The Employee Incident Report form will be used to document non-physical incidents involving employee(s). Activities that occur that do not meet the definition of “abuse” where no physical contact occurred and which involve employees are considered an “Incident”. A copy of the initial report with follow-up information must still be submitted to the NASIS Coordinator and Law Enforcement Department. 3.17 SOCIAL MEDIA POLICY

1. **Purpose.** The School recognizes the value of teacher inquiry, investigation and research, and innovation using new technology tools to enhance the learning experience. The school also recognizes its obligation to teach and ensure responsible and safe use of these technologies.

This policy addresses employees' use of publicly available social media networks including: personal Web sites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, Facebook, Twitter, Snap, TikTok and any other social media.

The School takes no position on employees' decision to participate in the use of social media networks for personal use on personal time. However, use of these media for personal use during school time or on school equipment is prohibited. In addition, employees must avoid posting any information or engaging in communications that violate tribal, state or federal laws, school policies, or which disrupt the educational environment or damage the reputation of the School.

2. **General Statement.** The School recognizes the importance of online social media networks as a communication and e-learning tool. Toward that end, the School may provide password-protected social media tools and School-approved technologies for e-learning and encourages use of School tools for collaboration by employees. However, public social media networks, outside of those sponsored by the School, may not be used for classroom instruction or school-sponsored activities without the prior authorization of the supervising Principal, or their designee, **and** written parental/guardian consent for student participation on social networks. The School may use these tools and other communication technologies in fulfilling its responsibility for effectively communicating with the general public.

However, employees must avoid posting any information or engaging in communications that violate tribal, state or federal laws, school policies, or which disrupt the educational environment or damage the reputation of the School.

The line between professional and personal relationships is blurred within a social media context. Employees are not permitted to engage with students in a social media context outside of School approved programs, unless the communication is approved by the supervising School Principal **and** the school has received parental/guardian consent in writing. When employees choose to join or engage with School student families or fellow employees, in a social media context that exists outside those approved by the School, they are expected to maintain their professionalism as School employees. In addition, employees have a responsibility to report inappropriate behavior or activity on these networks, including requirements for mandatory reporting.

3. **Definitions.**

- a. **Public social media networks** are defined to include: Web sites, Web logs (blogs), wikis, social networks, online forums, virtual worlds, and any other social media generally available to the public or consumers and which do not fall within the School's electronic technologies network (e.g. Facebook, Twitter, LinkedIn, Flickr, YouTube, TikTok, Snap, blog sites, etc.).
- b. **School approved password-protected social media tools** are those that fall within the School's electronic technologies network or which the School has approved for educational use. The School has greater authority and responsibility to protect minors from inappropriate content and can limit public access within this limited public forum.

4. **Requirements.** All employees are expected to serve as positive ambassadors for our school and to remember they are role models to students. Because readers of social media networks may view the employee as a representative of the School, the School requires employees to observe the following rules when referring to the School, its students, programs, activities, employees, volunteers and communities on any social media networks:
- a. An employee's use of any social media network and an employee's postings, displays, or communications on any social media network must comply with tribal, state and federal laws, school policies, and must not disrupt the educational environment or damage the reputation of the School.
 - b. Employees may not post on public social media networks during working hours without advance approval by the supervising Principal.

 - d. Employees shall not use their School e-mail address for communications on public social media networks that have not been approved by the School.

 - k. Employees may not post any nonpublic images of the School premises and property, including floor plans.
 - l. The School recognizes that student groups or members of the public may create social media representing students or groups within the School. When employees, including coaches/advisors, choose to join or engage with these social networking groups, they do so as an employee of the School. Employees have responsibility for maintaining appropriate employee-student relationships at all times and have responsibility for addressing inappropriate behavior or activity on these networks. This includes acting to protect the safety of minors online. Any social media group authorized as a CHS student activity site or page or group, must be approved by the supervising Principal and must be monitored for content by a designated employee, who is responsible for enforcing this Social Media Policy, and any student social media policies.
 - m. Employees who participate in social media networks may decide to include information about their work with the School as part of their personal profile, as it would relate to a typical social conversation. This may include:
 - i. Work information included in a personal profile, to include School name, job title, and job duties.

5. **Enforcement.** Violation of this Social Media Policy will result in disciplinary action up to and including termination of employment. Employees will be held responsible for the disclosure, whether purposeful or inadvertent, of confidential or private information, information that violates the privacy rights or other rights of a third party, or the content of anything posted on any social media network.

Anything posted on an employee's Web site or Web log or other Internet content for which the employee is responsible will be subject to all School policies, rules, regulations, and guidelines.

1. Access is a privilege – not a right.
2. Accessible DOES NOT mean acceptable.
3. Access entails responsibility.

Individual users of the school's technology and communication tools are responsible for their behavior over those networks. It is expected that users will comply with the school's standards. Crazy Horse School takes precautions to restrict access to objectionable material. However, it is not possible to have full control of access to resources and materials on the Internet due to the ever-changing nature of the Internet. We reserve the right to block content that negatively affects the academic performance or productivity of students and staff. Network administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Communications on the network are public in nature and users' files stored on the school's servers are not private. Use of school technology for personal business is unacceptable and is not supported by the school. It is teachers' responsibility to log off of their computers when they are no longer in their field of sight. The use of electronic resources, technologies, and the internet must be in support of education and consistent with the educational goals, objectives, and priorities of Crazy Horse School. All employees shall adhere to all standards included in the Family Educational Rights and Privacy Act (FERPA) and other applicable laws and regulations, as they relate to the release of student information. After two years, the Superintendent and the School Board in their discretion may waive the requirements for a mid-year performance assessment and only conduct the annual performance evaluation.
 - b. An Annual performance evaluation shall occur on or before March 1st of the respective school year for all staff.
 - c. The Supervisor or the Superintendent may also conduct a performance assessment at any time he/she deems it necessary or appropriate to assist the employee in identifying work performance deficiencies and meeting job requirements.
 - d. Promotion/Transfer Performance Evaluation: Ninety (90) calendar days after transfer or reassignment to a new position, the Immediate Supervisor shall conduct a performance evaluation. At the discretion of the Superintendent this performance evaluation may take place sooner if the employee has demonstrated her/his ability to satisfactorily perform the job requirements.
 - e. If there are any deficiencies in performance identified in a performance assessment or a performance evaluation, the Supervisor will develop a Performance Improvement Plan and shall provide a copy of that plan to the employee.
4. **RESPONSIBILITIES:** The employee's Immediate Supervisor will normally conduct the performance assessments and performance evaluations. They will be responsible for appraising the performance of each employee under their supervision, and discussing the completed performance assessment or evaluation with the employee. The Superintendent will assess and evaluate the performance of each supervisor under her/his supervision and the Board will assess and evaluate the performance of the Superintendent.
5. **PROCEDURES:**
- a. The Human Resources Officer will recommend the performance assessment and performance evaluation forms to be used for personnel to the Superintendent. The Board shall approve all performance assessment and performance evaluation forms prior to the beginning of the school year.
 - b. Each program supervisor will review performance assessment and performance evaluation forms with employees under their supervision at the beginning of the school year, and establish performance objectives for each employee or group of employees. The performance objectives will be based on actual job requirements and will be conveyed to the employee in writing. This will ensure that the employees know what level of performance is expected and understands the basis for success or failure to meet these objectives when evaluated.

It is the supervisor's responsibility to conduct a thorough and impartial performance assessment and performance evaluation of each employee reporting directly to her/him.

- c. If a supervisor is not completely familiar with all phases of an employee's job assignment, a second person knowledgeable of the employee's performance will be requested to assist in the performance assessment or performance evaluation. All the performance assessments and performance evaluations will be discussed and reviewed with the employee when evaluated.
- d. The following steps, at the discretion of the supervisor, may be observed in accomplishing the employee's performance assessment and performance evaluation process:
 - i. Prepare performance requirements by determining how well you expect the employee to do their duties.
 - ii. Discuss the performance requirements with the employee and adjust them as needed.
 - iii. Observe what the employee is doing.
 - iv. Assess and Evaluate the performance against the requirements.
 - v. Discuss the performance assessment or performance evaluation with the employee.
 - vi. Take appropriate action.
- e. Supervisors may be assessed or evaluated by employees that s/he supervises if approved by the Board. (The purpose of the supervisory assessment or evaluation will be to promote communications and address staff concerns and issues.)
- f. The Human Resources Officer shall prescribe the forms for the performance assessment and performance evaluation based upon Board approval.

6. **ELEMENTS OF A PERFORMANCE ASSESSMENT AND OF A PERFORMANCE EVALUATION:** Some of the elements of the assessment and the performance evaluation, which may be measured, are:

- a. Job proficiency - the ability to perform tasks at or above the job standards.
- b. Harmonious Working Relationships - the way an employee gets along with her/his supervisor and fellow workers shall be assessed. Willingness to accept and to carry out orders is also important.

- c. Absenteeism and Tardiness - the punctuality and consistency of attendance of an employee on the job is an important consideration.
- d. Errors - accidents, errors in work and/or accidents that are attributed to improper performance of job tasks shall be noted and evaluated.
- e. Failure to follow rules and regulations - any employee may receive an unfavorable performance assessment if s/he disregards written or oral rules and regulations of which s/he could reasonably be deemed to be aware of.
- f. Relationship with the Public - public relations is an important part of the duties of every employee. Each supervisor shall assess the manner in which his/her subordinates deal with the public. Discourteous treatment, lack of tact and other elements of misconduct in dealing with the public are valid reasons for an unfavorable performance assessment.
- g. Demonstrate a knowledge or understanding of Lakota values and culture.
- h. A performance assessment shall also include assessment of whether the employee has access to or could benefit from additional training, materials, or resources to enhance performance.

7. **PERFORMANCE ASSESSMENT AND PERFORMANCE EVALUATION - INTERVIEW:** Each employee will be given the benefit of a private performance interview with the Supervisor conducting the performance assessment or performance evaluation. The purpose of the private interview is to review the performance assessment or performance evaluation and discuss the employee's job performance. The Immediate Supervisor may conduct the interview in person or by videoconference. The employee will be allowed a reasonable time to enter comments on the performance assessment or performance evaluation form. The employee will sign the performance assessment or performance evaluation form, indicating the performance assessment or performance evaluation has been explained and discussed. The employee can file a written statement of agreement or disagreement with the supervisor's performance assessment or performance evaluation no later than five (5) days following the completion of the performance assessment or performance evaluation.

The performance assessment or performance evaluation form will not be placed in an employee's personnel file until it has been reviewed by the supervisor and employee. The performance assessment or performance evaluation form then will be forwarded to the Human Resources Officer for appropriate action.

8. **UNSATISFACTORY PERFORMANCE ASSESSMENT OR PERFORMANCE EVALUATION:** An employee who receives an overall rating of "unsatisfactory" on any formal performance assessment or a performance evaluation may be placed on probation for thirty (30), sixty (60) or ninety (90) calendar days at the Superintendent's discretion, and shall be placed on a written Plan of Improvement.

Job performance will be re-evaluated prior to the end of the probationary period at the Superintendent's discretion. Employees who again receive overall ratings of "unsatisfactory" will be recommended for termination to the Board. There is no appeal available from a performance assessment or a performance evaluation.

