

Dear parents/guardians,

If your child is on crutches, in a wheelchair, with a splint, brace, or cast a doctor's note to use/wear the device in school is required.

The note needs to include:

How long the student will need to use/have the assistive device.

If the student needs to be excused from gym class/ date of return.

If the student needs to be excused from recess/ date of return.

Any other special accommodation for school.

The note should be sent to the health office.

Thank you!
