Roadrunner Families,

Due to an ongoing bus driver shortage and the recent bus accident, we must make additional adjustments to our routes and schedules beginning Monday, August 18, 2025. Unfortunately, this shortage means that we will no longer be able to transport certain areas of our attendance boundary. **If you live within an 8-10 mile radius of the school, there may no longer be transportation services provided to your area.** We understand that this may cause inconvenience, and we truly appreciate your patience and understanding as we work through these challenges. We are **actively hiring bus drivers and substitute drivers**; however, in order to provide consistency to our families, these changes will stay in effect until at least Fall Break, even if we are able to hire and train new drivers.

What You Need to Know:

- **Updated route information** will be posted on the district website: www.goroadrunners24.com
- Please **pay close attention to the route color and number** on the new lists.
- We highly recommend using the **EduLog app** to track your child's route in real time.
- There will be a **Stanfield Shuttle (white bus)** picking up and dropping off at the Community Center daily at 7:20 AM and 3:20 PM.

How This May Affect Your Child:

- **Several students will no longer have access to transportation.** Parents will have to drive their children or make arrangements for carpooling with neighbors, family and friends.
- Some students may **arrive late or leave early** due to schedule shifts. To maintain instructional time and minimize disruption, we **strongly encourage families to transport their children if possible.**
