### **SCHOOL GOVERNANCE TEAM**

Each school in Fannin County has a School Governance Team, which is made up of the Principal and the following representatives: two school employees, two parent members, and two community members. This team meets monthly at its school to discuss matters that are relevant to its school. The representatives are elected or appointed by the school community and serve a two-year term.

### **PTO**

Our Parent-Teacher Organization (PTO) is an important part of the success we have experienced at West Fannin Elementary School. The PTO helps make us a better school for all our children. We hope that you will become an active member in our group by attending our meetings and volunteering to help with the many activities and fundraisers during the year.

Notes will be sent home, messages will be sent on Class Dojo, and posted on social media announcing each upcoming PTO meeting.

### **ATTENDANCE**

In responding to student attendance issues, the school system shall comply with all requirements of state law, State Board of Education rule, and the Student Attendance Protocol that has been developed by Fannin County Student Attendance Protocol Committee. [Please submit student attendance notes to wfesnotes@fannin.k12.ga.us](mailto:wfesnotes@fannin.k12.ga.us)

### **Excused Absences**

It is the policy of the Board to excuse students from school for the following reasons:

1. Personal illness or when attendance in school endangers a student's health or the health of others.
2. A serious illness or death in a student's immediate family necessitates absence from school.
3. A court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.
4. The observance of religious holidays necessitates absence from school.
5. Conditions rendering attendance impossible or hazardous to student health or safety.
6. Registering to vote or voting in a public election, which shall not exceed one day.
7. A student whose parent or legal guardian is in military service in the U. S. armed forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting, will be granted up to 5 days of excused absences per school year to visit with his or her parent prior to the parent's deployment or during the parent's leave.
8. Any other absence not explicitly defined in this policy but deemed to have merit based on circumstances as determined by the Superintendent or his/her designee.

The principal may in certain circumstances require students to present appropriate medical or other documentation upon return to school for the purpose of validating that absences are excused.

School days missed as a result of out of school suspension shall not be counted as unexcused for the purpose of determining student truancy, but shall be counted as unexcused for all other purposes.

### **Students Counted Present**

1. When they are serving as pages of the Georgia General Assembly.
2. A foster care student who attends court proceedings relating to his or her foster care shall be counted present and shall not be counted absent, either excused or unexcused, for any day or portion of a day missed from school.

### **Grades and Absences**

Final course grades of students shall not be penalized because of absences if the following conditions are met:

1. Absences are justified and validated for excusable reasons
2. Make up work for excused absences was completed satisfactorily.

### **Policies and Procedures to Reduce Unexcused Absences: Notification**

1. The school system shall provide to the parent, guardian, or other person who has control or charge of a student (hereinafter referred to as parent) when the student has five unexcused absences. The notice will outline the penalty and consequences of such absences and that each subsequent absence will constitute a separate offense. After two reasonable attempts to notify the parent, the school system will send written notice via first class mail or via certified mail, return receipt requested; and
2. Prior to any action to commence judicial proceedings to impose a penalty on the parent for failing to comply with compulsory attendance law, the school system will notify the parent by certified mail, return receipt requested; and

3. Each school shall provide to the parent of each student enrolled a written summary of possible consequences and penalties for failing to comply with compulsory attendance. By September 1 of each school year or within 30 school days of a student's enrollment, the parent will be asked to sign a statement indicating receipt of such written statement of possible consequences and penalties. In addition, students age ten or older by September 1 must sign a statement indicating receipt of written statement of possible consequences for non-compliance with the local Board policy.

### **STUDENT SIGN-OUT**

- To take a student away from school before the end of the school day, the parent/guardian must come to the office and sign out the student.
- Although occasional early checkouts may be necessary, parent/guardians are encouraged to not pick up students early unless they are sick or have a doctor's appointment.
- Kindergarten through grade 5 will not be counted absent if they stay through 11:00 AM.

### **HOMELESSNESS**

In accordance with the McKinney-Vento Homeless Assistance Act, the school district will work with homeless children and youths and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless children and youths not currently attending school in a manner that will not stigmatize or segregate them on the basis of their status as homeless. Homeless students will be provided district services for which they are eligible. Appropriate secondary education and support services will be provided to ensure that homeless youths receive appropriate credit for full or partial coursework satisfactorily completed while attending a prior school.