3.46 PERSONNEL PROMOTION

Whenever new jobs are created or vacancies occur in a position that may provide salary advancement, present employees who meet job qualifications may be eligible for consideration for a reassignment to such position. Any employee who wants to be considered for a new position may follow the voluntary transfer provisions of this Policy.

3.47 PERSONNEL TRANSFER

Personnel may be transferred within the school on a voluntary or involuntary basis upon Board approval, unless position advertising restrictions prohibit such transfer. Transfer will not be used as a means of disciplinary action.

1. **VOLUNTARY TRANSFER:** Employees may request transfer in writing or be reassigned from one department or job to another, which may be granted when in the best interest of the employee and the school. Personnel wishing to transfer or to be reassigned to another position within the school shall notify their Immediate Supervisor by filing a written Transfer Request listing the reasons for the request and the position to which transfer or reassignment is desired. Upon approval by the Immediate Supervisor, and the Immediate Supervisor of the position they wish to transfer to, the request will be submitted to the Human Resources Officer who shall present the request to the Superintendent for Board action. The Board shall make the final decision on all transfers.
2. **INVOLUNTARY:** If an involuntary transfer is in the best interest of the school, the Superintendent shall notify the immediate supervisor and the employee of the reasons for the action and the position to which transfer or reassignment is recommended in writing, unless the employment contract does not permit transfers. The transfer directive is then submitted to the Human Resources Officer and the Board for action. Noncompliance with a transfer directive of the Board may result in loss of employment to person(s) involved. The Superintendent may consider maintaining the transferring employee's former salary, pay, or grade, but is not required to do so.
3. **PROCEDURE:** The Superintendent shall request transfers or reassignments of non-certified personnel in the best interest of the school and may take into consideration employee preference, and the recommendation of the transferring employee's supervisor prior to transfer or reassignment. If an employee is transferred or reassigned to a vacant or soon-to-be vacant position then the requirement for advertisement of that position is waived by the School Board, and only the position being left vacant by the transferring or reassigned employee shall be advertised.

If the transfer is involuntary, the Superintendent shall notify the supervisor of each department. Any notification or approval must be obtained prior to submitting a voluntary or involuntary transfer to the Human Resources Office, the Board, or the Superintendent.

3.48 REDUCTION-IN-FORCE

A reduction-in-force (RIF) is defined as a situation whereby a position has been eliminated by action of the School Board, because a position no longer serves the mission or purpose of the CHS, or reductions in funding sources for a program make staffing reductions necessary. The Board may lay-off an employee for any of the usual reasons for a RIF, or due to conditions that impede its ability to meet employee contract obligations. The Superintendent shall notify all personnel in writing as to their job status in any RIF action taken by the Board.

An employee laid off due to a RIF action may, if it meets the needs of CHS, be given priority in hiring for job vacancies for which they are qualified For three (3) months following the RIF. The position offered may be at a salary or under conditions which are less than the former position of the RIF'D employee. If a RIF'D employee is offered a position, and that RIF'D employee rejects it, then CHS shall not give the RIF'D employee priority consideration for any further positions. All personnel must keep the Human Resources Officer informed of their current mailing address in order for them to be eligible for future employment preference.

3.49 PERSONNEL EMPLOYMENT TERMINATION

Non-certified personnel, whenever possible, may be given written notice of their dismissal by the Superintendent two (2) weeks prior to the effective date, unless the underlying cause of the termination is a ground for discipline as described in the policies and procedures. The Board may dismiss a teacher or other certified staff as recommended by their supervisor for reasonable and just cause to include, but not be limited to: breach of contract, incompetence, serious misconduct, neglect of duty, immoral conduct, in-temperance, inappropriate treatment of a student or staff member, commission of a crime, continuing physical or mental disability rendering her/him unfit to perform her/his duties, other matters prescribed by law, and violation of the School policies. The Board makes the final decision on all terminations, and reserves the right to terminate an employee without notice.

3.50 PERSONNEL RESIGNATION

1. Any non-certified (support) employee may resign at any time by mutual consent with Board approval. Certified personnel wishing to voluntarily resign from their position shall give written notice of resignation to the Superintendent fourteen (14) days prior to leaving their employment. If fourteen days' prior notice is not given, and the School has not approved the resignation, this will be considered a breach of contract and abandonment of the job. The School shall levy liquidated damages upon such breach of contract. Because the damages to the School from a breach of contract are difficult to determine, in every employment contract for certified personnel, the contract shall include a provision for imposing liquidated damages.

The liquidated damages applied shall be as follows:

- a. Termination in June: \$1,000.00
- b. Termination in July: \$1,500.00
- c. Termination August through May: \$2,000.00

The School shall withhold the liquidated damages amounts owed from all payroll remaining up to the date of termination, and any accrued leave payout. If additional amounts are owed to the School as a result of penalty, the School shall have the right to take any and all legal actions necessary to collect the liquidated damages. Any staff member who fails to pay liquidated damages owed shall not be employed by the School for a period of five (5) years, or until the liquidated damages are fully paid. The Board reserves the right to waive or reduce liquidated damages in extenuating circumstances beyond the control of the employee.

- 2. A certified employee may resign effective at the end of her/his current contract. If an administrator becomes aware of a situation, which may constitute a resignation, that administrator shall notify the Superintendent, who shall then notify the Board President within forty-eight (48) hours.
- 3. Once a certified staff member has signed a contract, s/he may not terminate or cancel his/her contract, unless the Board has given its consent. In cases where an employee has breached his/her contract by departing during the contract year, terminating or canceling the contract without the Board's consent, the Board may consider legal action, including seeking revocation of the employee's certification.
- 4. The Board may seek revocation of a teaching or administrator's certificate upon the event that a certified staff member abandons her/his position, otherwise breaches his/her contract.
- 5. If any employee fails to comply with exit documentation or comply with the above stated policy, will not be considered for future employment for a period of at least one year.

3.51 END OF EMPLOYMENT REQUIREMENTS

- 1. When employment has ended for any reason, prior to leaving employment, the employee is required to complete an Employment Exit Interview with the Human Resources Officer and Immediate Supervisor who shall complete an Employment Exit Interview Checklist. The Employment Exit Interview Checklist will include all of the following requirements:
 - a. Removal of all personal possessions from the office space or classroom assigned to the employee;

- b. Return of all equipment in the possession of the employee in good working condition and all building keys;
 - c. Return of all passwords in the possession of the employee;
 - d. Proper move-out on any housing unit assigned is completed;
 - e. Filing of a forwarding mailing address with the Human Resources Director.
 - f. For instructional staff, providing the Immediate Supervisor with all up-to-date grades in the gradebook, attendance reports, NASIS required documentation, student files, and test results.
 - g. Completion of an Exit Survey Form requesting feedback from the employee. The Immediate Supervisor may review the Exit Survey Form with the employee during the Exit Interview.
2. If equipment or keys are not returned, or are damaged or lost, or passwords are not returned, or the Employee Exit Interview Checklist is not otherwise completed at the time of the Exit Interview, the final paycheck and any funds earned and payable to the employee shall be withheld until the Employment Exit Interview Checklist Items are completed. The Business Office will not release any final paycheck until it has received a completed and approved Employee Exit Interview Checklist. Any funds owed by the Employee to the School shall be withheld from the final paycheck of the employee.

3.52 RE-EMPLOYMENT

1. All employees, other than the Superintendent, shall file with the Superintendent a Letter of Intent on or before March 10th of each year specifying whether they are available for employment in the subsequent contract year or intend to leave employment. The Superintendent must file a Letter of Intent no later than February 15th. A Letter of Intent is not binding, but contract renewal will not be considered for any employee for whom a Letter of Intent is not on file.
2. Principals are responsible for projecting teacher needs and recommending teacher contract renewal or non-renewal to the Superintendent for approval before March 10th of each year. Contract renewal shall be offered to the Superintendent on or before May 1st of each year starting with the 2021-2022 School Year; to Principals on or before May 1st of each year, and on or before April 15th of each year for all other certified and non-certified staff. Performance evaluations conducted during the contract year shall be reviewed as part of the contract renewal decision making process. The Board shall make all contract renewal or non-renewal decisions regarding Principals, non-certified Department Supervisors, and the Superintendent. The Superintendent shall make the decision on all other contract renewals.

3. Following consultation and review of performance evaluations with the supervisor, the Superintendent shall make a decision on non-certified personnel re-employment for the following school term, and shall notify the Board in writing of the contract renewal decisions made. If an employee was subject to a lay-off, rehiring shall be carried out on the basis of the RIF policy.
4. The Superintendent will, whenever possible, notify the certified personnel and non-certified personnel of contract renewal or non-renewal for the following year by the first scheduled board meeting in April. Failure to so notify a teacher does not constitute an expressed or implied promise to renew the teacher's contract for the following year.

If an employee or administrator is not renewed, the employee or administrator is not entitled to utilize grievance procedures or to a due process hearing.

The employee must notify the Superintendent in writing whether s/he accepts or rejects the re-employment offer within fifteen (15) calendar days following the date of notification. Failure to provide the Superintendent with such notification, writing in new terms into the contract, or signing a contract under protest, shall constitute a rejection of the contract offer. Signing an offered contract constitutes proper notice of acceptance.

3.53 EMPLOYEE HEALTH EXAM, VACCINATION AND COMMUNICABLE DISEASE POLICY

1. All employees shall have a physical examination at their own expense and shall file a medical certificate attesting to freedom from communicable disease, unless such physical examination violates the provisions of federal or tribal law. Such certificates must be filed with the Human Resources Director within thirty (30) days of the starting date of employment. All employees shall have a physical examination prior to or within thirty (30) days after the start of employment and every two years thereafter. Tuberculosis tests shall be required every year. All Food Service and Transportation employees must pass a physical examination annually, and employees who are required to have a CDL certification must also meet CDL physical examination requirements. If an employee completes a CDL physical, the employee is not required to obtain a separate physical examination for that school year. All physical examinations and tuberculosis results must be on file in the Personnel Office within thirty (30) days after the start of employment. Requirements for the physical examinations are uniformly applied, based on job specifications and will be used to determine pre-existing conditions for worker's compensation and health insurance benefits. Failure to comply with this section may lead to disciplinary action up to and including termination.
2. The health and safety of students and employees will be the primary consideration in how CHS handles communicable diseases. CHS recognizes its responsibility in preserving the safety, protecting the general welfare, and promoting the physical, mental, and emotional health of students and employees. Decisions regarding an employee's work status will, at all times, be based on whether the employee poses a direct threat to the health and safety of the CHS community.

When practicable, CHS will make reasonable accommodation(s) for affected employees if such accommodation(s) eliminates any direct threat posed by the communicable disease at issue.

