I hereby give my permission for my student to participate in the Check & Connect Program, a mentoring program that is designed to promote my student's educational success. I understand that the mentor will meet with my student at least once a week before, during or after the school day, and more often if needed, to discuss attendance, academic progress, behavior, and the importance of education. The mentor and my student will also engage in problem solving, goal setting, and skill development to help my student to be more successful in school. I also understand that the mentor may contact me and my student at home by phone or email to discuss school progress, answer questions, and share resources that may be helpful. This letter serves as permission until terminated by any of the involved parties.
