4. The superintendent will submit recommendations to the Board of Trustees for consideration.
5. After the Board of Trustees approves the employment of an individual, the superintendent or his designee will notify the person immediately of his/her employment. The superintendent will be responsible for issuing contracts for certified employees after being hired.

Individuals recommended for a position requiring a valid professional license by the Mississippi Department of Education are employed under the condition that proper certification is provided prior to payment for any services rendered.

COMPENSATION AND CONTRACTS (SB Policy GBA; GBA-E)

The Louisville Municipal School District shall enter into contract with each certified teacher approved by the Board of Trustees in a manner specified by law. It shall be unlawful for any teacher to teach in the Louisville Municipal School District if he/she does not hold a proper certificate that is valid at the time of the execution of such contract (**MS Code 37-9-7 as amended**). Salaries are set by the Mississippi Department of Education and the Board of Trustees of the Louisville Municipal School District.

PAYMENT OF PERSONNEL (SB Policies DJC; DJCA)

All personnel employed by the Louisville Municipal School District will be paid on the last working day of each month. All personnel will be paid in twelve installments per year. State law requires local school districts to process a single monthly payroll with electronic settlement of payroll checks secured through direct deposit of net pay for all school district employees.

NEPOTISM

It is known that employment of relatives in the same area of the workplace can cause serious conflict and problems with favoritism and morale. In these situations, all employees leave themselves open to charges of unfair consideration in decisions concerning work assignment, transfer opportunities, demotions, disciplinary actions and discharge. In addition to claims of preferential treatment on the job, personal conflicts from outside the workplace can be carried into the day-to-day working relationships. The Louisville Municipal School District has no exclusion against hiring relatives, but there is one rule that has been customary to help assure fair treatment of all employees. In the assignment of personnel, immediate family members cannot be placed on the same school campus that would result in one family member supervising and/or recommending another family member.

If the relative relationship is established after employment, the individuals concerned will make the decision of who will be transferred or discharged. If that decision is not made within thirty (30) days, the Superintendent will make that decision.

In other cases where there may be a conflict of interest or potential conflict of interest, even if there is no supervisory relationship, the employees may be separated by reassignment or termination of employment.

The School Board reserves the right to make exceptions if it is in the best interest of the school district.

CONFLICT OF INTEREST (SB Policy GAG)

An employee of the Louisville Municipal School District shall not have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with duties and responsibilities in the school district. No staff member shall engage in any type of private business during school time and on school property.

Employees shall not engage in work of any type where the source of information concerning customer, client, or employer originates from any information obtained through the school district. No gifts from any person or group desiring or doing business with the school district shall be solicited by a school employee except for normally valued instructional products or advertising items that are widely distributed.

ADMINISTRATIVE PERSONNEL POSITIONS

Administrative and supervisory positions in the district shall be established by the Board of Trustees including a job description as to the purpose and function of the position.

CERTIFIED PERSONNEL ASSIGNMENT

Teachers may be assigned to any school and to specific duties by the superintendent, provided the superintendent shall have regard for the welfare of the district and the qualifications of the staff member.

CLASSIFIED STAFF (SB Policy GC)

Classified personnel are secretaries, assistant teachers, cafeteria workers, bus drivers, custodians, maintenance, and other employees whose duties do not require a certificate issued by the Mississippi Department of Education. These employees are vital to the smooth functioning of the school system and should work with the certified staff as partners in providing the best possible learning environment for the students of the district.

Classified positions in the school system shall be established initially by the Board of Trustees on the basis of need and the financial resources of the district. A board approved job description as presented by the superintendent will be established listing the purpose and function of the position and the qualification of candidates.

Assignments of members of the classified staff shall be made by the superintendent or his designee in the best interests of the district. Such assignments may be either permanent or temporary. The preference of employees shall be taken into consideration in making assignments. Employees may request a transfer of assignment from job to job that will be granted when to the advantage of the district and the individual.

Within a given school, a principal may assign members of the classified personnel to tasks appropriate to their positions and qualifications. Each member of the classified staff shall come under the direct supervision of the administrator assigned the responsibility of that particular unit or division of the district.

ASSISTANT TEACHER QUALIFICATIONS

An assistant teacher working under the direct supervision of a certified teacher must have ONE of the following:

- Completed at least 48 semester hours at an institution of higher education;
- Obtained an associate's (or higher) degree; or
- Passed the ACT WorkKeys assessment in reading, mathematics, and writing.

