
Tatum ISD Out of District Transfer Guidelines

Tatum ISD

The Tatum ISD Board delegates to the Superintendent the authority to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language. The Tatum Independent School District may admit students who live outside the District boundaries. Tatum ISD reserves the right to accept or reject transfer requests on an individual basis in accordance with Board of Trustees policies FDA (Legal) and FDA (Local).

Tatum ISD accepts transfer applications for students living outside the boundaries of the district each year. The district does not currently charge a tuition fee.

The District does not provide bus transportation for transfer students.

Out of district transfer applications are valid for one school year. A new application must be submitted each year. District approval of this transfer creates no right or expectation that another student from the same family will be admitted as a transfer.

Transfer requests must be approved by the campus principal and the Superintendent.

Transfer Request Timeline

It may be after the first week of school for Kindergartners to be notified, depending on space availability. Applications received once the school year has started will be notified as promptly as possible.

The first day of school is August 13, 2025.

Transfer Process

Current Students: For a transfer application to be considered, the district must receive a fully completed and signed transfer application and transfer agreement.

The parent/guardian must acknowledge and agree to the terms and conditions of the board policies FDA (local) and FDA (legal), and acknowledge an understanding of the transfer agreement.

- Positive Drug Test, Removal to DAEP, JJAEP, or the student has been expelled

Definitions

“Home district” means a district of residence of a transferring student.

“Receiving district” means a district to which a student is transferring for the purpose of obtaining an education.

“Tuition” means an amount charged to the home district by the receiving district to educate the transfer student.

*Tuition Allotment
of the Home
District*

For the purposes of calculating the tuition allotment of the home district as authorized by Education Code 48.154, the amount of tuition that may be attributed to a home district for a transfer student in payment for that student’s education may not exceed an amount per enrollee calculated for each receiving district. The calculated limit applies only to tuition paid to a receiving district for the education of a student at a grade level not offered in the home district. Tuition may be set at a rate higher than the calculated limit if both districts enter a written agreement, but the calculated tuition limit will be used in the calculation of the tuition allotment for the home district. The calculation will use the most currently available data in an ongoing school year to determine the limit that applies to the subsequent school year. For purposes of this provision, the number of students enrolled in a district will be appropriately adjusted to account for students ineligible for the Foundation School Program funding and those eligible for half-day attendance.

*Calculated
Tuition Limit*

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt revenue per enrollee, as calculated in 19 Administrative Code 61.1012(b)(2)-(3).

*Notification and
Appeal Process*

In the spring of each school year, the commissioner will provide each district with its calculated tuition limit and a worksheet with a description of the derivation process. A district may appeal to the

commissioner if it can provide evidence that the use of projected student counts from the LPE in making the calculation is so inaccurate as to result in an inappropriately low authorized tuition charge and undue financial hardship. A district that used significant nontax sources to make any of its debt service payments during the base year for the computation may appeal to the commissioner to use projections of its tax collections for the year for which the tuition limit will apply. The commissioner's decision regarding an appeal is final.
