Anne Hayden Hall	Julian Michael Warne
Christian Xavier Harris	Lucas John Yerton

Today we recognize members of the Class of 2024 who have maintained a cumulative grade point average of 4.0 or greater through the end of the first semester. Mrs. Nancy Bradley, chairperson of the Salem School Board, will present each Distinguished Scholar with a certificate and a monetary award. Members of this group were also invited to apply to address the graduating class with the traditional commencement speeches. We congratulate these graduates for their outstanding academic achievement. Their names are listed above.

**Please stand during the Processional and Recessional*
***White satin stole denotes National Honor Society membership and gold tassel denotes 3.0 average or higher.*

— Salem Educational Foundation —

The Salem Educational Foundation would like to congratulate all Salem High School graduates and their families on this special day.

The Salem Educational Foundation was incorporated as a 501 (c) (3) organization in 1983. The primary purposes of the Foundation are to develop scholarship endowments, to award scholarships to Salem High School graduates, to maintain the Salem Schools Alumni Hall of Fame, to encourage service-minded people to serve their communities, and to promote the principles of good citizenship.

After the first year of the Foundation, two scholarships were awarded in 1984. Since that time, over 5.5 million dollars have been given to thousands of Salem graduates. This year, the Foundation awarded close to 120 scholarships valued at over \$170,000. We continue to encourage alumni and friends of Salem Schools to start a new endowment or to contribute to existing ones. In this way, you can help deserving students continue their education.

We also would invite you to nominate outstanding graduates of Salem Schools for the Salem School's Alumni Hall of Fame and Champions for Children Program. The accomplishments of the graduates of the Salem Schools are nothing short of amazing. To date, 127 graduates have been inducted into the Hall of Fame.

SCHOLARSHIPS

As stated before, one major purpose of the Salem Educational Foundation is to develop endowments for Salem High School graduates with the idea of encouraging students to continue their education in their chosen field of study at a college or a trade or technical school. The Foundation sends a letter to all Salem High School seniors and their parents informing them of all the scholarships available. Seniors may apply online or secure an application from the high school Guidance Office. Applications must be completed and returned by the specified deadline in order to be considered for an award.

The scholarship committee, composed of SEF Board members, selects the recipients based on the following criteria: 1) personal qualities including character and leadership; 2) evidence of participation in church, community and school activities; 3) academic records – grades and test scores; and 4) financial need. Some scholarships require that the student plan to enroll in a specific major or enroll in a specific college.

PACE FAMILY ENDOWMENT FOR CAREER AND TECHNICAL EDUCATION

Since Dr. Richard Fisher's vision to establish the SEF in 1983, we have seen a transition in the opportunities for post high school education for

our Salem High graduates. Today we see many good paying jobs going unfilled due to the shortage of technical and skilled personnel. With this opportunity available, the SEF saw a need to assist our graduates with scholarships for career and technical training that does not require attending a four-year college or university. We have started a fund raising program to establish an endowment that will focus on scholarships for programs that will provide certifications and licensures for students completing these programs. The endowment was established by a contribution from the family of Gerald M. (Gerry) Pace. Mr. Pace was a community leader who had a passion for career and technical education and the Foundation chose to name the endowment in his honor and memory. The Foundation is excited to begin this new phase of financial assistance for graduates of Salem High School and invites contributions to it.

529 PLAN

The Foundation would like to emphasize that a great way to save for college is through the establishment of a 529 college Savings Plan. An account can be established for as little as \$250.00. All growth in the account is tax free and all dividends are reinvested tax free. Up to \$4,000.00 of contribution per account per year is tax deductible. This is a great way for parents, grandparents, aunts, uncles, etc. to help pay for a young person to continue their education after high school graduation.

Nine out of ten parents claim that their child will attend some form of higher education so it is never too early to start planning for it. If you would like to establish a "529 Plan", please contact your financial advisor.

NOTE OF THANKS

The Salem Educational Foundation would like to take this opportunity to thank you for all of the support you have generously given over the past 40 years. We especially want to thank Dr. Richard Fisher for his vision for this organization. The officers, Thomas R. McDonald, President; Jim Archer, Vice President; and James Robertson, Treasurer, are always available for any questions that you might have. The Foundation's website is www.sefandaa.org. A list of scholarships and endowments may be found there. We encourage you to either contribute to one of them or to consider establishing one of your own.

— THE SALEM HIGH SCHOOL MACE —

Historically, maces date to the Middle Ages, when they were used as weapons. Today, they are primarily used as symbols of academic prestige or sovereignty at formal conventions and commencement ceremonies. At Salem High, the mace is traditionally a part of the academic procession at graduation and is carried by the president of the graduating class.

The Salem mace was presented to Salem High School by the Senior Class of 1998. A number of people were involved in the design and manufacturing of the mace. Teachers, administrators and professional artisans worked to provide a symbol unique to the school. All of the silver work was designed, hand carved and cast by Dr. Ronald J. Wyancko and his assistants in the Art Department of James Madison University, while the wood body and cast were built by a professional wood crafter.

Atop the mace sits a sterling silver dove representing the Hebraic word “Shalom” for peace, the origin of Salem’s name. On each of the four sides of the silver body are cast medallions representing the likeness of George Washington Carver, General Andrew Lewis, the school division’s crest, and the Salem High School crest. Mounted on a wooden baluster (wooden shaft) of curly maple are five smaller hand carved crests, one for each of the other schools in the division. The semiprecious garnet is used on these crests of the staff and main body to represent stone in this area. Its maroon color and the silver on the body are the school’s colors.

The mace is displayed in its handcrafted curly maple case located in the main office of Salem High School.
