

Math Class Syllabus

Instructor: Amy Paladino

Course: 6th grade math

Classroom: 304

] Contact: amy.paladino@fcstn.net

Course Description: This course is designed to provide students with a comprehensive understanding of Numerical Expressions , Factors, Fractions , Decimals, Ratios , Rates, Percents, Algebraic Expressions , Properties, Equations, Area, Surface Area, Volume, Integers, Number Lines, Coordinate Plane, Statistical Measures, and Data Displays . Through lectures, problem-solving exercises, and assignments, students will develop their mathematical thinking, problem-solving skills, and ability to apply mathematical concepts to real-world situations.

Learning Objectives: By the end of the course, students will be able to:

- Demonstrate a solid understanding of key mathematical concepts covered in the course.
- Apply mathematical principles to solve a variety of problems.
- Communicate mathematical ideas clearly and effectively, both in writing and orally.
- Use appropriate technology and tools to aid in mathematical analysis and problem solving.

Required Materials:

- Textbook: Tennessee Math (Kept in the classroom)
- 5 subject notebook
- pencils
- Colored pencils

Grading:

- Projects/Bell Ringer/ Quizzes =100
- Quizzes will be given daily

Class Policies:

Attendance: Regular attendance is expected. Missed classes should be communicated to the teacher in advance, if possible.

Punctuality: Be on time for every class. Lateness may affect your participation grade.

Class Participation: Active participation is encouraged. Engage in discussions, ask questions, and collaborate with classmates.

Cell Phones and Devices: Please silence cell phones and electronic devices during class.

Please note that this syllabus is subject to change. Any changes will be communicated to the students in advance.
