

Strategic Priorities 2025–26

Strategic Approach

Our network and campus strategic plans are serving as the foundation for decision-making, accountability, and alignment across all campuses, ensuring every action is tied to our shared vision and long-term goals.

Strong School Environment

We are creating safe, supportive, and consistent school environments where restorative practices, SEL, attendance systems, and culture routines are embedded in daily operations across all campuses.

Instructional Growth & Excellence

We are ensuring every student receives high-quality, standards-aligned [Tier 1 instruction](#) through aligned instructional priorities, coaching systems, and data-driven improvement cycles.

Student & Family Engagement

We are strengthening partnerships with families and students that directly support attendance, academic success, and a positive school culture.

Urgency & Accountability

We are maintaining a results-driven culture in which clear expectations, measurable goals, and transparent communication drive timely action and continuous improvement.
