## ■ Dual Enrollment (DE)

- Students are responsible for admissions, transportation and all communication with faculty during enrollment
- Course grades do not exceed 100
- Withdrawing from a college course could result in a Z code on the transcript
- College credit is awarded upon successful completion of the course
- Registration completed outside of Evening Advisement

# THINGS TO CONSIDER

- ✓ Dual Enrollment is a yearlong commitment. Students attending college classes during specific periods of the school day 1<sup>st</sup> semester will be expected to take classes during those periods 2<sup>nd</sup> semester
- ✓ For every **college** class a student takes, he/she will be released for **two periods** of the high school schedule.
- ✓ No quality points are added to Dual Enrollment courses  
*-For example, in high school AP classes and Honor classes have added quality points*
- ✓ The high school does not provide transportation, materials, or academic assistance for classes taken at college
- ✓ Each college has a Satisfactory Academic Progress requirement that must be met. For example, CGTC students must maintain a 2.0 GPA and pass 67% of college courses each semester. It is the student's responsibility to meet the requirements of the enrolling college's SAP to maintain funding.
- ✓ Deadlines are important! Participation in Dual Enrollment is subject to deadlines imposed by colleges and the high school.