3. Employee Vaccination Requirements. Employees are required to show proof of COVID-19 vaccination as a condition of employment. The requirement for a COVID-19 vaccination is effective for the 2021-2022 School Year. To be eligible for renewal of contract for the 2021-2022 School Year, employees must provide proof of COVID-19 vaccination no later than May 15, 2021. For the remainder of the 2020-2021 School Year, only employees who have completed COVID-19 vaccination will be permitted to have face to face contact with students. All employees are required to provide proof of vaccination to the CHS Personnel Officer. A copy of the vaccination record will be maintained as part of the employee's medical records.

a. Any Employee who has been advised by a health care professional not to receive a vaccine due to an underlying health condition and a risk presented from the vaccine to the employee's health, may file a request for a reasonable accommodation with the CHS Human Resources Office. The employee shall file the request, along with a statement from a health care professional that the employee has been advised not to receive the vaccine due to a risk posed to the health of the employee. CHS will determine whether a reasonable accommodation can be granted based on a case-by-case evaluation of whether the employee can perform the essential job functions, the risk to the health and safety of staff and students of granting the accommodation, and the financial and institutional impact of granting an accommodation. Unless granting the exemption would pose a significant difficulty or expense to CHS, an accommodation will be granted.

b. Any employee who has a religious objection, based on a sincerely held religious belief, observance, or practice, to receiving a vaccine may file a request for a religious exemption. Based on the information provided in the request for religious exemption, CHS will determine if granting an exemption would pose an undue hardship on CHS operations on a case by case basis. Unless granting the exemption would pose an undue hardship on CHS operations, the exemptions will be granted.

4. Equal Employment. In accordance with the Americans with Disabilities Act, CHS does not discriminate on the basis of an applicant's or a current employee's health status, including infection of certain communicable diseases such as HIV, so long as the applicant or employee is able to perform the essential functions of the position without posing a direct threat to the health and safety of the CHS community. CHS will afford employees reasonable accommodations if practical. CHS may require, however, that the applicant or employee undergo a health examination pursuant to the Health Examination Section of this Policy in order to ensure that the employee's communicable disease does not pose a direct threat to health and safety and/or to determine whether reasonable accommodations can be made in the employee's specific circumstances.

5. **Nondiscrimination.** CHS shall not discriminate against an applicant or current employee solely on the basis of a positive communicable disease test result. CHS staff will, at all times, maintain an atmosphere of respect. Under no circumstances will harassment based on an individual's health status be tolerated. This includes persons infected with a communicable disease, perceived as being infected with a communicable disease, or an employee's family members' actual or perceived infection from a communicable disease. However, nothing in this Policy shall be construed as limiting CHS' ability to make employment decisions intended to protect the health and safety of the CHS community, including termination and/or refusal to hire, provided that such decisions are based on whether an individual's communicable disease poses a direct threat which cannot be reasonably accommodated.
6. **Confidentiality.** CHS shall handle information regarding employees with a suspected or confirmed communicable disease in accordance with all applicable laws regarding confidentiality of employee health records. Such records shall be placed in a locked and secure location and shall only be accessible to CHS management personnel who have a legitimate work related need to know, such as emergency medical personnel. Unlawful disclosure of confidential health records will result in immediate disciplinary measures, up to and including termination.
7. **Direct Threat and Accommodation Determinations.** The determination of whether a communicable disease prevents an employee from being able to carry out a position's essential job duties or poses a direct threat to the health and safety of the CHS community, as well as determinations regarding reasonable accommodations, shall be made by the Superintendent in consultation with the Tribal Health Department, Indian Health Services, CHS legal counsel, and available medical evidence. Applicants and/or employees who are determined to have a communicable disease which prevents them from being able to carry out the normal job duties of a position and/or poses a direct threat which cannot be reasonably accommodated pursuant to this policy may appeal such a determination in accordance with grievance and appeal procedure of this Policy.
8. **Infection Control Guidelines.** CHS has established the following infection control guidelines for the purpose of protecting the health and safety of the CHS community. These guidelines will be maintained and implemented in cooperation with the Tribal Health Department and Indian Health Services.
 - a. Any person who knows or suspects that an individual has a communicable disease or otherwise believes that there has been an incidence of exposure to a communicable disease shall report the information to the Superintendent. It is improper for any employee who has actual knowledge or reasonable grounds to suspect that he/she is infected with a communicable disease to willfully expose or infect another with such a disease or to knowingly perform an act or engage in conduct which exposes or infects another person with such a disease. If the Superintendent has received information that an employee is afflicted with a communicable disease which may interfere with job performance or poses a direct threat to health and safety, he/she will confer with the employee to assess the

situation. The Superintendent may direct the employee to complete a health examination pursuant to Section 3.43 of this Policy in order to ensure that the health and safety of the CHS community is protected.

- b. If possible, all employees and/or students who have open sores, or other physical conditions by which others may be infected are required to refrain from direct contact with others and refrain from handling equipment until the condition is resolved. Any such physical conditions that can be covered with adhesive bandages that repel water and are designed to prevent potentially infectious material from being shed must be used.
- c. School workers who may come into contact with infectious body fluids (blood, urine, feces, wound drainage, oral saliva or vomit) must:
 - i. Wear gloves while rendering aid to injured/ill students or staff
 - ii. When possible, direct the injured/ill person to wash off any of their own cuts, abrasions, or other body areas where there are potentially infectious body fluids.
 - iii. After any wounds are washed with soap and water they should be covered with an appropriately sized bandage. When possible the ill/injured person should do this themselves.
- d. Areas where bodily fluids may have spilled should be cleaned by custodial staff as soon as possible. Surfaces should be:
 - i. Cleaned using standard disinfectant such as bleach or aerosol germicide cleaner,
 - ii. Any linens, towels, or other washable cloth items cleaned with detergent in hot water, and
 - iii. Contaminated disposable articles such as paper towels should be double bagged in plastic and disposed.
- e. If the communicable disease at issue poses a direct risk to the health and safety of students and/or staff and/or there has been possible exposure, the Superintendent will make a report to the Tribal Health Department as soon as possible.
- f. In cooperation with the Tribal Health Department, the Superintendent shall notify those employees, students, and others of their possible exposure to the communicable disease. The notice will include a fact sheet or similar information on possible communicable disease exposure.

- g. If an employee/student is suspected of having a communicable disease that could be detrimental to the health of self or others in the school environment, that individual may be sent home until his or her communicable disease no longer poses a direct threat or until the disease can be reasonably accommodated. Such determinations shall be made in accordance with policy stated earlier in this Section.
- h. In cooperation with the Tribal Health Department, the Superintendent shall determine when a student/employee may be readmitted. As a condition of continued or renewed re-admittance, CHS may require a statement from a student/employee's physician stating that the student/employee is in suitable condition to attend school or resume work responsibilities.

3.54 PERSONNEL TIME SCHEDULE

The Board requires employees to report to work punctually as scheduled and to work all scheduled hours. All employees are required to utilize an electronic time clock to sign in and out each work day. The purpose of the time clock is to provide documentation for audit purposes. It is the responsibility of the supervisor to keep an accurate record of employee time and attendance and to discuss with the employee any difficulties that they may have in this area.

The regular daily time schedule for instructional personnel shall be determined by the Principals and Superintendent based on the needs of the students and the School. All Full-time personnel are required to have a schedule that provides no less than eight (8) hours per day, unless otherwise indicated by the Immediate Supervisor with approval of the Superintendent. Forty (40) hours constitutes a regular workweek.

All personnel are expected to work 40 hours per week, on a schedule set by their supervisor. Supervisors may implement varying time schedules for personnel based on the needs of the school after consulting with the employee and Superintendent. Any change to time schedule shall be in written form by the Supervisor and forwarded to the employee and payroll office. The Board shall indicate the length (start and end time) of a school day annually. All employees may be required to utilize the time clock when leaving the school property and when going on breaks or lunch hours, except for paraprofessionals who are supervising students in the lunchroom during their lunch hour, where there is a need to verify time or dissuade misuse of expected time and attendance.

3.55 PERSONNEL DUTY RULES.

- 1. All personnel shall assist in clearing students from school building areas daily unless students are working, receiving tutorial assistance, participating in a school sponsored activity, or are supervised by staff. Immediate Supervisors shall ensure that adequate personnel are on duty to ensure adequate general supervision of students. Any employees who are supervising tutoring, student activities or any after-hours events are responsible for supervision of all students in the building and ensuring students not participating in their programs are not in the buildings.

2. Personnel are not to have their own children, family members, friends or significant others at their duty station during the regular workday. This includes children not of school age and school age children without specific approval of the Immediate Supervisor and the provision of a pass to be in the building.

3.56 PERSONNEL WORK LOAD

Class size and work load of individual staff members shall adhere to requirements for accreditation by the accrediting agency. Workload of personnel shall be determined by the Superintendent commensurate with needs of the school.

3.57 COMPENSATORY TIME AND OVERTIME

With effective planning and efficient management, overtime work is not required. Overtime work will be permitted only upon the pre-approved written authorization of the designated supervisor and the Superintendent.

1. **Compensatory Time:** Prior to incurring overtime, which will lead to the granting of compensatory time, the employee shall request approval from their immediate supervisor. Pre-approval in writing by the Immediate Supervisor and the Superintendent is required. Compensatory time earned, the length of time worked, the reasons for such compensatory time, and authorization will be documented by the immediate supervisor. False claims regarding compensatory time by employees shall subject the employee to suspension or termination.

The CHS shall grant compensatory time to all non-exempt employees other than Facilities and Transportation employees. In special circumstances, compensatory time may be available to exempt employees in extraordinary circumstances. SD Compensatory time shall be given for all involuntary or pre-approved hours beyond (40) hours per work week. Compensatory time will be granted at one (1) hour for each hour beyond forty hours per week worked. Compensatory time cannot be accrued beyond the pay period in which the time is accrued. Employees must use compensatory time within (30) days of its occurrence. Compensatory time not used within thirty (30) days of its accrual shall not be accrued. The School has a use or lose policy regarding compensatory time. Employees if terminated shall be paid for accrued compensatory time. Requests for leave for compensatory time shall be done in accordance with annual leave requirements and are approved and scheduled by the supervisor. Employees are expected to clock in at the expected duty hour. Compensatory time will not be granted for clocking in to work early unless pre-approved and planned in advance in writing for a school purpose.

2. **Overtime Pay:** Overtime pay is time worked in excess of forty hours in a week. Prior to incurring overtime that results in overtime compensation, the employee shall request approval from their immediate supervisor and the Superintendent and shall be required to turn in an overtime approval form within one business day of the accrual of overtime pay. Overtime pay shall be paid for all hours on duty including time waiting during sporting events between periods of driving. Employees are expected to clock in at the expected

duty hour. Overtime will not be granted for clocking in to work early unless pre-approved and planned in advance in writing for a school purpose. Time earned, the length of time worked, the reasons for such overtime, and authorization will be documented by the immediate supervisor and the Superintendent. Non-exempt employees who are eligible for overtime include the Facilities and Transportation personnel of the school. Overtime shall be paid at one and one-half (1 ½) times their hourly rate of compensation for all involuntary or permitted hours in excess of forty (40) hours per work week. False claims regarding overtime by employees shall subject the claimant to suspension or termination action. Exempt employees shall not be entitled to overtime pay for overtime hours worked.

3. Involuntary or permitted work: Involuntary or permitted work is defined as work which has been required by the Crazy Horse School or the immediate supervisor or work which the employee performs with the implied consent or knowledge of the supervisor. The Board shall comply with the provision of the Fair Labor Standards Act.

