Spring

A Message From Mr. Jamison

As we return from our spring break on Monday April 6, track and field will be in full swing. Parents should watch the weather and look for updates from our fabulous activities' director, Mr. Bowman in case of changes to the schedule. Thank you to coach Bare for all you do for our students.

Our Kindergarten Roundup is on Friday April 10. Please reach out to anyone in the community who has four or five-year olds and let them know to call the school office to schedule an appointment. Also, our current Kinder Cubbies and Kindergarteners do not have school on April 10. This allows our teachers and paras to spend their day taking care of our incoming little ones.

Out of district parents: please be aware that we must have you fill out the out-of-district paper work each year. It is due in the office by May 15, but you can complete it at any time before then, just to be sure. This includes all of our Basin area parents.

Our 7th and 8th graders have been selected by the State of Montana to be a part of the pilot of the new MAST Science exam. In May our middle school science teacher, Mrs. McCauley will be proctoring this test. It will give us good feedback for our standing in future MAST Science tests as the pilot expands next year and the following year throughout Montana. A big thank you to Mrs. McCauley for taking this on.
