# 2019-2020 BUDGET MESSAGE

## GRANT SCHOOL DISTRICT #3

This budget message and document are printed in compliance with Oregon Revised Statutes, Chapter 294. The budget represents the educational and financial plan for the 2019-20 school year.

### OVERVIEW

In previous years, a common goal of the board and the district was to prepare a budget that dealt with declining enrollment and increased costs. The county's population peaked at about 8,200 in 1980 and then generally decreased until 2010. The proportion of the population 65 or older increased from 17% in 2000 to 24% in 2010. The median household income is \$32,614 (35% below the State average).

Accounting data is gathered by the State from Oregon school districts and placed in a database that is accessible to the public. The database web site can be accessed at [www.ode.gov](http://www.ode.gov). To gather this data, each school must report their expenditures in the same manner. To standardize expenditure reporting, the Oregon Department of Education's chart of accounts relates expenditures to academic content standards, and to standardize and prescribe common definitions for expenditures. The accounting system also takes on the responsibility of tracking resources and services related to the former Federal in 'No Child Left Behind' law that is being replaced with the 'Every Student Succeeds Act'.

### FORMAT

This budget was prepared in accordance with the format prescribed by the Budget and Accounting Manual for school districts published by the Oregon Department of Education. The format is the same as in previous years.

### PREPARATION

Our budget process for fiscal year 2019-20 is based on stabilized enrollment. This budget was developed to reflect an increase in full time equivalencies as the previous year.

Because of the continued uncertainty of the local economy, it is difficult to determine the exact enrollment figures directly affecting the revenue of the district. Between August and March of the 2018-19 school year the district gained 6 students.

Over 54% of the general fund budget is dedicated to salaries and associated payroll costs. This budget reflects the first year of a four-year contract with the licensed staff and the second year

of a two-year contract with classified staff. The budget includes the following employee counts:

	<u>FTE</u>	<u>Employee Count</u>
Licensed Staff .....	41.00 .....	41
Non Licensed Staff .....	34.90 .....	40
Administrators .....	3.00 .....	3
Confidential .....	<u>3.50</u> .....	<u>4</u>
	<b>82.40</b>	<b>88</b>

**BACKGROUND INFORMATION**

Grant School District #3 now includes three school sites with enrollment figures as shown below:

	<u>Grades</u>	<u>Enrollment March 2019</u>	<u>Projected Enrollment 2019-20</u>
Seneca Elementary School.....	K-6.....	24 .....	23
Humbolt Elementary.....	K-6.....	304 .....	314
Grant Union Jr/Sr High School.....	7-12 .....	<u>264</u> .....	<u>260</u>
	<b>Total Enrollment:</b>	<b>592</b>	<b>597</b>

**REVENUES**

As has been the case since the passage of Ballot Measure 5 (the property tax limitation measure), local patrons do not have the ability to fund their schools beyond the amount established by the tax limitation measure. Revenues acquired at the local level such as local property taxes, federal forest fees, common school funds, county school funds are subtracted from the amount to be funded by the State.

In recent years the Grant County Court and Road Department remained committed to sharing Secure Rural Schools and Communities (SRSC) Act monies with county schools. In 2014-15 the county earmarked 15% of all future SRSC funds they receive for county schools. District 3's share of that funding for 2016-17 was \$258,376. With no SRS funds in 2017-18 the SRSC bill has been reauthorized which means a gain in revenues to the District in 2019-20 of an estimated \$231,127. The excess timber receipts have positively impacted the quality of education for decades of Grant School District #3 graduates. With these additional funds the District has been setting aside dollars to meet long-term goals and allowing the district to leverage monies for matching grant dollars.

The State's budget for the proposed 2019-21 biennium was actually \$8.87billion for K-12 schools. This will be a 49/51 split between 2019-20 and 2020-21. The legislative session is still moving forward. There is a proposed additional 1.02 billion dollars that could come to education. These dollars are subject to a revenue tax package. These dollars would start with a 100 million additional dollars in k-12, fifty percent of these dollars would be allocated to an equity focused School Improvement Fund, Twenty Percent would be allocated to Early Learning Programs, Thirty Percent would be allocated to an extensive list of statewide initiatives. There is a chance some of these dollars would be available this year. The budget is created with none of these dollars.