For information, go to www.act.org/workkeys/pcta.

OVERTIME

Classified employees, which includes secretaries, assistant teachers, cafeteria workers, bus drivers, custodians, maintenance, and bus shop employees, are not allowed to work overtime without written approval of the supervisor.

JOB DESCRIPTIONS AND REQUIREMENTS

All administrators, teachers, paraprofessionals and classified personnel shall have a job description and shall understand what is expected in terms of work activities. Personnel will be evaluated on the basis of their job description and may be required to render a report of achievement of work assignments.

All teachers and administrators are encouraged to attend PTA and Booster Club meetings. All teachers and administrators shall be required to maintain their certification requirements, including staff development activities, and to comply with all rules and regulations required by the Mississippi Department of Education.

PERSONNEL EVALUATION (SB Policy GBI)

This school district shall implement a formal personnel appraisal system for all staff which includes an annual assessment of employees' on-the-job performance. The Mississippi Statewide Teacher Appraisal Rubric will be used to evaluate certified teachers and the Mississippi Principal Evaluation System (MPES) will be used to evaluate administrators.

NON-SCHOOL EMPLOYMENT

No employee shall engage in any non-school employment that will conflict or cause him/her to be absent from the assigned school duties.

NEW EMPLOYEE ORIENTATION (SB Policy GBF)

All employees (certified and classified) who are new to the LMSD will be advised by their Supervisor/Administrator or news media when to report to the Central Office for an orientation session. At that time benefits will be explained and assistance will be given with the completion of necessary forms. Copies of this handbook should be secured from the Central Office.

CRIMINAL RECORDS BACKGROUND CHECK/CHILD ABUSE REGISTRY CHECK FOR NEW EMPLOYEES (SB Policy GCD)

All new certified and classified employees hired after July 1, 2000, must have a state child abuse registry check and criminal records background check via fingerprinting card at the expense of the employee. A fee of \$40.00 is charged for this service. If the school district has hired an applicant contingent upon a background check and derogatory information is obtained, that applicant's contract is voided at the time of the report. The Board of

Trustees may, at its discretion, waive any convictions and hire an applicant with a criminal record based on certain circumstances. In the event an applicant wishes to contest a conviction based on erroneous information, the applicant shall appeal information to the Department of Public Safety.

STAFF INSURANCE PROGRAM

The school district shall provide opportunities for employees to enroll in insurance programs. Employees may apply for health/major medical insurance and the State Life Insurance plan within thirty-one (31) days of employment. Accident, salary protection, dental, cancer and other similar insurance programs are offered during the annual enrollment period shortly after the beginning of school.

The district will deduct applicable premiums from employees' wages. Signed authorizations for payroll deductions must be on file in the Central Office before any deductions for premiums begin. It is the responsibility of the employee to notify the Payroll Department in writing of any changes that will affect his/her tax deductions.

The district shall deduct and withhold from wages of all employees:

- Federal Income Tax required by federal law
- Social Security Tax required by federal law
- Contributions to Public Employees Retirement System as required by the State of Mississippi
- State Income Tax amount required by the State of Mississippi
- Amount of other deductions (such as insurance and annuities) as long as the employee has adequate gross earnings to offset the deduction

RETIREMENT

As a condition of employment, all regular employees working more than twenty (20) hours per week shall become members of the retirement system (PERS) provided such persons are under the age of sixty (60) years at the time of employment.

WORKERS' COMPENSATION

All employees are covered for medical expenses and loss of income due to accidental injury on the job through Workers' Compensation. On the job injuries must be reported to the Principal or Supervisor immediately so the proper forms may be processed. Administrators/Supervisors must report the injury immediately to Central Office. Workers should call the Employee Injury Call Center at 1-877-764-3574 to get the process started.

CHAIN OF COMMAND

Lines of direct authority shall be those approved by the Board of Trustees and shown on the district organization chart. Personnel shall refer matters requiring administrative action to the administrator to whom he/she is responsible, and that administrator shall refer such matters to the next higher administrator when appropriate.

Personnel shall have the right to appeal any decisions made by an administrator through grievance procedures established by district policy.

