## ACADEMICS

Saint George School offers a contemporary curriculum that develops the whole child, preparing students for success in high school and beyond. We challenge all our students academically, while instilling in them the Gospel values. SGS provides a loving and nurturing environment in which children grow intellectually, spiritually, physically and emotionally.

Our curriculum is aligned with Illinois State Teaching Standards, Chicago Archdiocesan Standards and 21<sup>st</sup> Century Learning Skills so that learning benchmarks are met at every level. Technology is woven into every aspect of curriculum with the application of SMART Boards, Chromebooks, iPads, and other tools so that students apply techniques universally, and across all subject areas. SGS is proud to offer a rich and comprehensive academic experience that spans from preschool through eighth grade. Our youngest learners become part of the Early Childhood Program, which offers a comprehensive curriculum for children ages 3 years through Kindergarten. First through fourth graders grow and learn together in the Primary Wing, and fifth through eighth graders are taught with an early adolescent orientation in the Jr. High Wing.

In addition to our academic excellence, our faith-based, daily religious instruction, daily all school prayer and weekly all school masses contribute to molding the lives of all our students. The students are encouraged to maximize their God given talents by sharing in extra-curricular activities, such as, athletics, choir, chess, band, student council, and caring hearts club. In addition to these opportunities, our students volunteer their time in local community service projects. Our school is dedicated to issues that influence our world, such as, social justice, peace in the world, and the sacredness of human life. The Corporal Works of Mercy and the Spiritual Works of Mercy are at the forefront of all our teaching and actions.

Please visit our web site at [www.stgeorgeschool.org](http://www.stgeorgeschool.org) and like us on Facebook, to learn and view more about our essential curricula shared by all Pre-Kindergarten through eighth grade students which also includes Technology, Music, Spanish, Library, Physical Education, and the resources from our Learning Support Team.

Please come and be a part of our **DRAGON COMMUNITY**.
