

Update of activities performed

- Received 2 quotes for a new walk-in freezer: CCR Supply-\$36,452.41
Restaurant Design Equipment & Supply:\$37,425.00
Removal and installation price could go up depending on possible issues they may come across.
- Was able to get our e-sport computers, which were installed in Hebron, back to Glen Ullin to allow the students to participate here rather than driving them to Hebron.
- Sam, our newest janitor, is doing an excellent job. I have heard no complaints or issues with the tasks she has been performing and she is eager to take on different roles that are needed. The other janitor we hired starts on January 6th. I feel the janitorial duties at the school will be completed in a much more timely manner and done well after both are here.
- We spent much of December assisting the music teacher setting up for the Christmas show.