The established lines of authority represent direction of authority and responsibility. When the staff is working together, the lines represent avenues for a two-way flow of ideas to improve the program and operations of the school system.

APPOINTMENTS WITH THE SUPERINTENDENT

If a teacher would like an appointment with the superintendent on school-related matters, the teacher should go through the principal for this request. Everyone, however, has the right to make an appointment with the superintendent himself/herself if the principal refuses or neglects to respond. No one shall go directly to the Board of Trustees without informing the superintendent.

VOLUNTARY TRANSFER WITHIN THE DISTRICT

If a teacher or assistant teacher wishes to make a transfer from one school to another within the district, he/she must first seek the approval of the two principals involved. If both principals agree, a recommendation will be sent to the superintendent for his approval.

REDUCTION-IN-FORCE OF CERTIFIED PROFESSIONAL PERSONNEL

The Board of Trustees has the responsibility for providing and maintaining quality schools in the district. In order to carry out its responsibility the board may abolish or combine job positions, reduce the length of the work year with a concomitant reduction salary, the same to be in no event less the 187 days per contract year, salary of employees, and/or reduce the number of employees. When doing so, the board will consider the following reasons for reduction in force: enrollment, educational programs, and human, material and financial resources.

The primary objective of the board when reducing the work force will be the maintenance of a fair and balanced educational program consistent with the needs of the students and the functions and responsibilities of the school district. The board will consider the following factors, not necessarily in the order listed:

1. Criticality of the position to the mission, goals, and objectives of the school district.
2. Area(s) and level(s) of competence indicated by certification.
3. Experience, professional training and length of service within the district and the work assignment.
4. Quality of performance including character, teaching capacity and/or executive ability.
5. Skills in areas where the district has instructional and/or supervisory needs.

CERTIFIED PERSONNEL RECALL

Notice of recall will be sent to the employee by certified mail to the last address given in the Central Office by that person. If the employee fails to respond by certified mail within ten (10) days after receipt of this notice of recall, he/she will be deemed to have refused the position and will forfeit all rights in the recall process.

STRIKES

A strike in Mississippi by teachers is illegal, unprotected, and contrary to public policy of the state. A strike includes any effort to interfere with the full, faithful and proper performance of the duties of employment, any slowing down of work, any willful absence, or a stoppage of work in whole or in part.

No teacher, group of teachers, or teacher organization shall promote, encourage, or participate in any strike against a public-school district, the State of Mississippi, or an agency thereof. No person exercising authority, supervision, or direction may approve, authorize, or consent to a strike. No school board or person in authority shall attempt to close or curtail school operations to avert the full force and effect of the law.

In the event of a strike, the school board shall continue to have school as long as practicable to ascertain the name of teachers on strike and to submit the list to the Attorney General. If a strike occurs or the threat of a strike is a clear, real and present danger, the school board involved shall file suit to enjoin the strike in either Chancery Court of the First Judicial District of Hinds County or the Chancery Court having proper jurisdiction. If

the court injunction is not complied with, upon application of the complainant, the court shall initiate charges against those who are in contempt.

A teacher organization found to be in contempt of violating the injunction against a strike shall be fined \$20,000 for each such day. The fines shall accrue to the school district and shall be used to replace services denied the public as a result of the strike.

If a teacher is found to be in violation of the prohibition against strikes, then the court shall order the termination of that teacher's employment with the school district. Furthermore, that teacher cannot be employed by any school district in the state unless a court rules there is a public necessity to employ the teacher. The provisions of the law apply to all public employees and employers.

STAFF RESIGNATIONS (SB Policy GBO)

Resignations from employment in the Louisville Municipal School District must be made in writing and submitted to the employee's immediate supervisor. The administrator or supervisor will then submit the resignation to the superintendent. The original resignation will be placed in the employee's personnel file.

If a person terminates employment without providing a written resignation, the administrator/supervisor will immediately notify the superintendent and the payroll department. According to MS Code 37-3-2(8), a teacher's license can be revoked for one calendar year if they abandon their contract during the school year.

DISMISSAL OF A TEACHER OR ADMINISTRATOR DURING CONTRACTUAL PERIOD (SB Policy GBOA)

State law authorized "dismissal or suspension of an administrator or teacher for breach of contract or abandonment of duty and for incompetence, neglect of duty, immoral conduct, brutal treatment of a pupil or other good cause".

