5th Grade Travels Around the World

by Michelle Rodriguez

Mrs. Rose's and Mrs. Duncan's classes have been busy traveling the world for the last few days. Students drew from a cup, and they each got a country. They researched about how that country celebrates Christmas. The students colored the base of the snow globe with the colors of the flag from the country they were researching. In the snow globe, they drew the foods that their country eats during Christmas, as well as any other traditions.

Christmas Choir Concert

Hooker Public Schools celebrated the season with a joyful Christmas Concert on Monday, December 8, showcasing the talents of the 5th/6th grade, junior high, and high school choirs. The 5th and 6th graders opened the evening with festive selections including "Marigold," "O Little Town of Bethlehem," and "Holiday Lights," setting a cheerful tone for the night. The junior high choir followed with crowd-pleasing favorites such as "Come to the Manger," "The Christmas Waltz," and the energetic "Christmas in 90 Seconds".

Closing the program, the high school choir delivered a polished performance featuring "For Unto Us A Child Is Born," "Jingle All the Ways," and "Carry the Light," which highlighted soloists Kyleen Castlebury and Izzabella Collins. Directed by Angela Flanagan, all three choirs filled the auditorium with holiday spirit and left the community eager for the season ahead.

Michelle's Recommendation:

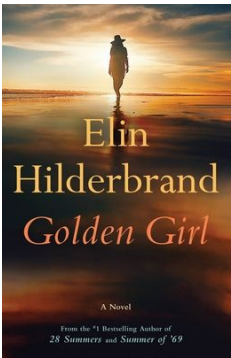

Title: *Sunrise on the Reaping*
By: Suzanne Collins Set 25 years before the original trilogy, *The Hunger Games*, *Sunrise on the Reaping* follows 16-year-old Haymitch Abernathy as he fights to the death in the annual Hunger Games. But for the 50th games, better known as the 2nd Quarter Quell, each district has to offer up four tributes instead of the usual two. Through this book, we get a backstory of just how much Haymitch went through and why he is the way he is, 25 years later.

Mrs. Briggs recommendation:

Title: *Golden Girl*
By: Elin Hilderbrand

Vivian Howe was an author who was a victim of a hit and run. After her death, she is given one final summer to watch her family from the "Beyond" and use three "nudges" to influence events, all while protecting a secret from her past. The story follows her as she observes her children, her ex-husband, and her best friend, and as the investigation into her death unfolds.

Cookie Crawl

December 11 held fun and Christmas cheer for the town of Hooker. The annual Cookie Crawl and Christmas Parade were held downtown. A multitude of citizens flocked to the library to donate canned goods and get their card and bag to begin the Cookie Crawl. A plethora of businesses (The Hooker Medical Clinic, FNB, and Hooker Hardware, to name a few) were involved in handing out cookies and stamping cards for the excited crawlers. A short, but sweet Christmas parade followed the crawl, bringing floats for 4-H and HALO, as well as Santa riding shotgun in a firetruck.

Hooker Schools Staff Spotlights

by Michelle, Aby, and Victoria

Ms. Natasha Fitzgerald is the junior high science teacher. This is her first year teaching. Prior to teaching she worked at DHS for eight years then stayed at home with her children for six years. Ms. Fitzgerald grew up in this area and graduated from Guymon High School, before completing her degree at the University of Central Oklahoma in Edmond. She enjoys baking, traveling, and spending time with her family. She enjoys working with children and volunteering. She has lived in Hooker for a little over two years and really enjoys it here. She is happy to be a part of such a great community.

Mrs. Andrea Arnold, our junior high math teacher here at HHS, has been teaching for 18 years. Many of her family members were teachers, and she also had several teachers whom she loved in school; these two factors influenced her decision to become a teacher. Mrs. Arnold chose to teach at Hooker because she and her family had moved from Liberal, and she wanted to teach in the same school where her kids would be attending. Choosing a favorite memory from eighteen years would be difficult, although she does have favorites. Mrs. Arnold's favorite part of teaching is the kids and building those friendships with them; she also enjoys getting them excited to learn new concepts and watching them succeed.

Coach Austin Elliott teaches both seventh and ninth grade geography. He has been teaching and coaching for 15 years. He started here at HHS in 2023 as a history teacher for eighth graders. Mr. Elliott began teaching so he could help younger generations become better and more responsible students and eventually adults. One of his favorite parts of teaching is seeing his students succeed in his classroom. Another one of his favorite parts is watching as a student gets better at reading throughout the school year.
