a signed parent note. Students must produce a note within 24 hours or this tardy will automatically become unexcused. Students will only be allowed one of these “emergencies” per semester.

Tardy to Class procedures are posted in classrooms; be sure to familiarize yourself with the rules. Tardies to class are disruptive and will not be tolerated. Parents are contacted through the automated phone system if their student is tardy to any class.

If a student misses one half or more of a class, they are counted absent. Any student arriving to 1st and 7th period over 10 minutes late (without an excused note), will receive a tardy and be referred to the appropriate administrator for skipping.

4. NEED TO USE THE PHONE?

Office telephones are to be used only with the permission of office personnel. *Students will not be permitted to leave class to use the phone.* Students using the office phone must sign the phone log.

5. ARRIVE AT SCHOOL EARLY?

The school building will not be officially open to students until 7:15. Students need to remember that once they step on the campus or board a school bus, they are considered to be officially at school. Any student who leaves campus for any reason without following the appropriate check-out procedures will be subject to disciplinary action. This rule applies even if you leave before 1st period starts.

6. REMAIN AFTER SCHOOL?

School ends daily at 3:00 PM. Students must leave the building by 3:30 PM. Students are strongly encouraged to participate in extracurricular activities; however, students who are participating in activities should be in the area of activity. Students should not loiter in the building or in other unsupervised areas. Parents are encouraged to pick students up at the end of the school day. General supervision of students will end daily at 3:30 PM.

7. HAVE LOST SOMETHING?

Students who lose, misplace, or feel they have had something stolen, need to report the incident to school personnel immediately. A lost and found area is located in the front office. All misplaced textbooks that are turned in or found by faculty members will be returned to the appropriate department chair. Students are responsible for all items issued to them by the school.

8. NEED TO SEE MY COUNSELOR?

The counselor is one of the most important individuals a student can get to know in a high school. Counselors are directly responsible for student schedules, post-secondary information, personal counseling, student records, etc. An appointment is needed if you need to see a counselor. This appointment can be made by email or phone.

Emergency situations will be addressed at any time. Students, who have a personal emergency and need to see a counselor during the class time should request a pass through smart pass. Because counselors are involved in testing, classroom guidance, registration, etc., emergency situations are handled on an on-call basis. Students who have conflicts with other students should see the counselors. Many times conflicts can be resolved with minimal disruption if school personnel are made aware of the problem early.

9. HAVE FORGOTTEN SCHOOL RELATED MATERIALS/PROJECTS IN MY VEHICLE?

Students are not permitted in the parking lots during the school day for any reason. In situations where it is imperative for the student to get an assignment from the car, the student should get a pass from the front office personnel. Security personnel have been instructed to check any student in the parking lot during the school day.

10. NEED TO KNOW ABOUT CLASS PROGRESS?

Report cards are issued and credit is granted every 18 weeks at the end of each semester. Progress reports are sent home every three and six weeks. The dates for progress reports are approximately:

Parents requesting permission for their student to check out of school will go through the attendance clerk. These dismissals will be excused or unexcused, and the same regulations will apply to graded and make-up work as far as daily absences.

Students who are under a doctor’s care and require medication during the school day need to report this condition, with the appropriate medical documentation, to the Med Tech’s office. All prescription medication must be housed in the Med Tech’s office and can only be administered by approved personnel. Students should not have any type of medication on their person. The Houston County Board of Education has approved the establishment of an In-School Suspension (ISS) program for those students who exhibit any disruptive behavior that interferes with the effective learning of other students. School administrators may remove a disruptive student from regular classes without eliminating learning opportunities while the student alters the unacceptable behavior pattern.

Any student who continues to display disruptive behavior while serving an ISS assignment will be suspended home. The suspension will be separate from, and in addition to, any days already served in the ISS program. Parents will be contacted by phone or letter when a student is assigned ISS.

Any absences during an assignment to ISS will be made up before the student returns to his/her regular classroom. Students will bring basic learning supplies (including all textbooks and folders), will do assigned work quietly in their seats or wherever appropriate, will show respect for themselves and others, and will obey all school rules and regulations. Once a student is assigned ISS, assignments must be completed before the student returns to the regular classroom.