Further, as stated in 37-9-57 of Mississippi's School Law, the license or certificate of such administrator or teacher shall be suspended for a period of one (1) year in the event of arbitrary or willful breach of contract upon written recommendation to the Mississippi Department of Education by the majority of the members of the Board of Trustees.

On or before April 1, the principal shall (or shall not) recommend re-employment of teachers under his/her supervision. If re-employment is not recommended, the teacher shall be notified within seven (7) days of that decision and no later than April 15.

All notifications of non-renewals must be hand-delivered or sent by certified mail with a return receipt requested.

The Board of Trustees believes it is most important to settle differences that may arise among employees, between employees and administrators, and between the public and teachers as promptly and equitably as possible. Resolution of problems should take place at the lowest possible administrative level and in a manner

that assures employees review of complaints and grievances will be handled without fear of reprisals. Grievances shall be processed in accordance with the following procedures:

This written statement shall contain, in addition to the above, the time, place and nature of the alleged act or omission and the state or federal law or district policy allegedly violated. The statement must be signed by the grievant.
3. In the event that the grievant does not submit to his principal or immediate supervisor a written statement as required, his/her failure to do so shall be deemed as an acceptance of the informal decision rendered by his/her principal or immediate supervisor.
4. After receipt of the written statement setting forth how the grievant was allegedly discriminated against, the principal or immediate supervisor shall hold a hearing and render a decision in writing to the grievant within ten (10) days.

1. Upon receipt by the superintendent of the written notice that the grievant intends to appeal the decision of his principal or immediate supervisor, the superintendent shall notify the grievant in writing within five (5) days and shall advise the grievant of the date and time when the matter will be considered by the superintendent. 4. The superintendent shall render a written decision to the grievant within ten (10) days of the date upon which the matter was heard.

LEVEL THREE

1. If the grievance is not resolved to the satisfaction of the grievant at step two, or if the superintendent does not render a decision within ten (10) days, the grievant may file the grievance with the secretary of the board.
2. If the grievance is not filed with the secretary of the board within ten (10) days of the hearing at Level Two, the grievance shall be considered resolved.
3. Within ten (10) days after receipt of the grievance, the board secretary in concert with the board president and superintendent, shall schedule a hearing before the board on the grievance.

Any and all hearings shall be conducted pursuant to the "Rules of Procedure Under the School Employment Procedures Law of 1977" (Policy GBN-R) adopted by the Board of Trustees of the Louisville Municipal School District. All proceedings under this policy are and shall be governed by the School Employment Procedures Law of 1977 where applicable.

Special activities and services may make additional demands on the teacher's workday. Teachers are, therefore, expected to assume reasonable duties over and above their regular teaching responsibilities. They should adhere to the hours set by the principal.

Students will not be allowed on the school premises unless they are under the direct supervision of a principal, teacher, or other authorized, responsible adult.

For record keeping purposes, classified employees are required to clock out if they are leaving before the end of their scheduled workday.

All leave reports are due to the Central Office according to the calendar set at the beginning of each school year. Time sheets will be submitted to the Central Office once a week for all classified employees.

The building principals and supervisors will present the requests to the superintendent who will recommend a district budget to the Board of Trustees for approval.

They will be available to school district personnel involved in planning, implementing and reviewing the students' instructional programs. Guidelines must specify those individuals who have access to student records and procedures for reviewing student records in compliance with the provisions of the Family Educational Rights and Privacy Act of 1974, as amended. A student's permanent record will not be destroyed at any time.

DONATING LEAVE TO ANOTHER EMPLOYEE (SB Policy GADF)

MS Code Ann. 37-7-307

Any school district employee may denote a portion of his/her unused accumulated sick leave to another employee from this district who is suffering from a catastrophic injury or illness or who has a member of his/her immediate family suffering from a catastrophic injury or illness.

The law defines both catastrophic injury/illness and immediate family.

“Catastrophic injury or illness” (MS Code Ann. 25-3-91) means a severe condition or combination of conditions affecting the mental or physical health of an employee or a member of an employee’s immediate family that requires the services of a licensed physician for an extended period of time and that forces the employee to exhaust all leave time accumulated by that employee, thereby resulting in the loss of compensation from the school district for the employee.

“Immediate family” means spouse, parent, stepparent, sibling, child, or stepchild.