3.58 STAFF MEETINGS

Supervisors shall conduct regular meetings that do not significantly interrupt work schedules with the personnel they directly supervise and shall document the outcomes of the meetings, inclusive of agenda items, decisions made, committees formed, tasks delegated, time lines for the completion of activities, and other appropriate information. This information is to be disseminated to those in attendance within five (5) days of the meeting to assist in communications. Agendas and minutes will be included in monthly supervisor reports submitted to the Board.

3.59 PERSONNEL EXTRA DUTY

1. Each staff member must assume her/his share of duties incidental to programs, extra-curricular activities, and community involvement activities assigned by her/his supervisor. All CHS employees that submit an application for an extra duty contract must have signed prior approval by their immediate supervisor. Extra duty contracts are distinguished from consultant contracts as contracts that may be filled by Crazy Horse School employees with Board approval. The Board shall not approve extra duty contracts unless the Business Manager has confirmed that funds are available to pay such contracts, and the Superintendent has recommended an extra duty contract. Extra duty contracts performed by employees are for duties that are in addition to the regular duties of an employee and beyond the job description and/or functions expected of the employee in the ordinary course of their work for CHS. Such contracts are subject to verification that such work is not performed during regular working hours and is not work already required of the employee. For extra duty responsibilities that occur during the school day and include student supervision, a staff member may ask for administrative leave to fulfill their duty for students. The Superintendent may decide to approve the leave if doing so is in the best interest of the students of Crazy Horse School and if the work cannot be completed after hours. Extra-duty contracts will be advertised and may be issued for activity sponsorship or coaching that requires consistent

supervision when applicable and approved by the Board. Background checks and pre-employment drug tests must be completed by all coaches/sponsors prior to the beginning of the extra duty contract.

2. The Athletic/Activities Director shall be responsible for providing an orientation for all individuals having extra-duty athletic/activities contracts and must submit documentation of the orientation including an agenda and attendance to the Superintendent's office. Orientation shall be provided to sponsors and coaches on expectations, rules and regulations, purchasing procedures, transportation policies and vehicle use policies, proceeds from fund-raising activities (see section 5.43), philosophical elements, supervision, and other documentation requirements.
3. Extra-duty contract payment shall not be made until the activity has been completed AND an evaluation by the Activities/Athletic Director or Immediate Supervisor of the contract have been submitted to the Human Resources Officer. Salary for the Extra-duty activity will be paid at the end of the season when all equipment inventory, practice and game sign-in sheets are submitted along with the end of activity report. Extra-duty contract payments may be paid half way through the contract. However, payments will not be paid in advance of the contract. If the coach/advisor does not complete the season/activity report or the season, or the activity itself, no payment shall be due under an extra duty contract. Applications for leave must be made through established procedures and as far in advance as possible. All employees must receive prior approval for all leave requests, except in emergencies. Failure to receive approval in advance may result in assignment of Absent Without Leave (AWOL) status, and may result in personnel action, including termination.

At the discretion of the immediate supervisor and Superintendent, Leave Without Pay (LWOP) may be granted to an employee for extreme emergencies. Leave without pay refers to unpaid leave and will be considered excessive after three (3) days have been granted, and may result in personnel action, including termination.

There shall be no advance leave granted. Advance leave is defined as deductions from future leave not yet earned by the employee. As such, employees cannot accumulate negative balances of leave.

Personnel who take leave for a dual purpose such as for both a school and non-school related activity, such leave shall be leave without pay if the employee is compensated by another organization for the non-school related activity. If such compensation is less than the employee's salary, the CHS shall offset the balance and shall be made with appropriate documentation provided by the employee.

- b. Sick leave for personnel will be earned at a rate of four (4) hours per pay period based on their full hours of duty. Leave accumulation is based on a fully worked bi-weekly schedule and will be adjusted for hours not worked. Sick leave will not be paid at the end of employment. Sick Leave may be accrued and carried. Sick Leave may be used in increments of one-half (1/2) hour.

7. SHARED LEAVE.

Shared leave is a policy to provide employees experiencing, or caring for an immediate family member who is experiencing, a serious and prolonged medical condition or family emergency with the ability to receive additional paid leave benefits which are donated by their coworkers. To that end this Policy establishes a "shared leave pool" from which eligible employees may draw in such instances.

- a. **Definitions.** For the purpose of this Policy, the following definitions of terms are applicable:

- i. **Immediate Family.** Biological or legally adopted son, daughter, mother, father, legal guardian, common law partner, or spouse.
- ii. **Catastrophic or Life-Threatening Event.** Major or life threatening illness, injury, or major surgery affecting the health of an employee or an employee's immediate family. Does not include routine medical appointments.
- iii. **Unique Circumstances.** Events that include unanticipated family emergencies that require absence from work for more than three (3) days.

b. **Policy:**

- i. All employees who are entitled to use and accrue annual or sick leave shall be eligible to use donated leave time from the Shared Leave Pool.
- ii. Employees may only donate their earned annual leave time to the Shared Leave Pool.
- iii. No employee may reduce his or her annual leave balance below 80 hours by donating his or her earned annual leave hours to the Shared Leave Pool.
- iv. Employees may only donate a maximum of 80 hours of Sick Leave per fiscal year.
- v. Recipient employees may only use a maximum of eighty hours of donated Shared Leave Pool leave per fiscal year.
- vi. Before donated leave time for the Shared Leave Pool may be applied, the requesting employee must first exhaust all of his or her accrued annual and sick leave benefits.
- vii. Leave donated to the Shared Leave Pool shall be considered an irrevocable transfer. When a donating employee authorizes the transfer of his or her sick leave, his or her sick leave balance will be immediately reduced and the corresponding leave will be placed within the Shared Leave Pool.
- viii. All requests to donate leave to the Shared Leave Pool, or to use leave from the Shared Leave Pool, must be in writing signed by the employee.
- ix. An employee may not accrue leave on the leave that has been donated to him or her.
- x. Leave donated shall be valued according to its cash value based on the lowest rate of pay applicable to the leave at the time it is accrued. Leave donated will be distributed to the recipient employee in accordance with its cash valuation based on the cash value of the leave to the recipient

employee based on the rate of pay in effect at the time it is distributed to the recipient employee. The result is that the number of hours of leave donated may differ from the number of hours received if the rate of the donating employee and the recipient employee are different.

- xi. If there are more requested leave hours than available Shared Leave Pool hours, the Business Manager shall distribute the available Shared Leave Pool hours based on the following factors:
 - a) **Priority Number 1:** Employees whose Share Leave Pool hours' request was received first-in-time shall be given priority in Shared Leave Pool hours distribution.
 - b) **Priority Number 2:** After first considering Priority Number 1, the Business Manager shall next prioritize the allocation of available Share Leave Pool hours based on employee seniority. If Priority Number 1 considerations are equal among the requesting employees, the available hours shall be awarded to the employee with the most time in service.
 - c) **Priority Number 3:** After first considering Priorities Number 1 and 2, the Business Manager shall next prioritize the allocation of available Share Leave Pool hours based on the age of the employee, with employees over the age of fifty-five (55) years receiving priority. If Priority Number 1 and 2 considerations are equal among the requesting employees, the available hours shall be awarded to an employee who is fifty-five (55) years of age or older.
 - d) **Priority Number 4:** After first considering Priorities Numbers 1 through 3, if an objective determination of how Shared Leave Pool hours should be distributed cannot be made, the Business Manager shall consult the Board who shall next prioritize the allocation of available Shared Leave Pool hours based on any unique circumstances, as that term is defined above. If Priority Number 1 through 3 considerations are equal among the requesting employees, the available hours shall be awarded to the employee facing the greatest hardship due to his or her unique circumstances as determined by the Board.

8. MATERNITY/ PATERNITY LEAVE.

Employees may be granted a family leave of absence not to exceed twelve (12) weeks. Ten (10) days of this leave will be granted with pay annually. 2. **Attendance Policies Notice.** In accordance with the State of South Dakota school accreditation standards and the Oglala Sioux Tribal mandatory school attendance ordinance, it is necessary that CHS adopt policies and procedures. In order that the CHS remain in compliance with both tribal and state standards for attendance, the CHS shall provide students and their parents/guardians established attendance procedures from each respective school (Elementary, Middle School, High School) at the beginning of each school year.

3. **Ten Day Per Semester or Trimester Absenteeism Policy.** A student may not be absent from school for more than ten days in a semester or trimester. Special circumstances may warrant a variance if the absences have been due to:

Absences not reported within twenty-four hours of absence will be recorded as unexcused absences. The Principal may change the absence to excused upon receiving documentation demonstrating the absence is a qualified excused absence. When a student is absent for any reason, and is aware in advance of the absence they will be absent whether excused or unexcused, that student or their parent must obtain school work and complete the make-up work by the time they return to school. In the case of an unscheduled or unexcused absence, that student or parent must also obtain the class work for the day or days missed and make it up by the number of days they were absent.  - iii. At the time of the dismissal, the student must have passing grades in all subjects.
 - iv. A student who is reinstated must sign an attendance contract with the Parent, Counselor, and Principal and it must be clearly understood that missing up to three additional unexcused days will result in the reinstated student being dropped from school for the balance of the semester or trimester.

After the second drop for attendance, the student will no longer be eligible for enrollment by CHS. A parent may request a meeting with the School Board to request re-enrollment after the second drop, and the board may approve re-admission. There are no appeals for dismissal resulting from breaking the terms of the attendance contract. Student will be eligible to re-enroll at the beginning of the next semester or trimester as applicable.

- 6. **Student Discipline for Skipping Class.** Any unauthorized absence from class(es) during the school day by a student who was in attendance at school during that day is considered skipping and the student will be in violation of the Student Conduct and Discipline Policies. No student may leave the classroom the first or last 10 minutes of class. If students are out of the room more than 5 minutes, they need to get a tardy pass.

Teachers shall only allow one “emergency” pass per student per week. Teachers will always ensure students have a pass any time they are in the hall during classes. Students will be expected to use the restroom and hydrate before school, during passing periods, at lunch and after school.

“Emergency” passes will be granted for students on Behavior Intervention Plans or on an IEP in accordance with the Behavior Intervention Plan.

All students must receive a class re-entry slip from the respective Principal or her/his designee before being allowed back into the class after each tardy or absence.

Note: Middle School/High School: All tardy students MUST check in at the office with the MS/HS Secretary. They may not be admitted into class without a tardy slip from the office. If a student receives two tardy slips in one day, they will be assigned detention.

Ratings for student academic proficiency will be recorded and reported to parents and students on a quarterly basis during each school term for middle school and high school, and twice a trimester for elementary school. Records of assigned student proficiency ratings will be maintained on an official record in the student’s cumulative folder. Grade report maintenance will be conducted in accordance with the Privacy Act, Confidentiality Act, Freedom of Information Act, and other applicable regulations.

