Dear Families of Kings Chapel Cougars:

The 2022-23 school year is here! On behalf of the Kings Chapel Elementary staff, I would like to welcome everyone to a school year filled with exciting learning opportunities and fun events sure to make this year special. We are committed to providing the best possible environment for our students and will do our best to make sure the Kings Chapel community is proud of our school and is a partner in our shared commitment to student success.

At Kings Chapel, we feel communication with our families and opportunities for participation are a large part of what makes our school great. Some of the ways we will share school information with you is through weekly phone calls from me, a monthly newsletter, and student Wednesday folders. You can also keep up with school news online through our Facebook page, school website, and frequent Class Dojo posts. Scan the QR codes at the bottom of the page with your device to visit these sites. Of course, anytime you have a question, you can always call the school or me directly at 478-988-6273.

Many opportunities for parent and family participation will be available throughout the year. School Council meeting dates will be posted to our website and our PTO is always looking for volunteers. Events such as holiday lunches, grade level programs, Spring Fling, awards programs, and Field Day are all chances for families to join us at school. Parent University is another way we include parents and provide insight on what's happening at school. This series of informational nights is scheduled for parents to learn more about our instructional activities and various programs. Your participation in our fundraisers is also encouraged and important to our school's success.

Our theme this year is "We're Blasting Off with Books!" This fun, space centered theme will help our students "reach for the stars" with their reading this year. The theme continues our emphasis on literacy and reading at Kings Chapel because we know it is the foundation of all student learning. As always, you can help by reading to your children at home, talking with them about the books they read at school, and encouraging them to achieve their reading goals. It's going to be an awesome year at our school! Thank you, in advance, for your support of Kings Chapel.

Sincerely,

William Ray