The donor employee shall notify the superintendent (or designee) and designate the employee who is to receive the leave and the amount of unused leave to be donated. Requests must be made by completing the appropriate form accompanied by the signed “Catastrophic Injury or Illness Physician’s Statement” form.

Before an employee may receive any donated leave, he/she must provide the superintendent (or designee) with a “Catastrophic Injury or Illness Physician’s Statement” that states the beginning date of the injury or illness, a description of the injury or illness, a prognosis for recovery, and the anticipated date the employee will be able to return to work. If the amount of leave that is donated is not used by the employee, the whole days of donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of the number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees. The donation of leave will not be carried over fiscal years (July 1st – June 30th).

(REF: Mississippi Code, Section 37-7-307)

Before an employee may receive donated leave, the superintendent of education shall appoint a review committee to approve or disapprove the said donation of leave, including the determination that the illness is catastrophic.

Donated leave shall not be used in lieu of disability retirement.

The maximum amount of unused accumulated personal leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than seven (7) days of personal leave remaining, and the maximum amount of unused accumulated sick leave that an employee may donate to any other employee may not exceed fifty percent (50%) of the unused accumulated sick leave of the donor employee.

An employee must have exhausted all of his/her accumulated sick leave and personal leave before eligible to receive any donated leave. Eligibility for donated leave shall be based upon review and approval by the donor employee's supervisor. The donation of leave should be made within ten (10) days of the employee's return to work.

Employees must obtain documentation from the court clerk stating the dates he/she reported to jury duty and/or served as juror. Employees are expected to report to work any time they are released from jury duty during their regularly scheduled hours.

LMSD is committed to providing educational opportunities for all students and maintaining compliance with the Individuals with Disabilities Education Act 2004 (20 U.S.C. 1400 et seq.).

To that end, the District provides the privilege of access to technologies for student and staff use.

This Acceptable Use Policy (AUP) outlines the guidelines and behaviors that all users are expected to follow when using school technologies or when using personally-owned devices on school property, including:

- The LMSD network is intended for educational purposes.

- All activity over the network or use of District technologies may be monitored, documented and retained.
- Access to online content via the network may be restricted in accordance with District policies and procedures and federal regulations, such as the Children’s Internet Protection Act (CIPA).
- Students are expected to follow the same rules for good behavior and respectful conduct online as offline.
- Misuse of school resources can result in disciplinary action.
- [Using an Internet filter and other technologies] The District makes a reasonable effort to ensure students’ safety and security online, but it will not be held accountable for any harm or damages resulting or arising from use of LMSD technologies.
- Users of the District network or other technologies are expected to alert technology staff immediately of any concerns for safety or security.
- Users have no expectation of privacy.

Technologies Covered

LMSD may provide the privilege of Internet access, desktop computers, mobile computers or devices, videoconferencing capabilities, online collaboration capabilities, message boards, email, and more. Accounts will be created for students in K-5 to access instructional programs.

This Acceptable Use Policy applies to both District-owned technology equipment utilizing the LMSD network, the LMSD Internet connection, and/or private networks/Internet connections accessed from District-owned devices at any time. This AUP also applies to privately-owned devices accessing the LMSD network, the LMSD Internet connection, and/or private networks/Internet connections while on school property or participating in school functions or events off campus. LMSD policies outlined in this document cover all available technologies now and, in the future, not just those specifically listed or currently available.

Usage Policies

All technologies provided by the District are intended for education purposes. All users are expected to use good judgment by following the LMSD student code of conduct and Student Use of Personal Electronic Devices policy. Users should be safe, appropriate, careful, and kind; should not try to disable or get around technological protection measures; use good common sense; and ask if they don’t know.

Internet Access

LMSD provides its users the privilege of access to the Internet, including web sites, resources, content, and online tools. Access to the Internet will be restricted as required to comply with CIPA regulations and school policies. Web browsing may be monitored, and web activity records may be retained indefinitely. **Users shall not access the Internet by any means other than the network connectivity provided by the district. Accessing the Internet on campus via the usage of cellular wireless air cards or other means which bypass district filtering and monitoring is strictly prohibited.**

Users are expected to respect the web filter as a safety precaution, and shall not attempt to circumvent the web filter when browsing the Internet. The determination of whether material is appropriate or inappropriate is based solely on the content of the material and the intended use of the material, not on whether a website has been blocked or not. If a user believes a site is unnecessarily blocked, the user should submit a request for website review through the LMSD Technology Help Desk or restricted access screen.