Every child of a homeless individual and every homeless child are entitled to equal access to the same free, appropriate public education and transportation as provided to other students. The district will assign and admit a child who is homeless to a district school regardless of residence or whether the homeless child is able to produce records normally required for enrollment.

The Superintendent will review and revise as necessary rules or procedures that may be barriers to enrollment of homeless children and youths. In reviewing and revising such procedures, the Superintendent will consider issues of transportation, immunization, residence, birth certificates, school records and other documentation.

The Superintendent will appoint a liaison for homeless children.

A "homeless child" is defined as provided in the McKinney-Vento Homeless Assistance Act.

Anyone having a concern or complaint regarding eligibility, placement or education of a homeless child or youth may initiate the resolution process directly at the principal's office of the school in which enrollment is sought or at the district homeless liaison's office, either of which shall carry out the dispute resolution process as expeditiously as possible. If the dispute arises over school selection or enrollment, the child or youth shall be enrolled immediately in the school in which he/she is seeking admission, pending resolution of the dispute. Decisions at the school level may be appealed to the homeless liaison, whose decisions may be appealed to the Board. If the dispute remains unresolved at the district level, the parent may request a review of the dispute and the Board's decision by the Georgia Department of Education, in accordance with Dispute Resolution Guidelines and Procedures included in the Georgia Department of Education's Title I Handbook available on the Department's web site.

## **HOMEBOUND INSTRUCTION PROGRAM GUIDELINES**

**Purpose:** The purpose of hospital/homebound instruction is to provide an educational program for students who are unable to attend school due to a serious health or orthopedic impairment where the student will be absent for a minimum of ten (10) consecutive school days.

**Eligibility:** Any school-age child enrolled in a Fannin County school is eligible for homebound instruction provided the following conditions are met:

1. A licensed physician signs the medical form stating that the student is unable to attend school because of a physical condition, but will benefit from instruction.
2. The student is expected to be absent from school due to the medical condition for at least two weeks after being certified by a physician for home instruction.
3. The student has no contagious disease, which would endanger the health of the teacher or for which contagious disease precautions (e.g., quarantine) have been taken.
4. If the student is confined to a hospital and the above conditions are met, instruction will be provided in the hospital and will be continued when the student goes home if needed.
5. Student must obtain homebound request form from the school.

### **Program:**

- The homebound teacher in collaboration with the classroom teacher(s) will develop the instructional program for the homebound or hospitalized student.
- The homebound teacher will evaluate the student's progress and provide grades for the term of home or hospital instruction to the school administrator.
- The student on homebound may not be employed.
- Attendance at homebound services will be reported to the Attendance Office. The homebound teacher must be notified if the student must be absent.
- Parent/Legal guardian must be present during homebound instruction.
- Parent/Legal guardian will give sufficient notice to the homebound teacher if student is unable to meet for scheduled instruction. Homebound may be discontinued after two (2) canceled sessions or "no shows", unless sufficient excuse is provided.

## **HOMEWORK WHEN ABSENT**

- When your child is absent from school, please call the school office in the morning for his/her homework assignments. The homeroom teacher will be notified and a packet will be provided for your child. The packet may be picked up at the office or sent home with a sibling if requested.
- Fannin County Policy states that work should be completed within 5 school days after returning to class.

## **BUS TRANSPORTATION School Board Bus Policy (Bus Conduct)**

While the law requires the school district to furnish transportation, it does not relieve parents of students from the responsibility of supervision until such time as the student boards the bus in the morning and after the student leaves the bus at the end of the school day. Once a student boards the bus – and only at that time – does he/she become the responsibility of the school district. In view of the fact that a bus is an extension of the classroom, the board shall require students to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. When a student does not conduct himself/herself properly on a bus, the bus driver of that school will bring the incident to the attention of the building principal. The building principal will inform the parents immediately of the misconduct and request their cooperation in correcting the student's behavior. A student can be suspended or expelled from school for misbehaving on the bus.

