NOTES:

1. Materials used for all courses listed are provided by the Holm Center (HQ-AFJROTC).
2. Leadership Education (LE) which includes Drill, Aerospace Science (AS), and Wellness are blended within each course, to provide a 40% / 40% / 20% mix (2 days LE, 2 days AS, and 1 day of Wellness per week on avg).
3. First, Second, and Third year cadets are enrolled in blended classes for LE/AS classes (AFJROTC I-II-III).
4. Forth year cadets and selected seniors entering into their second or third year of JROTC are enrolled in AFJROTC IV.
5. Class sizes are determined by SASI/ASI.
6. Unit GA-20062 is authorized to vary the above by teaching different LE/AS pairing and/or by grouping different levels of students within classes (from integration of all class levels to teaching each level of LE/AS separately).
7. Only authorized supplemental materials that supports the curriculum will be used such as related videos, news articles, exercises, games, etc. (A waiver letter must be on file if outside textbooks are used).
8. * - During JROTC II and III years, first year cadets receive an introduction to LE-100 Chapter 1, while second and third year cadets receive a review/reinforcement of the same material.
9. * - Instructors may vary the flow of Chapters/Lessons and not necessarily teach lessons sequentially.