Email

LMSD provides faculty, staff and students in grades 6-12 with the privilege of email accounts for the purpose of school-related communication. Availability and use may be restricted based on school policies.

Users provided with email accounts should use these accounts with care. Users should not send personal information and should not attempt to open files or follow links from unknown or untrusted origins. Users should use appropriate language and should only communicate with other people as allowed by District policy or the teacher or administrator.

Users are expected to communicate with the same appropriate, safe, mindful, courteous manner online as offline. Email usage may be monitored and archived.

EMAIL AND ELECTRONIC DOCUMENT RETENTION

All emails and electronic documents created and shared with others inside or outside the District in conducting District business should be saved in user-designated folders on the user's computer. All District employee email will be archived for a minimum of one year.

All District employees and students in Grades 6-12 will be issued a District email account. Any official communications, e.g., teacher to parent, teacher to student, student to teacher, staff to staff, must be via the District's email system. This includes, but is not limited to, teachers who guide extracurricular activities such as clubs, choirs, bands, athletic teams, etc. District employees, who generate newsletters, memoranda, slide shows, graphics, etc. with their workstations, laptops, or other district equipment, should organize their computer's workspace (storage) using folders to store electronic documentation.

Use of "Internet Mail" by students and employees, such as Yahoo mail, Gmail, and POP3 accounts provided by their "home" Internet service providers are allowed at this time.

Policy

In some cases, a separate network may be provided for personally-owned devices. Please remember, this Acceptable Use Policy applies to privately owned devices accessing the LMSD network, the LMSD Internet connection, and private networks/Internet connections while on school property.

Security

Users are expected to take reasonable safeguards against the transmission of security threats over the LMSD network. This includes not opening or distributing infected files or programs and not opening files or programs of unknown or untrusted origin. Users should never share personal information.

If users believe a computer or laptop they are using might be infected with a virus, they should alert technology staff.

Users should not attempt to remove the virus themselves or download any programs to help remove the virus.

Netiquette

Users should always use the Internet, network resources, and online sites in a courteous and respectful manner.

Users should recognize that among the valuable content online there is also unverified, incorrect, or inappropriate content. Users should only use known or trusted sources when conducting research via the Internet.

Users should remember not to post anything online that they would not want students, parents, teachers, or future colleges or employers to see. Once something is online, it cannot be completely retracted and can sometimes be shared and spread in ways the user never intended.

Plagiarism

Users should not plagiarize (or use as their own, without citing the original creator) content, including words or images, from the Internet. Users should not take credit for things they did not create themselves, or misrepresent themselves as an author or creator of something found online.

Information obtained via the Internet should be appropriately cited, giving credit to the original author.

Personal Safety

Users should never share personal information, including phone number, address, social security number, birthday, or financial information, over the Internet without adult permission. Users should recognize that communicating over the Internet brings anonymity and associated risks and should carefully safeguard the personal information of themselves and others. Users should never agree to meet in person someone they meet online without parental permission.

If users see a message, comment, image, or anything else online that makes them concerned for their personal safety or the safety of someone else, they should immediately bring it to the attention of an adult (teacher or administrator if at school, parent if using the device at home).

Cyberbullying

Cyberbullying including, but not limited to, harassing, flaming, denigrating, impersonating, outing, tricking, excluding, and cyber stalking will not be tolerated. Users should not be mean or send emails or post comments with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student a hostile school environment.

Engaging in these behaviors or in any online activities intended to harm (physically or emotionally) another person, will result in severe disciplinary action and loss of privileges. In some cases, cyberbullying can be a crime. Users should remember that online activities may be monitored.

All students will be educated about appropriate online behavior, including interacting with other persons on social networking websites and in chat rooms, and cyberbullying awareness and response.

Examples of Responsible Use

I will:

- Use school technologies for school-related activities.
- Follow the same guidelines for respectful, responsible behavior online that I am expected to follow offline.
- Treat school resources carefully and alert staff if there is any problem with their operation. Encourage positive, constructive discussion if allowed to use communicative or collaborative technologies.
- Alert a teacher, administrator, or other staff member if I see threatening, inappropriate, or harmful content (images, messages, posts) online.
- Use District technologies at appropriate times, in approved places, for educational pursuits.