A student who becomes a serious disciplinary problem on the bus may have his/her riding privileges suspended or revoked. In such cases the parents of the students involved become responsible for seeing that their child gets to and from school safely.

**THE FANNIN COUNTY BOARD OF EDUCATION ADOPTED THE FOLLOWING RULES FOR RIDING THE SCHOOL BUS:**

1. Stand off the roadway while awaiting the bus.
2. Keep your seat at all times when the bus is moving.
3. Keep your arms and head inside windows.
4. Walk ten feet in front of the bus. Wait for the driver's signal before crossing the road.
5. Unnecessary conversations with the driver are dangerous. Please remain quiet.
6. Outside of ordinary conversations, classroom conduct is to be observed.
7. Absolute silence is required at all railroad crossings.
8. The driver is in full charge of the bus and students. Students must obey the driver.
9. The driver has the right to assign students to certain seats if necessary to promote order on the bus.
10. Students are not to leave the bus at any place along the route except for necessary bus transfers unless he/she presents a request by his/her parents that has been approved by the principal.
11. Students are not to use tobacco in any form on the bus.
12. Students must be on time; the bus cannot wait for those who are tardy.
13. Riding the bus is a privilege and should not be abused.

In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

To the extent practicable, all schools in the district participate in available federal school meal programs. All foods and beverages made available on campus during the school day shall be consistent with the requirements of federal and state law. Guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by the U.S. Secretary pursuant to the Child Nutrition Act and the Richard B. **If your child has a fever (100 or higher), then your child must stay at home until there is no fever without using fever-reducing medications for 24 hours.**

**If your child is vomiting or has diarrhea, then your child must stay at home until he or she is symptom free without using medications for 24 hours.**

**Parents/guardians can ensure their child has an excused absence for illness by providing a doctor's excuse or sending a written/signed note to the school within three days of the absence. Absences for illness are excused, if the school receives this written notice within three days.**

## **ILLNESS or ACCIDENT AT SCHOOL**

- If a child becomes ill during the school day and needs to go home, the school will notify the parent/guardian.
- Should the child need emergency medical attention, the child's welfare will come first. Appropriate steps will be taken to get medical services started while an effort is made to contact the parent/guardian.
- If the parent/guardian cannot be contacted during an emergency, the other person(s) listed by the parent/guardian on the health form on file in the School Nurse's Office will be contacted.

## **MEDICATIONS (Policy JGCD)**

All medications other than the exceptions listed in this policy, whether prescription or over-the-counter, may be administered only in accordance with the following guidelines:

1. A written authorization must be signed by the student's parent or guardian to allow the teacher or school designee to administer the medication. The teacher or school designee shall keep written documentation of medication administered. Over-the-counter (OTC) medications may be administered with written parental permission. The medication must be in its original container with a sheet containing the child's name, name of medication and instructions as to how the medicine must be given. For storage purposes the medication and instructions must be sent in a clean zip-lock bag.

Any medications given for a period of over 20 days must have a signed Release Form from the doctor and parent with specific instructions included.

School personnel shall not provide students with any medication except as authorized by this policy.

Any student possessing prescription or over-the-counter medication not in accordance with these guidelines will be considered in violation of the School District's drug policy and shall be subject to the discipline set forth in the student code of conduct and/or the student/parent handbook.

A student for whom the school has on file supporting medical documentation may carry at all times with parental/guardian permission inhalers for asthma, auto-injectable epinephrine for allergic reactions and all necessary supplies and equipment to perform monitoring and treatment functions

authorized by the students diabetes medical management plan. Students authorized to self-administer such medications shall be instructed not to permit any other student to handle, possess, or otherwise attempt to use his/her medication and shall be informed that violations of such instructions will be dealt with in accordance with the student code of conduct.

In order for the student to carry and self-administer such medications, or in order for the school to store and administer the medication for students who are unable to self-administer because of age or any other reason, parents must provide a written statement from a licensed physician confirming that the student is able to self-administer the medication, if applicable, and written permission from the parent for the nurse or designated employee to consult with the doctor regarding any questions that may arise concerning the medication. Such permission shall release the school district and its employees and agents from civil liability for administering such medication to students, or if the self-administering student suffers an adverse reaction as a result of self-administration of such medication. The terms of this paragraph may be met through a students diabetes medical management plan developed and implemented pursuant to state law.