The assignment of academic proficiency ratings will be based upon demonstrated student proficiency on assigned tasks in each content area or course, i.e., performance on tests, essays, individual and class projects, written assignments, performance on individual and group assignments, and other forms of student application of knowledge and skills (i.e. oral presentations, other):

Elementary school Rating **	Exceeds standard	Meets standard	Inconsistent in meeting standard	Begins to meet standard	Does not meet standard	
Percentage	90-100%	80-89%	70-79%	60-69%	0-59%	
GPA	4.0	3.0	2.0	1.0	0.00	
Proficiency	Advanced	Proficient	Basic	Below Basic	Below Basic	Incomplete

* Students may be assigned Pass/Fail rating for elective courses instead of grades.

13. Transition Services. Every child on an IEP that is The term "transition services" means a coordinated set of activities for a child with a disability that:

- a. Is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child with a disability to facilitate the child's movement from school to post-school activities, including

postsecondary education, vocational education, integrated employment (including supported employment); continuing and adult education, adult services, independent living, or community participation;

- b. Is based on the individual child's needs, taking into account the child's strengths, preferences, and interests; and
 - c. Includes instruction, related services, community experiences, the development of employment and other post-school adult living objectives, and, if appropriate, acquisition of daily living skills and functional vocational evaluation.
14. **Transfer of Rights.** Beginning not later than one year before the child reaches the age of eighteen (18), the IEP must include a statement that the child has been informed of the child's right, if any, that will transfer to the child on reaching the age of eighteen (18).
15. **Manifestation Determination.** Within ten school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the School, the parent, and relevant members of the child's MDT Team (as determined by the parent and the School) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine:
- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
 - b. If the conduct in question was the direct result of the School's failure to implement the IEP.

A child with a disability who is removed from the child's current placement (a disciplinary change in placement for more than ten (10) consecutive school days where the **behavior is determined not to be a manifestation of the disability**) or (a removal for special circumstances related to drugs, weapons or serious bodily injury) must:

- a. Continue to receive education services, as provided in 34 CFR 300.101(a) (free appropriate public education (FAPE) requirements), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and
- b. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

If the School, the parent, and relevant members of the MDT Team make the determination that the **conduct was a manifestation of the child's disability**, the MDT Team must either conduct a functional behavioral assessment, unless the School had conducted a functional behavioral assessment before the behavior that resulted in the

change of placement occurred, and implement a behavioral intervention plan for the child or, if a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; return the child to the placement from which the child was removed, unless the parent and the School agree to a change of placement as part of the modification of the behavioral intervention plan.

16. **Discontinuation of Services, Graduation and Grading.** If it is suspected that a student no longer meets the eligibility criteria for the CHS Special Education Program, the reevaluation team, including the parent, must meet to review existing data and arrange to have additional assessments if necessary.

If the student is not eligible, the Director must provide the parent with written notice of the decision to discontinue special education services. Services will not be discontinued if the parent files a grievance pursuant to the appropriate provisions of the CHS Policies and Procedures.

CHS's obligation to provide special education services ends when the student meets the school's requirements for the receipt of a high school diploma. The coordinator must provide the parent with a written notice prior to graduation of the discontinuation of special education services. For children who have not yet graduated from high school by meeting the requirements for receipt of a high school diploma, CHS is obligated to provide special education services until the student reaches age twenty-two (22). If a child is turning twenty-one (21), the Director will provide the parent/legal guardian with prior written notice regarding discontinuing special education services, and develop a transition plan.

CHS's obligation to provide special education services also ends when: 1) the student transfers to another school; 2) the parent/legal guardian withdraws the student from school and the parent has made other provision for the student's educational needs, or the student is eighteen (18) years of age, is deemed legally competent, and withdraws from school; and 3) the student drops out of school.

If a parent requests that a student be withdrawn from special education services, the MDT Team must determine whether the student is still eligible for special education services. Written notice must be sent to the parent following the determination. If the MDT Team, including the parent, determines that services need to continue, CHS will provide services unless the parent has invoked the grievance procedure appropriately under the CHS Policies and Procedures.

4.09 EXCEPTIONAL, GIFTED AND TALENTED EDUCATION PROGRAM

The School Board may approve an exceptional education program for students who meet the qualifications of a gifted and talented student. It shall be the responsibility of the Superintendent to notify the BIE on the required forms of all students participating in a gifted and talented program for purposes of ISEP funding on a timely basis.

The Special Education Director shall appoint a Multi-Disciplinary Team of not less than three persons, which shall include: 1) The Special Education Director; 2) A School Administrator; and 3) the Individual nominating the student or the classroom teacher, and any other persons the Director believes will be helpful in assessing eligibility for services including professionals in the field. The Multi-Disciplinary Team determination of eligibility for services shall be based upon the required criterion set forth above, and the following: a collection of work, audio or visual tapes, reference to school grades, letters of support from professionals knowledgeable about the student's work, interviews or observations by School personnel or persons knowledgeable about the student, and information from other sources.

3. **Services or Program Provided.** If the Multi-Disciplinary Team determines that a student is gifted and talented, the Team shall recommend to the Superintendent a program of education to meet the student's needs in a Specific Individualized Education Plan (SIEP). The Superintendent will bring forth the recommendation and SIEP and any required additional funding to the Board for approval of any funding necessary to implement a recommended plan. Once approved, the Multi-Disciplinary Team shall sign a Statement of Agreement for placement of services and obtain the parent or legal guardian's signature and informed consent. 4. **Termination of Participation in Gifted and Talented Program.** The Special Education Director is responsible for ensuring that the Multi-Disciplinary Team evaluates annually the student's progress under the SIEP and updates the SIEP annually. For students identified as gifted and talented under subsection 2(a) through (c) of this Policy, a re-evaluation is required every three (3) years to determine continued eligibility through the tenth (10th) grade. For students identified as gifted and talented under subsection 2(d) or (e) of this Policy, a re-evaluation is required annually to determine continued eligibility through the tenth (10th) grade.

A student's SIEP shall be terminated when:

- a. A parent or legal guardian files a written notice of termination of consent to participate in the program with the Special Education Director; or
- b. The student has received all of the services available from the school to meet the student's needs as determined by the Multi-Disciplinary Team; or
- c. The Multi-Disciplinary Team determines the student no longer meets the criterion that qualified the student for the program.

Notice of termination of service shall be sent to the parent or legal guardian in writing specifying the basis for termination of services by the Special Education Director. The Grievance process set forth in this Chapter 4 shall apply to any parent or legal guardian's objection to termination of services.

4.10 STUDENT CONDUCT AND DISCIPLINE

1. BULLYING

Bullying is conduct, verbal or otherwise, that is unwanted, involves a real or perceived **power imbalance**, with the intent to cause emotional, physical, or psychological harm to others, through verbal harassment, physical assault or other means which creates a hostile environment at school for the target of bullying, infringes on their rights at school or materially and substantially disrupts school discipline and/or the education process and orderly operation of a school. Students will not, either on-campus or off-campus, including through electronic means, communicate threatening, abusive, or obscene language or gestures, nor shall students be allowed to possess obscene material while at school or while attending school related activities. Such conduct is detrimental to school discipline and is unacceptable. Disciplinary actions will follow the procedures as outlined for a major offense. All students must sign the Anti-Bullying Contract. **Appendix 10.**

- a. **Purpose.** The Crazy Horse School is committed to providing a safe learning environment for all students, employees, volunteers and community that is free from harassment, intimidation or bullying. Bullying is not acceptable within our Lakota culture or values.

Everyone at Crazy Horse School is committed to making our school, buses, and school events safe and caring places for all students, staff, parents/guardians and visitors. We will treat each other with respect, and we will refuse to tolerate bullying. To this end Crazy Horse School will enforce this bullying policy both on-campus and off-campus, including the use of electronic media. Cyber bullying, even when it occurs off school grounds, which creates a hostile environment at school for the target of bullying, infringes on their rights at school or materially and substantially disrupts school discipline and/or the education process and orderly operation of a school will not be tolerated. The learning experience of the

victims of bullying can suffer a wide range of negative consequences, including fear, chronic absenteeism, truancy, dropping out of school, or other serious results. Bullying may take many forms and can occur in any setting. It can create insecure and unwarranted anxiety that will affect the learning and social environment in a school. CHS has a responsibility to provide a free appropriate public education for all students. This responsibility includes the responsibility to provide a safe and secure environment for students. For this reason, the CHS will take disciplinary action against any student who engages in bullying of another student whether that conduct occurs on-campus or off-campus.

In appropriate circumstances, CHS will also report bullying to appropriate law enforcement agencies and/or Child Protective Services.

- b. **Definition.** Bullying is conduct, verbal or otherwise, that is unwanted, involves a real or perceived **power imbalance**, with the intent to cause emotional, physical, or psychological harm to others, through verbal harassment, physical assault or other means which creates a hostile environment at school for the target of bullying, infringes on their rights at school or materially and substantially disrupts school discipline and/or the education process and orderly operation of a school. Bullying includes, but is not limited to:

- i. Aggressive and unwanted or negative verbal and/or physical conduct directed at a student that:

- xi. Discriminatory comments based on a student's age, gender, sex, sexual orientation, national origin or race.

- d. **Cyber-Activity Prohibited.** Users are responsible for the appropriateness of the material they transmit. Hate mail, harassment, discriminatory remarks, or any other electronic communication or conduct which disrupts or impedes school order and/or discipline is expressly prohibited and will be dealt with as a major offense as outlined in these policies. Cyber bullying includes, but is not limited to, the use of technology for the purpose of harassing students, staff, or others; or teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate email messages, instant messages, text messages, digital pictures or images, or web site postings including blogs. The author (poster or sender) of the inappropriate material is often disguised (logged on) as someone else. In such scenarios, Crazy Horse School may conduct investigations to ascertain the actual identity of the author(s).

In situations in which cyber bullying originated from a non-school device, disciplinary action shall be based upon whether the conduct is determined to be disruptive of the educational process or impedes the day-to-day operations of the school. In addition, such conduct must also violate a school policy. Such conduct includes, but is not limited to, making a threat off school grounds to harm a member of the school staff or a student.

- e. **Procedure for Reporting Bullying.**

- i. Students are expected to report all violations of the Policy they witness, are told about, or are subjected to a member of the School staff, and are encouraged to report to their parents or legal guardians. Parents/guardians are expected to report all acts of bullying they witness, are told about, or to which students are subjected to a member of the School staff immediately.
- ii. All acts of harassment, intimidation, or bullying witnessed or reported by students to an employee must be reported verbally to the school Principal on the same day when staff witnesses or becomes aware of the incident. School staff must submit a written report of the incident to the principal within 24 hours.

If bullying is reported to or witnessed by a Facilities, Transportation, or Administrative employee, the employee will verbally report the incident to the Superintendent who shall report to the Principal the same day and be followed up with a written report within twenty-four (24) hours. School Staff are all required to report all violations of this Policy they witness, are told about, or are subjected to on an Incident Report Form. Every behavior should be reported on an Incident Report Form. Any failure of school personnel to report violations of this Policy will result in disciplinary action up to and including termination of employment.

