

Academics

Lower School

K–5th Grade Overview

At Master's Academy, our K–5 program lays a strong academic and spiritual foundation through the Master's Approach to Christian Education. We intentionally prepare students for a confident transition to middle school by nurturing both their minds and hearts within a Christ-centered environment. We are committed to educating the whole child—spiritually, intellectually, socially, and physically. Our well-rounded curriculum blends rigorous academics with meaningful experiences in the arts, athletics, and other enrichment areas, allowing students to thrive across multiple dimensions of growth.

Biblical truth is seamlessly integrated into every subject and classroom experience, helping students develop a Christ-centered worldview. We affirm that each child is uniquely created by God with a divine purpose and is called to live with responsibility, integrity, and self-governance. This belief shapes both our academic expectations and our intentional focus on character development, guided by the Holy Spirit.

With small class sizes, our teachers are able to offer personalized instruction, foster meaningful relationships, and meet the individual needs of every student in a supportive and nurturing environment where each child is truly known and valued.

Daily instruction includes core subjects such as Bible, Reading, Spelling, Writing, Math, Science, and History. Students also participate in hands-on enrichment classes—including Music, PE, Art, Spanish, and STEM—taught weekly by specialized instructors. These engaging opportunities help students discover their God-given talents and reach their full potential.