Parents are encouraged to provide to the schools duplicate medication and supplies in the event a student is unable to self-administer or fails to bring the medication or equipment to school.

Nurses or other school employees are authorized to administer auto-injectable epinephrine, if available, to a student who is having an actual or perceived anaphylactic adverse (allergic) reaction, regardless of whether the student has a prescription for epinephrine. Such persons also are authorized to administer levalbuterol sulfate, if available, to a student in perceived respiratory distress, regardless of whether the student has a prescription for levalbuterol sulfate.

The Fannin County Board of Education requires the development and operation of programs of gifted education for students in grades K-12 attending the Fannin County Schools. 1. Any student, employee, parent or other person with a complaint or report alleging a violation as described above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education [or by the principal]. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.
2. ### **STUDENT CODE OF CONDUCT**

**STUDENT CODE OF CONDUCT  
FANNIN COUNTY SCHOOLS  
Revised 4-12-23**

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes

in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in the Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school-related activity, function, or event and while traveling to and from such events;
- On school buses and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the educational process.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

### **AUTHORITY OF THE PRINCIPAL**

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly, or dangerous conduct not covered in this Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and the school provided any such action does not violate school board policy or procedures.

### **AUTHORITY OF THE TEACHER**

The superintendent fully supports the authority of principals and teachers in the school system to remove a student from the classroom pursuant to provisions of state law. Each teacher shall comply with the provisions of O.C.G.A. § 20-20-737-738 which requires the filing of a report by a teacher who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in his or her class or with the ability of such student's classmates to learn, where such behavior is in violation of the student Code of Conduct. Such report shall be filed with the principal or designee on the school day or the following school day of the most recent occurrence of such behavior, shall not exceed one page, and shall describe the behavior. The principal or designee shall, within one day of receiving such report, notify in writing the teacher and the student's parents or guardian of the discipline or student support services which has occurred as a result of the teacher's report. This written notification shall include information as to how the parents or guardian may contact the principal or designee. Reasonable attempts to confirm receipt of such written notification by the parent or guardian shall be made.

### **PROGRESSIVE DISCIPLINE PROCEDURES**

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student, and other relevant factors such as placement in special education programs. Discipline for special education students will be dictated by the student's IEP and in accordance with due process.

The Code of Conduct provides a systematic process of behavioral corrections in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The Code of Conduct shall be available in each school, classroom and online at [www.fannin.k12.ga.us](http://www.fannin.k12.ga.us). It shall also

be provided for each student upon enrollment and to the parents and guardians. Students and parents or guardians are asked to sign to acknowledge receipt of the Code of Conduct.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Isolation or Time-out
- Temporary Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention/Saturday School
- Temporary Placement in an Alternative Education Program
- Short-term Suspension
- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia Law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion; however, these punishments will be determined only by a disciplinary tribunal as outlined in the Fannin County Board of Education policies.

Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved also by the disciplinary tribunal or hearing officer in accordance with local board policy.

Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parent/guardian will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported.

Any disability of a student will be taken into account when addressing misbehavior. All discipline of students with disabilities must follow the requirements of Section 504 of the Rehabilitation Act of 1973, IDEA, and the Georgia Special Education rules.

No student in preschool through third grade shall be expelled or suspended from school for more than five consecutive or cumulative days during a school year without first receiving a multi-tiered system of supports, such as response to intervention, unless such student possessed a weapon, illegal drugs, or other dangerous instrument or such student's behavior endangers the physical safety of other students or school personnel pursuant to O.C.G.A. 20-2-742.

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks, and other school property are subject to inspection and search by school authorities at any time without prior notice to students or parents. Students are required to cooperate if asked to open book bags, lockers, or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

## BEHAVIORS WHICH WILL RESULT IN DISCIPLINARY PROCEDURES

The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

## **PARENTAL INVOLVEMENT**

This Code of Conduct is based on the expectation that parents, guardians, teachers, and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contact is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments.

Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior.

Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, and request at least one parent or guardian attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call or by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such programs or such treatment as the court deems appropriate to improve the student's behavior. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.