## PROPOSAL

The proposed budget for the 2019-20 school year is \$17,642,132. The general fund budget is \$11,057,849 and the special funds budget total is \$6,584,283

As part of the budget process each school site held a community involvement meeting and staff level meetings which includes representation from board members. The ideas formulated were then prioritized by the District's leadership team and placed into this budget.

## SUMMARY

Over the past 10 years, Grant School District #3's enrollment has declined by 124 students. This decline of students equates to a loss of \$1.1 million in revenue to the District from the State School Fund Grant during 2018-19.

What this has meant to the District during this timeframe has been an aggressive move to downsize while maintaining quality programs. A large portion of the reduction has included the consolidation of schools and reduction of positions districtwide.

With the outdoor school and measure 98 (CTE) dollars we are able to increase focus on adding and enriching programs in the district. Moving in a positive direction with programs is possible because of the public support schools have received. We continue to encourage people to contact legislators and remind legislators public schools need to be a high priority and reliable, stable funding is necessary to continue to maintain quality programs for students. The best way to guarantee a successful future for our State is to guarantee its citizens the opportunity to have a quality education.

Within the State's 2019-20 budget, Grant School District 3 does not anticipate any reductions in programs or personnel.

# BUDGET (OR ACCOUNT) NUMBERS

## What they mean and how to interpret them

The budget numbers provide a statewide, standardized means of tracking financial activity that, to a degree, can be varied for the individual needs of each school district.

Revenues are comprised of two sets of numbers (or dimensions). The first dimension identifies the fund and the second identifies where the revenues come from (i.e. local, state, federal, etc.).

Expenditures are comprised of five dimensions – fund, function, object, location and area of responsibility. The first dimension refers to the same fund as the revenue fund; the second dimension describes the activity of expense (i.e. instruction, facilities, etc.); the third describes the type of service or commodity purchased; the fourth dimension identifies the location within the district that the purchase was made for; and, the fifth identifies the specific program or department that funds were expended for.

Below is a recap of the District's budget numbers:

# Explanation of Significant 2019-20 Budget Line Changes:

As part of the budget process community input nights are held through which a list of priorities is established. These priorities have been added to the budget.

Staffing levels are budgeted with an increase in staff. Changes within the salary areas can be attributed to adjusting costs to fulfill negotiated labor contracts, increased Public Employee Retirement System's (PERS) costs and the alignment of duties.

Significant budget changes from the previous year are explained below:

## **REVENUES**

<b>Page 1</b>	100-2199	Excess County Road Funds	The Grant County Court and Road Department have been committed to sharing 15% of monies they receive from the Secure Rural Schools and Communities Acts with county schools. The District did not receive money in the 2017-18 school year as the Act had sunset; however, it was renewed last year and looks like it will continue this year.
<b>Page 1</b>	100-3299	State Restricted Grants	Included in this account are Measure 98, Outdoor School funds (Measure 99) and the State portion of the YTP grant.
<b>Page 3</b>	100-4500	Federal Grants through State	The YTP grant application was for more this year than previous years.
<b>Page 3</b>	Fund 209	Curriculum & Technology	Four years ago the District chose to start setting \$20,000 per year aside for future curriculum and/or technology purchases.
<b>Page 3</b>	Fund 210	Bus Replacement Fund	New State requirements scheduled to go into effect in 2025 will require busses to comply with new emission standards. The District proposes to purchase one or two buses per year in order to be in compliance. Additional funds will need to be designated each year for the purchase of buses in order to avoid a significant hit to the budget during a single year.
<b>Page 6</b>	Fund 301	Debt Service Fund	Bond agreements require the District to set aside a set amount each year for future obligations.
<b>Page 6</b>	Fund 305	PERS UAL Debt Service Fund	Annual bond payments for the Public Employee Retirement System fluctuate by as much as \$296,000 annually. The District reserves funds to avoid significant impacts to the budget during those years.

Page 7 Fund 400 ..... Capital Project Fund ..... Three years ago the District chose to start setting aside funds for future capital project repairs and/or purchases. In addition, money for a new auxiliary athletic facility gym has been budgeted in this fund along with the seismic grant monies. Humbolt Seismic project is complete.
