Franklin County Schools District 1:1 Handbook

This contract handbook has been developed for students and families attending Franklin County Schools who participate in the *One to One Chromebook Initiative*. This is part of the Franklin County School Board's goal to initiate e-learning in the Franklin County School District. This e-learning initiative will allow access to textbooks and related materials through the use of technology. The district will loan a chromebook to each student for the duration of the school year per the chromebook policy. The student is expected to maintain the device and use it as required by the Franklin County Board of Education and the teachers to improve learning opportunities and experiences. The following pages outline the district's expectations for safe and effective use of the chromebooks through this initiative. Students and parents/guardians are responsible for reading and implementing all the policies found in this handbook.

Chromebook Checklist

1. Chromebooks are the property of Franklin County Schools and are to be used **ONLY** for school related work. School related work refers to any assignments made by the students' teachers including but not limited to homework, research, projects, PowerPoints, etc.
2. Chromebooks are loaned to each student upon the completion of the attached contract being signed and returned.
3. Students are to comply with all rules, policies, and expectations at all times to retain eligibility to borrow a Chromebook for school use and work.
4. The student **DOES NOT** have permission to access **games, movies, music, television, or shopping sites** on the loaned chromebook because these are not school work activities. The loaned chromebook is subject to monitoring of use and the search of contents at any time, thus there can be no expectation of privacy.
5. As stated in the FCS Board Policies, compliance with the Acceptable Use Policy (AUP) is required of all students.
6. Students/parents/guardians assume and accept full responsibility for the safety, security, use, and care of the borrowed chromebook, charger and assigned case.

7. Lost, stolen and/or broken chromebooks and chargers must be reported to the proper authorities including personal insurance and school personnel within 24 hours. The student is financially responsible for the cost of replacing the borrowed chromebook and accessories in a timely manner.
8. A user's right to use and possess the borrowed Chromebook terminates no later than the last day of the stated school year unless terminated earlier by FCS for non-compliance of rules or withdrawal from actively attending a Franklin County School.
9. Students are **REQUIRED** to take the chromebook to each class each day with a fully charged battery. It is the student's responsibility to charge the chromebook each night. Failure to charge the chromebook will result in the student being unable to participate fully in all daily educational opportunities.
10. Users must respect the intellectual property rights of others by crediting sources and following all copyright laws.
11. Students are to treat this equipment with as much care as if you had purchased it with your own money.
12. The chromebook is borrowed/loaned and must not be changed in any way including the outside case appearance as well as the operating systems. No personalization is allowed.
13. No one but the assigned student is allowed to use the chromebook. The chromebook is on loan to a specific student for school work only. The chromebook and assigned accessories must remain in the possession of the assigned student at all times.
14. Identifying tags including the serial number tag and FCS asset tags must remain undisturbed on the Chromebook. FCS schools will keep records and inventory all Chromebooks and accessories each year.
15. Each student is responsible for the specific chromebook loaned to him or her.
16. If a student's chromebook is confiscated for inappropriate use, students will be given the opportunity to keep up with their work. Teachers will work with the students to provide accommodations to assist students in not falling behind in their assignments. This may consist of paper copies or instructions to use a personal device at home or whatever other methods the teacher and student agree to use.
17. Students are responsible for the cost of any chromebook that is lost, damaged, or stolen. This includes the actual chromebook, chromebook screen, keyboard and charging cord. Charges for any losses, damages, or thefts will be determined on an individual basis.