This is not intended to be an exhaustive list. Users should use their own good judgment when using District technologies. You can also visit www.common sense media.org for further information.

Limitation of Liability

LMSD will **not** be responsible for damage or harm to persons, files, data, or hardware.

While LMSD employs filtering and other safety and security mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness.

LMSD will not be responsible or liable for, financially or otherwise, for unauthorized transactions conducted over the LMSD network.

Violations of this policy may have disciplinary consequences, including:

- Suspension of network, technology, or computer privileges;
- Employment disciplinary action up to and including termination of employment;
- Legal action and/or prosecution.

Employees, students, and parents/guardians shall be required to sign the District's Acceptable Use Policy annually before Internet or network access shall be allowed.

ACCEPTABLE USE POLICY AND PROCEDURES

The District recognizes the value of computer and other electronic resources to improve student learning, teaching, instruction, research and communication to enhance the administration and operation of its schools. To this end, the LMSD provides Intranet (internal) and Internet (external) connections for staff, students, and faculty. LMSD encourages the responsible use of computers, computer networks, including the Internet, e-mail, and other electronic resources in support of the mission and goals of the LMSD and its schools.

In order to access District services such as the Intranet and Internet via the District Network, each user must sign a Statement of Assurance (SOA) to acknowledge agreement with this Acceptable Use Policy (AUP) stating that he/she has read and acknowledges agreement with all the sections below.

The operation of the LMSD network is guided by policy or policies set forth by the Board of Education of Louisville Municipal School District, District administration, the Mississippi Department of Education, and/or all applicable local, state and federal Laws. This AUP does not list every applicable policy or law, but sets forth some specific policies particular to LMSD.

MONITORING OF NETWORK USE

All data transferred and /or transmitted over the LMSD network can be monitored and recorded at any time. All data transferred or transmitted over the network can be tracked and identified, and originating users can be held liable if their use of the network violates any established policy, regulation, or law. Any data stored on District-owned equipment may be archived and preserved by the District for an indefinite period. Such data includes, but is not limited, to email, text documents, digital photographs, music and other digital or electronic files.

SCHOOL DISTRICT OWNERSHIP

All data transferred over the District network or stored on any District-owned equipment/media is the property of LMSD.

CONSEQUENCES OF POLICY VIOLATION(S)

The use of the District Network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Any student or District employee, including contract services (outside parties), who violate any policy, regulation, or law regarding use of the District Network will be identified and corrective and /or punitive actions will be taken.

All users of the LMSD network are charged with reporting violations or misconduct to their teachers, supervisors, or the Network administrator. Users who fail to report violations are subject to the same disciplinary actions as those who violate the policy.

Violations of these procedures may result in, but is not limited to, loss of access privileges, disciplinary action by the District, and / or involvement of law enforcement authorities.

DISCLAIMER OF LIABILITY

LMSD disclaims all liability for the content of materials to which a student or employee may have access on the Internet and for any harm or damages suffered as a result of the student or employee member's Internet use. Because the Internet and e-mail is an unregulated, worldwide vehicle for communication, information available to employees and students is impossible to control. Therefore, LMSD shall not be responsible for:

- Any damages a student or employee may suffer, including, but not limited to, loss of data or interruption of services,
- For the accuracy or quality of information obtained from or stored on any of its network or client systems,
- Financial obligations arising through the unauthorized use of the systems,
- Theft, loss or damage to personal electronic devices,
- Any actions or obligations of a student or employee while accessing the Internet outside the public-school system for any purpose.

While LMSD takes steps to protect users from inappropriate material, to intercept unlawful and malicious actions from affection users, to safeguard users, no system is perfect. Those risks must be recognized and accepted by users who sign the Acceptable Use Policy's Statement of Assurance.

FILTERING

LMSD uses an aggressive Content Filter and SPAM filter. LMSD complies with the regulations of CIPA, the Children's Internet Protection Act, [Pub. L. No. 106-554 and 47 USC 254(h)], to provide Internet content filtering services for staff and students. Filtering services are a means of protection from objectionable sites but cannot provide a 100% protection. Therefore, LMSD provides no guarantees but will attempt to protect employees and students from accessing such objectionable Internet sites. In the event that inappropriate material is accessible, LMSD will not be held liable.
