Time fades everything...
except what we collectively value...
and choose to recall.

Welcome to the 2024 Santa Maria High School Athletic Hall of Fame inductee celebration. Thank you for joining us on a historic journey back in time as we collectively reflect on our athletic legacy. We appreciate your support as we gather to honor our current inductees and look forward to future inductee celebrations.

MISSION

To inspire future athletes, coaches and teams to reach higher levels of athletic achievement.

BELIEF

As a core foundation of the athletic legacy of our school and communities, we reflect on our athletic tradition that is built to last. As the Santa Maria High School Hall of Fame committee, we collectively believe that participating and coaching in high school athletics, has life-long benefits with lessons that become core elements in the development of our personalities and commitments to our families and careers. We believe that athletic training, competition and related experiences, regardless of the level of success or achievement, will never stop transforming our lives and contributing to who we are as individuals. For coaches and athletes who reach a high level of athletic achievement, there is a level of responsibility to model and set examples for others to follow. As time passes, it gets easier to forget our past success and harder to recall the amazing pathway of our athletic legacy. We believe it is vital to our future success in athletics, to recall, highlight and honor the athletic achievements that we all commonly respect. Understanding the level of commitment that leads to a high level of athletic achievement will guide our evaluations leading to future inductees. We are committed to the evaluation and selection process that leads to celebrating the athletic achievements and related legacy of our athletes, coaches and teams.

INTENT

The intent of Santa Maria High School Athletic Hall of Fame is to honor and reflect the success and achievement surrounding our school's athletic legacy of the past 130 years, and to tell the stories that highlight the journey and contribution of our individual athletes, coaches, teams, cheerleaders and community supporters. Our vision is to leverage the story of each Athletic Hall of Fame inductee to inspire others to set a higher level of commitment, leading to a higher level of athletic achievement. The opportunity to pay it forward to those who are inspired by the Santa Maria High School Athletic Hall of Fame inductees, is the core intent and purpose of recognizing and honoring individuals and team achievements.

CAPPY HARADA

1936 - 1940

Tsuneo Paul "Cappy" Harada was an outstanding athlete at SMHS. He lettered three years in football, four years in basketball, one year in track and two years in boxing and wrestling. Cappy's post high school athletic career came to a halt with the start of WW II. He joined the military intelligence service, where he served for ten years.

During WW II much of Japan was destroyed. After the war, Cappy was assigned to work under Major William Marquat. Cappy was put in charge of rebuilding Japanese sports programs, mostly baseball, to help rebuild the morale of the Japanese people. Later Cappy became the special assistant to Tokyo Giants manager Shigeru Mizuhara. He helped guide the Giants to four straight Japanese Baseball League (JBL) championships and pioneered a two-league format and World Series-style playoffs in the JBL.

In 1965, Cappy was named general manager of the Lodi Crushers, a Class A minor league team in the California League. This was a first for a US born person whose parents were immigrants from Japan. Cappy was named Executive of the Year in 1966.

Cappy worked for the San Francisco Giants for 23 years as a special assistant in scouting and player personnel. His work in player development, business operations and Trans Pacific scouting made him instrumental in introducing Japanese professional baseball players into America's Major League Baseball. He is credited with signing the first Japanese player to a Major League Baseball contract, left-handed pitcher Masanori Murakami. He also referred several college age Japanese ball-players to Alan Hancock Junior College baseball team. In 1979 Cappy was appointed Washington State Athletic Commissioner.

Locally, Cappy was heavily involved in the Annual Alan Hancock Junior College "Hot Stove" dinner fundraisers. This fundraiser brought many pro athletes together to raise funds for the Alan Hancock Junior College baseball team. Some of Cappy's personal friends that attended this fundraiser were Pete Rose, Fred Lynn, Joe DiMaggio, Dusty Baker and long time coach and player Leo Durocher.

Mark Hicks was an undersized lineman. He was not very tall and only weighed about 200 pounds. One of Mark's long time teammates from SMHS all the way through Chico State described his playing ability like this, "Mark was shorter than most lineman but he was extremely fast and naturally strong. He could get up underneath the defenders pads and move them anywhere he wanted to."

KIM ALAN KIRCHHOF

1970 - 1974

Kim played football and basketball at SMHS. He was a 1st Team All League selection his junior and senior year on the Saints basketball team. He was also team captain his senior year, where the Saints went on to win a league basketball championship.

Although a very good basketball player, most of Kim's athletic highlights would be made on the football field. During his junior year he was a member of the undefeated 1972 SMHS Saint football team that made it to the division championship game, only to lose 16-15 to Los Altos.

During Kim's senior year of football he was team captain and he was selected 1st Team All League defensive lineman and tight end. He was voted the leagues Most Outstanding Lineman. He was selected as an All CIF Defensive Lineman and was chosen to play in the Shriners All Star Football Game in the Rose Bowl.

Kim will now join his younger brother, Jan Kirchhof in the SMHS Hall of Fame.

ATHLETE

EUGENE "GENE" LENZ

1951 - 1955

Gene swam for the Saints and was known as one of the areas top swimmers. He was a four year letterman for the swim team. He was a member of the 1954 Saint swim team that placed 5th in CIF. Back then CIF only had one division and it included all schools small and large, so a 5th place finish was a very high ranking for the SMHS swim team. In 1955 Gene was the teams high point man for the season. His teammate, SMHS Hall of Fame member Karl Bell said, "he, Gene and a couple other swimmers would always put in the extra work after practice, which paid off in their CIF finish."

Gene then attended Cal Poly and swam for the Mustangs from 1956 to 1959. He was a dominating force in the California State College Swimming Championships. Gene won titles in three different events for four consecutive years. Gene also held 14 individual records while at Cal Poly and became Cal Poly's first All-American swimmer.

Gene went on to compete in the 1959 Pan American Games and placed 3rd in the 400 freestyle. He also swam the 400 freestyle in the 1960 Olympic Games held in Rome, placing 7th. In 1987, Eugene Lenz was inducted as a charter member of the Cal Poly Athletics Hall of Fame and the Hall's first swimming inductee.

After his swimming days were over, Gene remained close to the Cal Poly aquatics programs in many ways. He was highly involved in fundraising for the Cal Poly swimming and diving teams. Some of these funds were used in establishing the first ever scholarships to student athletes of Cal Poly's aquatics programs.
