

# Dorchester School District Four Announces Annual Title I Meetings

The Title I schools of Dorchester School District Four will soon host their annual Title I meetings. Title I is one of the largest federal aid programs available to schools. Title I funds are used to supplement services already being provided to students by the local school district and the state, and the law mandates that each Title I school holds an annual meeting after the school year begins to review information with parents/guardians.

The more specific purpose of these meetings will be to share information about the district and schools' Title I programs, including plans for spending the 2021-2022 allocation. In addition, school administrators will share information pertaining to instruction, assessments, and parent/family engagement activities that will be implemented during the 2021-2022 school year.

The meeting schedule is outlined below. Due to COVID-19, all meetings will be held virtually again this year. Parents and other members of each school's local community are encouraged to participate. Please contact the school or visit each school's website for the virtual log-on information.