- iii. The principal must inform the parents or guardians of all students involved in the alleged incident immediately and may discuss the availability of counseling and other intervention services as outlined in the Anti-Bully Policy Steps 1-3.
- iv. The principal/ principal designee must initiate an investigation of the incident within one school day of the report.
- v. The investigation must be completed as soon as possible. The Principal will complete a report no later than 5 school days after the principal/principal designee had received the initial written report of the incident. The report of the investigation may be amended if new information becomes available.
- vi. The completed report should be completed by the principal/ principal designee with recommendations no later than 5 days after the reported incident. A principal may extend the time to complete an investigation for an additional 5 days if information is not available yet, but will still file a report no later than 5 days after the initial written report of the incident is received. Any determination that a violation of the bullying policy in fact occurred must be based on specific information/evidence and such information/evidence must reasonably suggest that the conduct had or is likely to have a disruptive effect on the operation and discipline of the school.
- vii. The principal or their designee will ensure that all steps are followed when a Bully Incident is reported. The Principal or their designee will make contact with parent(s)/guardian(s) and set up meetings when necessary as outlined in the policy.
- viii. In appropriate circumstances, CHS will also report bullying to appropriate law enforcement agencies and/or Child Protective Services.

f. **Bullying Intervention Steps.**

- i. **Step 1: Intervention, Warning, Redirection and Team Meeting.** The staff member who witnesses or receives the report will ensure that the immediate behavior stops and will reinforce to the student that bullying will not be tolerated. The staff member will ensure that the proper documentation is made with the Principal, who will ensure that Parent/Guardian (of student being bullied and the student bullying) notification will be made by phone call, incident report and team meeting when necessary. The team meeting will consist of the student meeting with the Intervention Team which shall include the classroom teacher, the Principal, one of the student's assigned teachers, and the counselor or family advocate; and for students on an IEP or 504 Plan, a special education teacher, to discuss the problem, solutions to the problem and to reinforce that bullying will not be tolerated. A plan will be developed with future consequences if the behavior continues. The Student must sign the form. A copy of the incident report and plan will be sent home. The Student must meet with family advocate or counselor for bullying education.

- ii. **Step 2: Formal Meeting with Parents and Administration.** School staff will notify parents/guardians of the involved student(s). The parents/guardians will be required to meet with the Intervention Team to develop an Individual Behavior Plan, or in the case of a student on an IEP, if applicable, amendments to the existing IEP. Previous documentation will be reviewed with the parent/guardian. The student will be required to sign the anti-bullying contract with a parent/guardian and administration signatures as witnesses. The student(s) will begin individual sessions with the school counselor and consequences will be included in the Anti-Bullying Contract including but not limited to the following:
 - a) Student and parent/guardian will attend Bully Education (DVD's/ lessons, etc.) with the family advocate or counselor.

 - j) If a parent/guardian does not want to meet with the Intervention Team to develop an Individual Behavior Plan, the student will be placed on Out-of-school suspension until the parent/guardian meets with the Intervention Team for up to nine (9) days. If a parent has not met with the School after ten (10) days, the Principal shall refer the case to Oglala Sioux Tribe Child Protective Services.

- iii. **Step 3: Student Hearing.** The Principal should review that all steps have been followed before a Student Hearing requested. A Student Hearing shall be held to determine if expulsion is warranted in accordance with Section 4.10 of this Policy. A student will be placed on in-school suspension for up to ten (10) calendar days while awaiting a Student Hearing.

- iv. **Chain of Command/Due Process Steps.** Steps 1-3 will be followed; however, when parents/guardians and or staff feel that steps 1-3 have not been followed, the parents/guardians may file a grievance under the grievance policy. It will be noted that the Anti- Bullying Policy shall be implemented. The staff person taking a complaint from a parent/guardian has 24 hours to follow up and report back to the person making the complaint. - g. **Parent Notification.** The parents and or/guardians of both the student who was bullied (target) and the student (aggressor) will be notified of all incidents of bullying that involve their student within 24 hours of the incident being reported to School staff. The parents and/or guardian of the student who was bullied will also be notified generally of the action taken by the school to prevent any further acts of bullying or retaliation toward their child.

- h. **Protecting Students and Staff Who Report.** The administration and school staff will support students and coworkers making reports and protect them against any potential retaliation for making such a report. Retaliation against students for reporting bullying is prohibited. Students who retaliate against others will receive appropriate consequences as outlined in the student discipline policy. Students may report bullying anonymously. No disciplinary action will be taken solely on the basis of an anonymous report unless substantiated by further investigation. False accusations of bullying against others are not allowed and will result in consequences outlined in our student discipline policy. When interviewing the student accused of bullying or other students about bullying, do not name the student who reported if possible.

In some cases, however, the bullying may be too severe to protect confidentiality. In these cases, assure the student that the adult will do everything they can do to protect them from retaliation.

- i. **Staff Education and Responsibilities.** Each year, our school will provide the Anti-Bullying Policy to all staff. Staff will be trained annually on the plan and prevention activities chosen by our school. The training will cover ways to prevent and intervene in bullying, information about the complex nature of bullying, research on bullying and students who may be more vulnerable to bullying by others, and information on cyber and internet safety.

Staff at our school will do the following things to prevent bullying and help students feel safe at school:

- i. Closely supervise and interact with students in all areas of the school, bus, and playground;

Families will be provided with information throughout the year in regards to the Anti-Bullying Policy, ways to prevent bullying and working with school staff to create a safe school environment through Parent Involvement Nights, School Newsletters, phone calls and conferences.

- k. **Policy Dissemination.** This policy shall be disseminated annually to all school staff, students, and parent/s or legal guardian/s during functions such as Parent Involvement meetings, Parent-Teacher Conferences, other school sponsored activities/programs, and other written communications. The Policy will also be posted on the school's web site. Additionally, a written or verbal statement will explain that this Policy applies to all acts of bullying that occur on school property, at school sponsored functions, or on any form of school transportation. The Superintendent or his/her designee shall develop an annual process for discussing with the students and school staff the School policy on bullying.

All employees, students, and parents/legal guardians will sign a written statement indicating they have received, read, and understood the policy and agree to abide by the provisions of the policy. Failure to abide by this policy or neglecting to report acts of bullying will result in administrative action.

The sending of a student to those offices should be an announced departure by contacting the Dean, Assistant Principal, or High School Principal. The Counselor may be contacted if the others are unavailable. Teachers and other staff may not give a student in-school suspension. The only people who may assign in-school suspension are the Dean of Students, Assistant Principal, Principal, or Counselor, unless there is an emergency situation that is best managed through isolating disruptive behavior.

As the position and overall objective of the School is to ensure that we are focused on educating our students about the value of positive social interaction to include influencing collaboration and teamwork which contributes to career and college success, students are strongly encouraged to follow school rules. Serious offenses or repeat offenses could require the student to be suspended out of school. In the case of an out of school suspension, the student will not receive school work. This undermines the value of the school environment as well as the value of classroom performance. An appeal must be requested in writing to the Superintendent within five (5) calendar days of the date of the decision of the hearing panel or the student and the student's parent or legal guardian waive their right to appeal. 12. DETENTION OF STUDENTS

Students (K-12) may be detained by their teacher(s) only when a definite and productive purpose will be achieved through its use or as a result for a major or minor rule infraction. This section of the detention policy is only applicable if Crazy Horse School has a detention program available.

Automatic detentions may also be assigned to a student by any staff member for inappropriate conduct in the halls, before school, or any time on campus.

Academic Detention: Teachers may require students to serve academic detentions based on their own classroom expectations. For example, if a teacher tells their class they may not fall more than three homework assignments behind in class and a student repeatedly comes unprepared, the teacher would be allowed to hold that student for academic detention until they are caught up.

Any teacher who wishes to detain a student after school must notify the Principal. The Principal's Office must notify the parents/guardians prior to detention and arrange any necessary travel arrangements. After school detention shall be applied equitably to all students. School transportation will be used to transport them home when the activity bus leaves. Lunch detention may be assigned without notification to the parent. (no later than 24 hours from the time the incident is brought to their attention.)

- a. **Student Physical Restraint Policy.** When a student poses an immediate and substantial risk to themselves or others, teachers, school administrators, staff members, and bus drivers may use only limited physical force that is both reasonable under the circumstances and necessary to protect the health and safety of the student who poses a risk to themselves or others.
- b. **Prohibited Forms of Physical Restraint.**
 - i. **Prone Restraint.** Prone Restraint is defined as physical pressure applied to any part of the student’s body to keep the student in a face down position on the floor or other surface. The use of prone restraint is prohibited except when its use is necessary to protect the health and safety of the student or others, no other action would achieve protection of the health and safety of the students and others, and its use is reasonable in manner and moderate in degree.

 - iii. The School Principal shall notify the Superintendent of the use of physical restraint immediately after obtaining the written statement from the school employee.
 - iv. The Superintendent or the School Principal shall notify the student's legal guardian of the use of physical restraint upon the student as soon as is practicable after the incident.

15. INVESTIGATIONS AND SEARCHES

The School may notify parent(s)/legal guardian(s) of any pending searches or interrogations of students by school officials, to permit their involvement, unless such search is necessary for the immediate safety of staff and students, based upon a reasonable suspicion that a student is in possession of a weapon or contraband.

Students have the right to privacy and security against arbitrary invasion of their personal property by school officials. However, the School has an interest in ensuring the health and safety of its students that must be balanced against students' expectations of privacy. This Policy is intended to balance the students' expectations of privacy against the School's interests in the safety of its students and personnel. The School may conduct searches of student personal property when necessary to protect the health and safety of students and personnel. The School Board has determined that the number of weapons found in student personal property in the School, including knives, in the past year has resulted in a real and serious threat to the health and safety of students and personnel that warrants additional student screening procedures upon entry to the School.

To address this threat, the School will conduct random searches of student backpacks and bags upon entry to the School grounds and after exiting and re-entering the School building. The School may also install a metal detector at the entry doors to the School for the purpose of preventing the presence of weapons in the School and require all students to clear the metal detector. Any student who does not clear the metal detector will be required to search of their personal property and person prior to entry. Students and parents are notified with the adoption of this Policy that the School will conduct random search upon entry to the building to mitigate the serious and real risk posed by the presence of weapons in the school.

Staff may also search personal property when there is evidence of violation of school policy or the law, or a threat to the health and safety of students, based upon a reasonable suspicion that drugs, alcohol, or weapons are present in a student's personal property. Staff have the right to examine any personal property left unattended on school grounds and such activity does not constitute a search.

Daily random pat down searches of students are prohibited, Pat down searches may be conducted in the event there is reasonable suspicion of violation of school policy or the law to support the search or when an emergency situation warrants such search when a school official, a teacher, or staff member has reasonable suspicion that the student has violated the law or school policy.

School desks and lockers and other equipment is the property of the school, and the school does not require permission to search lockers and desks, as there is no expectation of privacy. The school must maintain an atmosphere conducive to the pursuit of educational goals. Lockers are the property of Crazy Horse School and may be opened, or other searches conducted, including canine searches, by the respective Principal or their designee and one member of the professional staff. The student to whom the locker is issued by the school should be present if possible.

School administrators, teachers, and other employees have the right to question students regarding their conduct and/or the conduct of others.

