2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Delta is a continuation high school that maintains high academic standards in a nurturing and positive learning environment. The faculty and staff support all students in finding success in working towards graduation and preparing for life after Delta. As students progress academically, they are often surprised by the accompanying growth in maturity and success in relationships and extracurricular life.

The campus is clean and safe, and the current facility was remodeled and expanded in 2010. Delta strives to maintain a 25:1 student-to-teacher ratio in its regular programs. The school takes justifiable pride in its distinguished and lengthy history of

2024-25 School Description and Mission Statement

being recognized as a California Model Continuation High School.

Upon enrollment, each student is assigned a teacher advisor who supports them in all aspects of their high school program. In addition to core classes, students have the option of enrolling in self-paced courses, accessing online classes, completing concurrent enrollment classes at Allan Hancock, or completing classes through our Career and Technical Education Center. Delta High School is also at the leading edge in offering innovative curricula to students with our primary aim of graduation, higher education, or vocational success in a post-secondary environment. Students may graduate from Delta High School with a fully accredited (through the Western Association of Schools and Colleges) diploma or in specific cases, return to their home school if established criteria are met.

Of course, the importance of family involvement in a student's education cannot be overemphasized. Students need parents' active support and participation in their pursuit of a high school diploma and Delta prides itself in our numerous opportunities for family involvement and the close connection the school maintains with our parent and community partners. Parents can contact staff by phone, email, or in person to access help or keep up-to-date on progress through the program. Parent conferences are welcomed and encouraged.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

SMJUHSD provides standards-based aligned textbooks for all students. The textbooks are adopted from a state-approved list. Every student has access to their own textbooks and instructional materials, including English Learners.

Textbook selection is a collaborative process. Textbooks are selected through content area department meetings at the District level. State approved textbooks are evaluated by certificated staff (who teach that specific area content) to determine which one best meets the needs of all students in the district. The selection is then sent to the Board of Education for approval.

School Facility Conditions and Planned Improvements

Delta High School sits on a two-acre lot surrounded by homes. Delta High School's new campus opened August 2010. The school is comprised of three one-story buildings containing 13 classrooms, a career center, administrative offices, storage spaces, restrooms, and a multipurpose room. The three buildings total 17,138 square feet.

There is a large grass field on the north end of the campus. The south end includes a basketball court, an additional smaller grass field, parking, student garden, and a maintenance equipment storage building.

Daily custodial support is provided by one employee shared between this site and Ernest Righetti High School. Large cleaning projects are performed by crews from the comprehensive high schools. Grounds maintenance is provided by Ernest Righetti High School grounds crew. Building maintenance is provided by the Ernest Righetti High School maintenance crew as well as the District maintenance crew.

Staff members are outside supervising students during any class activity as well as during arrival and departure from school.

Although the State discontinued the State School Deferred Maintenance Program, the District continues to set aside funds in a restricted account to address expenditures for significant repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, and floor systems. For the 2023-24 fiscal year, the District spent \$507,743 on deferred maintenance. In addition, for the 2023-24 fiscal year, the District spent \$5.335 million in Routine Restricted Maintenance expenditures (California Education Code Section 17070.75), which amounts to 2.8% of the District's General Fund expenditures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2023-24 Career Technical Education Programs

At its heart, Delta High School supports a career and technical education outlook within all of our course offerings. However, Delta offers a variety of Career and Technical Education, concurrent enrollment opportunities, and college and career-ready courses. We have two certified CTE teachers in Graphic Arts and Video Game Design and offer additional on-campus classes in College and Career Readiness and College Now!

Students can access additional CTE opportunities through dual enrollment at the comprehensive sites and are welcome to the complete course offerings at the Mark Richardson Career Technical Education Center and Agricultural Farm.

Students are encouraged to take CTE classes as electives along with their required course schedules by the counselor. Students are placed in CTE courses in sequence whenever possible and students are encouraged to talk to the teachers involved in CTE courses. Students in the Graphic Arts and Career Exploration classes are using writing prompts used in the English rubrics when they write essays in the Career Technical area. All communications, formats, reports, letters, memos, e-mails, and online projects are checked for grammar, punctuation, spelling, correct usage, and sentence structure. Project mastery is the method used to confirm competency.

Each student has a student profile which is initiated when the student enrolls at Delta High School. If the student has an existing profile at the comprehensive site and it is available to the Career Center Technician, it is continued and upgraded as

2023-24 Career Technical Education Programs

student progresses throughout high school. Students also have access to guests and speakers from all industry sectors who are brought into the Career Center to support students in their directed interest field in the relevance of their career choices and educational planning.

Krista Herrera, Assistant Superintendent of Curriculum and Instruction, is the District career technical advisory committee representative and Paul Robinson is the CTE Director.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents may participate in organized committees such as the School Site Council, Parent/Teacher/Student Committee, or the English Language Advisory Committee. Each committee meets approximately 4 to 6 times a year. Parents may also volunteer to help in the classrooms, during field trips, athletic events, clubs, and as tutors.

For additional information or to volunteer please contact Principal Nate Maas at (805) 937-6356 x1700 or nmaas@smjuhsd.org

2024-25 School Safety Plan

Delta's Safe School Plan is revised annually. Standard response protocol drills including earthquake, fire, evacuation, and lockdown drills are held monthly. Administration and the office staff have access to a two-way radio for immediate communication. The administration also has access to cell phones to expedite communication with the District Office in case of
