- Superintendent's Report – Ms. Kimberly Sharp

- Devices for Student Use –

Superintendent Sharp shared with Board Members we recently completed an internal inventory of Chromebooks which revealed an uneven capacity in the school sites. We learned the elementary schools have more per student than do the secondary schools, in large measure due to the funding efforts through Parent / Teacher Groups. In some classes, the devices were provided through grant funded efforts. Both Secondary Principals - Mr. Miller and Mr. Malis have agreed to work closely with their Librarian / Technology Integrated Specialists to initiate projects that may increase the number of devices for student use. Simultaneous to this effort is a coordinated conversation on how to infuse the ADE Technology Standards into the grade level curriculum. The newly hired Professional Development Site Coordinators provide the appropriate infrastructure to provide our teachers with any professional development needs.

- Kinder Play Area –

There was a ribbon cutting ceremony for the Kindergarten Playground on Monday, September 26, at Tanque Verde Elementary School. The unveiling revealed an updated kindergarten playground. TVES was fortunate to receive a part of a 5 million dollar grant fund from Target

Corporation via DonorsChoose.Org . TVES obtained these grants through the website DonorsChoose. We were approved for three different grants, each almost \$1000. TVES selected a number of great new equipment pieces to improve the playground. They now have a climbing dome, two playhouses, a climbing mountain, wagons, new trucks, giant Legos, Frisbee golf, flag football sets, balancing stones, and more. Mr. Barrios and his maintenance team placed more sand for the sand box and for soft padding surrounding the climbing mountain. Security precautions are in place to protect all of the new equipment. Thank you to Kindergarten Teacher Michelle O'Donnell, who spearheaded these efforts.

➤ TVES Ramada –

The district, in collaboration with the Coyote Club After School/Community Program for Students (Director Marie Benson), combined funds to pay for a shade structure on the Tanque Verde Elementary school site. Mr. Barrios and his maintenance team built the structure to fill a void left by a fallen tree in a recent storm.

➤ Wellness Committee Initiatives

The Wellness Committee (focus on staff wellness) has been very active. The committee – Judy Bower, Lea Stickles, Claire Place, Keith Wick, and Sally Glennon. They have delivered apples - (Honey Crisp), Eegees, and made arrangements for FREE chair massages by appointment at all the sites. The apples, Eegees and chair massages were all tied to the Fall Wellness Challenge last month. Twice a year the district participates in Wellness Challenges. By doing so, the district qualifies for a stipend, which allows the Wellness Committee to fund wellness initiatives for all employees.

• Community Liaison Report – Ms. Claire Place

**Community Outreach /Engagement**

➤ The 3<sup>rd</sup> Annual K-12 Career Day was a great success, and we would like to thank all our excellent presenters for their support. A slideshow with photographs from this year's event is on the website on the community page, under school-community partnerships. A survey of participating teachers is underway (via Survey Monkey) to obtain feedback for use in preparing for next year's event.

On the EGJH campus, the project identified is interior painting of 3-4 classrooms, staff room and office area touch up, and restroom painting.