In order to maintain a safe and positive learning environment in the school, any student suspected of being intoxicated, under the influence of illegal substances, and/or in possession of illegal substances or contraband may be searched by school officials, including personal items such as bags, purses, etc.

The School Superintendent shall distribute a copy of this Policy to all legal guardians or parents of students at the beginning of the School Year, and to all new students and their parent or legal guardian to the School. A copy of this Policy shall be posted at the Main entrance to the School.

17. STUDENT INVOLVEMENT IN DECISION MAKING.

The Board believes students should be given a role in developing the procedures and rules and regulations, which affect them and shall consider student opinions in these areas. Student participation in decision-making is part of the educational process. Students are welcome at Board meetings and will be granted the same privilege of speaking extended to the general public.

18. COMPLAINTS AND GRIEVANCES.

There may be times when students or parents have a grievance about the Crazy Horse School. Such grievances are separate from student discipline procedures. The purpose of this grievance procedure is to resolve complaint(s) from student(s) and/or her/his parent(s) informally within the framework of the Crazy Horse School and to ensure fairness and justice to all.

Any student and/or her/his parent(s) who feel s/he has been discriminated against, believes her/his rights have been violated; or, has any other grievance(s) concerning school affairs or administrative decisions, may report said grievance(s) in the following manner:

- a. A signed written grievance shall be reported to the respective Principal within three (3) school days of the incident.
- b. The Principal must complete her/his efforts to resolve the grievance within five (5) school days of the date of the grievance.
 - i. S/he shall meet with all involved parties to discuss the issue(s).
 - ii. S/he shall keep a written record of her/his activities and findings.
 - iii. S/he shall provide a written response to the issues with her/his decision.

- d. If the Superintendent is unable to resolve the issue, the grievance may be brought by a parent, legal guardian, and/or student to the School Board within three (3) school days. The School Board will hear the grievance at the next CHS Board meeting unless the Board shows good cause for a continuance, and render a written decision to the complainant within a reasonable time.

19. DEMONSTRATIONS AND STRIKES.

The Board will not tolerate any disruption of the rights of students to attend school. Violence, vandalism and/or seizure of any area of school property or any other method of disruption violates this right.

4.11 HEALTH AND SAFETY POLICIES.

1. PHYSICAL EXAMINATIONS.

The Board shall provide a confidential voluntary health and developmental screening program organized for students in the areas of vision, speech, hearing, and dental. Students are not required to undergo a physical or medical examination or treatment if the student's parent(s) notify the Principal in writing that s/he objects to physical or medical examination or treatment. However, if a student declines a physical examination, that student shall not be allowed to participate in athletic activities or extra-curricular activities.

2. INOCULATIONS.

- a. The parent(s) of each child admitted to school shall present certification from a licensed physician or authorized representative of the Indian Health Service that the child has been immunized against poliomyelitis, diphtheria, pertussis, rubeola, rubella, mumps, hepatitis B, Chicken Pox, and tetanus. Any student entering the sixth grade, or who is older than eleven years old is required to be immunized with one dose of Tdap vaccine (tetanus, diphtheria, pertussis), and one dose of MCV4 vaccine (meningococcal ACYW) beginning in the FY 2016-2017 School Year. Students ages 12 and older are required to show proof of COVID-19 vaccination as a condition of participation. The requirement for a COVID-19 vaccination is effective for the 2021-2022 School Year. All students 12 and older are required to provide proof of vaccination to the Principal's Office. A copy of the vaccination record will be maintained as part of the student's health records.
 - i. Any student 12 years or older who has been advised by a health care professional not to receive a vaccine due to an underlying health condition and a risk presented from the vaccine to the student's health, may file a written request for a reasonable accommodation with the Principal's Office. The student shall file the request, along with a statement from a health care professional that the student has been advised not to receive the vaccine due to a risk posed to the health of the student.

The Superintendent, in consultation with the Principal, will determine whether a reasonable accommodation can be granted based on a case-by-case evaluation of whether the student can perform the essential job functions, the risk to the health and safety of staff and students of granting the accommodation, and the financial and institutional impact of granting an accommodation. Unless granting the exemption would pose a significant difficulty or expense to the School, an accommodation will be granted. A student whose request for accommodations is denied may file a written appeal of the Superintendent's decision with the Principal's Office within five (5) days of the denial in writing. The School Board will review the appeal in writing and make a decision on the appeal based on the written record on file. No in person hearing shall be held on such appeals.

- ii. Any student who has a spiritual/religious objection to vaccination based on a sincerely held spiritual/religious belief, observance, or practice, may file a request for a spiritual/religious exemption in writing with the Principal's Office. Based on the information provided in the request for religious exemption, the Principal will determine if granting an exemption would pose an undue hardship on school operations on a case by case basis. Unless granting the exemption would pose an undue hardship on School operations, the exemptions will be granted. A student whose request for accommodations is denied may file a written appeal of the Superintendent's decision with the Principal's Office within five (5) days of the denial in writing. The School Board will review the appeal in writing and make a decision on the appeal based on the written record on file. No in person hearing shall be held on such appeals.

3. COMMUNICABLE DISEASES.

- a. The health and safety of students and employees will be the primary consideration in handling communicable diseases. CHS recognizes its responsibility in preserving the safety, protecting the general welfare, and promoting the physical, mental, and emotional health of students and employees. Decisions regarding an infected student's ability to attend CHS will, at all times, be based on whether the student poses a direct threat to the health and safety of the CHS community.

When practicable, CHS will make reasonable accommodations for infected students if such accommodations eliminate any direct threat posed by the communicable disease at issue.

- b. **Student Attendance.** Students infected with communicable diseases have a right to education. CHS will not prohibit students infected with communicable diseases from attending class so long as the student's communicable disease does not pose a direct threat to the health and safety of the CHS community. CHS will afford such students with reasonable accommodations if practical. Under certain

circumstances involving students with chronic communicable diseases which pose a direct threat to the health and safety of the CHS community, students may be removed from class until an individualized education plan can be developed that is in accordance with the Individuals with Disabilities Education Act (“IDEA”) and its regulations. In addition, the Principals may require an Individualized Health Plan to be developed and in place for a student prior to readmission to the school. The Individualized Health Plan shall be developed by a Team including the Principal, one teacher, and the parents/guardians to address the health condition. Absences resulting from a communicable disease are excused absences for medical reasons. If the School determines that a parent/guardian is unable or unwilling to address a chronic health condition, the school may be required to report the case to the Tribal Health Department and/or Oglala Sioux Tribe Child Protection Services to assist the family.

- c. **Nondiscrimination.** CHS shall not discriminate against any student on the basis of a communicable disease. CHS is committed to providing a learning environment free of discrimination. CHS staff will, at all times, maintain an atmosphere of respect. Under no circumstances will harassment based on an individual’s health status be tolerated. This includes persons with a communicable disease, perceived as being infected with a communicable disease, or student’s family members’ actual or perceived infection from a communicable disease. However, nothing in this Policy shall be construed as limiting CHS’ ability to take action which protects the health and safety of others so long as such actions are in accordance with IDEA and its regulations.
- d. **Confidentiality.** In recognition that an individual’s health status is personal and private, CHS shall handle information regarding students with suspected or confirmed communicable disease in accordance with all applicable laws regarding confidentiality of student health records, including the Family Educational Rights and Privacy Act (“FERPA”). Such records shall be placed in a locked and secure location and shall only be accessible to CHS management personnel who have a legitimate work related need to know, such as emergency medical personnel. Unlawful disclosure of confidential health records will result in immediate disciplinary measures, up to and including termination.
- e. **Direct Threat and Accommodation Determinations.** The determination of whether a communicable disease poses a direct threat to the health and safety of the CHS community, as well as determinations regarding reasonable accommodations, shall be made by the Principal in consultation with the Superintendent, the Tribal Health Department, Indian Health Services, CHS legal counsel, and available medical evidence. Students who are determined to have a communicable disease which poses a direct threat which cannot be reasonably accommodated pursuant to this policy may appeal such determination. Such appeals shall be conducted pursuant to Section 4.16 of this Policy.

- f. **Infection Control Guidelines.** CHS has established the following infection control guidelines applicable to students for the purpose of protecting the health and safety of the CHS community. These guidelines will be maintained and implemented in cooperation with the Tribal Health Department and Indian Health Services.
- i. Any person who knows or suspects that an individual has a communicable disease or otherwise believes that there has been an incidence of exposure to a communicable disease shall report the information to the Principal. It is improper for any student who has actual knowledge or reasonable grounds to suspect that he/she is infected with a communicable disease to willfully expose or infect another with such a disease or to knowingly perform an act or engage in conduct which exposes or infects another person with such a disease. If the Principal has received information that employee student is afflicted with a communicable disease which may pose a direct threat to health and safety, he/she will confer with the parent/guardian to assess the situation. The Principal may direct the parent/guardian to obtain a health examination of the student in order to ensure that the health and safety of the CHS community is protected.
 - ii. If possible, all students who have open sores or other physical conditions by which others may be infected are required to refrain from direct contact with others and refrain from handling equipment until the condition is resolved. Any such physical conditions that can be covered with adhesive bandages that repel water and are designed to prevent potentially infectious material from being shed must be used.
 - iii. If the communicable disease at issue poses a direct risk to the health and safety of students and staff and/or there has been possible exposure, the Principal will make a report to the Tribal Health Department as soon as possible.
 - iv. In cooperation with the Tribal Health Department, the Principal shall notify employees, students, and others of their possible exposure to the communicable disease. The notice will include a fact sheet or similar information on possible communicable disease exposure.
 - v. If an employee/student is suspected of having a communicable disease that could be detrimental to their health or the health of others in the school environment, that individual may be sent home until his or her communicable disease no longer poses a direct threat or until the disease can be reasonably accommodated. Such determinations shall be made in accordance with this policy.

- vi. In cooperation with the Tribal Health Department, the Principal will determine when a student/employee may be readmitted. As a condition of continued or renewed re-admittance, CHS may require a statement from a student/employee's physician stating that the student is in suitable condition to attend school.
- vii. No child having a contagious or infectious disease or living in a house where such disease or condition exists may attend school until permitted to do so by the school principal after consulting with Indian Health Service or the Tribal Health Department. Head lice are considered a communicable disease for purposes of this section, and the student may attend school when permitted by the school nurse and respective principal.

A student who leaves campus without following these procedures will be subject to disciplinary action. Students will either be assigned or "excused" or "unexcused" based on the submitted documentation.

The school may organize a school safety patrol for the purpose of influencing and encouraging students to refrain from crossing public highways at points other than regular crossings and for directing students when and where to cross highways.

4.13 ATHLETICS AND ACTIVITIES.

1. INTRODUCTION.

Through this Athletics/Activities Handbook we hope to accomplish the following:

- a. Develop the guidelines which can be used to establish the foundation for a credible athletic program which can be enjoyed by the athletes and supported by the administration, staff, coaches, student body and community.
- b. Provide rules and regulations where the student, parents/guardians, and community will be able to clearly understand what will be expected of him/her. Also, to provide clarity as to what the consequence will be for violations of those rules and regulations.

