

FOR DISTRIBUTION

Superintendent Search Committee SAU 7

Meeting 1 Summary

October 12, 2023

The SAU 7 Search Committee met for the first time and outlined their next four meetings. They reviewed the responses from the Bryan Group, FIT Survey, that was given to all SAU 7 School Board members, SAU staff, and school administrators. Members reviewed and discussed 6 draft roles and 7 competencies, based on those responses, that will be used in evaluating Superintendent candidates. They were introduced to functional and dysfunctional leadership categories and discussed those attributes which would best fit the SAU.

At the next meeting, the members will finalize and approve a survey for the public and school community to seek respondent priorities of their efforts. It is hoped that the survey will be distributed by Oct.23.