We believe that participating in high school athletic programs brings valuable life lessons. We think students can gain many positive characteristics as participants. Participation can be a rewarding experience. It can build confidence, increase discipline and teach teamwork. It can also teach the participants the values of winning and losing.

The participants can develop many positive characteristics which will help in their future lives. Along with these positive characteristics also comes responsibility on the part of the participant. The student should realize that certain guidelines and rules are expected of him/her from both the state activity association and the local school district. If the student expects to represent a school on the playing fields of competition, then he/she accepts this responsibility.

This Handbook shall reflect the Dakota values taught at the Crazy Horse School including:

- a. Respect yourselves and your fellow man;
- b. Wisdom to know what is the right thing to do;
- c. Generosity means giving more of yourself than you receive; and
- d. Courage to be able to defend your beliefs in the face of adversity.

1. Title I: Part A Grants.

- a. **Consolidation.** If over 40% of Crazy Horse School (CHS) students come from low-income homes then CHS may use one of three options available under the Title I, Part A School wide Program:
 - i. **Option 1.** Consolidate Federal, State, and local funds in a single pool of money. This single pool of money can then be used to fund any activity in the school. The school is not required to maintain separate records that identify by program the specific activities supported by those funds. Also, the school is not required to meet most of the statutory and regulatory requirements of the Federal programs included in the consolidation as long as it meets the intent and purposes of those programs.

- ii. **Option 2.** Consolidate all Federal funds in a single school wide pool of money, keeping State and local funds separate. If this option is chosen, CHS must use the consolidated Federal funds to address the specific educational needs identified by a needs assessment and articulated in CHS's school wide plan. Although the Federal funds lose their specific program identity and may be accounted for as part of the consolidated Federal funds pool, CHS must keep records to demonstrate that the consolidated funds support activities that address the intent and purpose of each Federal program that is included in the consolidated fund. CHS will not be required to meet most of the statutory and regulatory requirements of the specific Federal programs included in the consolidated Federal pool as long as it meets the intent and purposes of those programs.

- iii. **Option 3.** Refuse to consolidate Federal funds with any other funds. If this option is chosen then CHS can only spend Title I, Part A funds to support activities that address specific educational needs of the school identified by the needs assessment and articulated in the school wide plan. CHS will be required to use other Federal funds in accordance with the specific requirements of each Federal program. (20 U.S.C. §6314; 34 C.F.R. §§200.25-200.29).

CHS may use consolidated funds to pay for the administration of one or more ESEA programs. However, CHS may not spend more than the prescribed percentage established in each Federal program. Also, If CHS consolidates administrative funds then it cannot use any other funds included in the consolidation pool for administration. (20 U.S.C. §7823).

b. **Restrictions.**

- i. CHS may not use Title I funds to pay for:
 - a) Separation leave costs (OMB Circular A-87, Attachment B, paragraph 8.d.(3));
 - b) Severance costs (OMB Circular A-87, Attachment B, paragraph 8.g.(3)); and
 - c) Post-retirement health benefit costs (OMB Circular A-87, Attachment B, paragraph 8.f).

- ii. CHS may carry over to the next fiscal year no more than **15 percent (15%)** of its annual Title I, Part A allocation, except as otherwise permitted by BIE regulations or guidances. (20 U.S.C. §6339).

- iii. CHS must use part of its Title I, Part A funds for professional development activities in order to ensure that teachers and paraprofessionals meet the requirements enumerated in 34 C.F.R.

§§200.56-200.58. Specifically, CHS is required to use a minimum of **5 percent (5%)** of its Title I, Part A funds on professional development. (34 C.F.R. §200.60(a)(1)).

- a) CHS may use additional Title I, Part A funds over and beyond the 5 percent (5%) minimum to support ongoing training and professional development if necessary. (34 C.F.R. 200.60(b).
 - b) However, if a lesser amount is sufficient to ensure that CHS's teachers and paraprofessionals meet the requirements of 34 C.F.R. §§200.56-200.58, then it does not need to meet the 5 percent (5%) minimum. (34 C.F.R. 200.60(a)(2))
- iv. CHS must reserve part of its Title I, Part A funds as are reasonable and necessary to:
- a) Provide services comparable to those provided to children attending CHS to serve:
 - 1) Homeless children who do not attend CHS, including education related support services.
 - 2) Children in institutions for neglected children; and
 - 3) If appropriate:
 - (i) Children in local institutions for delinquent children; and
 - (ii) Neglected and delinquent children in local community-day school programs.
 - b) Provide financial incentives and rewards to CHS teachers for the purposes of attracting and retaining qualified and effective teachers.
 - c) Meet the requirements for choice-related transportation and supplemental education services in 34 C.F.R. §200.48, unless the CHS can meet these requirements with non-Title I funds;
 - d) Address the professional development needs of instructional staff described above, as well as the professional development expenditure requirements for schools that have been identified for improvement or corrective action contained in 34 C.F.R. §200.52(a)(3)(iii); and

- e) Conduct other authorized activities, such as school improvement and coordinated services. (34 CFR §200.77)

2. **Indian School Equalization Formula (ISEP Restrictions): 25 CFR Part 39 and 25 U.S.C. 2007-2008.**

- a. CHS is required to provide for its disabled students by reserving a minimum of **15 percent (15%)** of its academic base funding to support special education programs. (25 C.F.R. §39.104(a)(1))
 - i. However, CHS may spend all or part of the above described 15 percent (15%) on school wide programs that benefit all of CHS's students, including non-disabled students, if the school can document that it has met all needs of students with disabilities and, after having done so, there are unspent funds remaining. (25 C.F.R. §39.104(a)(1)).
- b. CHS may spend ISEP funds on "gifted and talented" students. To do so, CHS must show that student(s) it has identified as gifted and talented meet the gifted and talented definition contained in 25 C.F.R. §39.111 or 25 C.F.R. §39.116. As illustrated above, CHS is required to reserve 15% of its ISEP funds to provide special education. Therefore, before IDEA, Part B funds can be spent CHS must first spend 15% of its ISEP funds on special education. This requirement ensures that IDEA, Part B funds are only being spent on cost overruns that are above and beyond the base ISEP requirement of 15%. However, allowances may be made for:

 - l. When purchasing goods, services, labor or supplies in excess of \$10,000.00, the competitive procurement process in this Section must be used.
2. **Competitive Procurement Required.** Competitive procurement is required for all purchases in excess of \$10,000.00. The Competitive Procurement Chart is attached to this Policy as **Appendix 20**. There are three methods of competitive procurement:
- a. **Three Quotes.** Any purchase of goods or services based upon price only valued at less than \$250,000.00 in the aggregate in one year or for a contract not exceeding one year may be obtained by soliciting three quotes from vendors. The quotes must be in writing and submitted to the Board for consideration and approval prior to purchase.
 - b. **Sealed Bids.** Sealed bids will be used any time the School is soliciting construction contract for services. For Sealed bids in excess of \$250,000.00, the School shall advertise for not less than two weeks in newspapers of general circulation specified by the School Board a Solicitation for Bids. For Sealed Bids less than \$250,000.00, the School shall solicit quotes from no less than three (3) contractors. The Board reserves the right to reject any and all bids, to negotiate with all bidders in the event the low bid is in excess of the funds available, and provided the Board offers the same terms for negotiation to all bidders. The Board may re-advertise any Solicitation for Bids it deems appropriate and in the best interests of the School. No Solicitation for bids will be approved or advertised until and unless the appropriate specifications and technical drawings where applicable have been included in the Bid package in order to ensure the School receives quality construction work. Sealed bids shall be kept in the Business Office in a secure location until opened by the School at a public bid opening. A bid tabulation sheet will be used to tabulate all bids received.
 - c. **Requests for Proposals.** The School may solicit a Request for Proposals in any circumstance in which price is not the only factor. The RFP advertised shall include the criteria and assign a point values to each criteria the selection will be made on. For Requests of Proposals in excess of \$250,000.00, the School shall advertise for not less than two weeks in newspapers of general circulation specified by the School Board a Solicitation for Proposals.

All contracts which require public advertising and competitive procurement shall be awarded by the Board upon the recommendation of the Superintendent. All contracts for and purchases of supplies, materials, equipment and contractual services, with the exception of textbooks, in the amount of \$10,000 or more shall be based on competitive bids or quotes, or proposals with a minimum of two (2) bids, quotes or proposals. All competitive procurements shall be:
- i. Submitted in a sealed envelope when delivery to CHS is required. For quotes under \$250,000.00 CHS may permit email delivery of the quotes;
 - ii. Addressed to the Crazy Horse School Board;
 - iii. Plainly marked with the name of the contractor at the time of opening; and
 - iv. For solicitations over \$250,000.00, opened in public at the time specified with all contractors invited by the Superintendent to be present by videoconference, telephone, or in person.
- e. **Non-competitive Bidding.** The School will not utilize sole source awards except when:
- i. The School Board has determined the item is only available from one source, such as textbook replacement books; or
 - ii. There exists a public emergency that would result in the loss of property or life or injury of persons if not remedied by procurement immediately without delay; and
 - iii. The School Board has evaluated the bid or proposal received and the Business Manager or Department Supervisor has performed a cost analysis and determined the price is reasonable and in accordance with market pricing.
 - iv. Emergency purchases may be made if the public requirement will not permit a delay resulting from competitive solicitation. The Board must indicate the emergency in its official minutes and attempt to secure two competitive quotations.
- f. **Indian Preference:** The School shall provide Indian Preference in contracting to any vendor or contractor who is TERO certified by the Oglala Sioux Tribe. For RFP's the Board shall specify the total number of points assigned for Indian

preference not to exceed 15% of the total point value. For Bids or quotes, the School Board shall apply the X factor in contracting as follows:

- i. The School shall make an award under unrestricted solicitations to the lowest responsive bid from a qualified Indian-owned economic enterprise or organization within the maximum total contract price established for the specific project or activity being solicited, if the bid is no more that “X” higher than the total bid price of the lowest responsive bid from any qualified bidder. The factor “X” is determined as follows:

When the lowest responsive bid is:

- a) Less than \$100,000: 5% of that bid, or no more than \$9,000.
- b) At least \$100,000 but less than \$200,000: 4% of that bid, or no more than \$16,000.
- c) At least \$200,000 but less than \$400,000: 3% of that bid, or no more than \$21,000.
- d) At least \$400,000 or more: 1% of that bid, or no more than \$24,000.

- ii. CHS shall comply with the Oglala Sioux Tribe TERO Ordinance and regulations. For all procurements valued in excess of \$2,500.00, CHS shall either:

- a) Restrict the solicitation to TERO certified entities, and if CHS does not receive two or more TERO certified responses, contact TERO to obtain TERO approval to issue an unrestricted solicitation; or
- b) Issue an invitation to submit a bid or proposal not less than 14 days before the opening date of the solicitation, and coordinate with the OST TERO Office to ensure all TERO certified qualified firms are invited to respond to the solicitation. If CHS does not receive two or more statements of intent to respond to the solicitation form TEOR certified firms, CHS shall coordinate with TERO to obtain authorization to issue an unrestricted solicitation.

g. Notification to Bidders, and Proposal Submissions. All entities or persons submitting a competitive bid, quote or proposal will be notified in writing when their submission is not selected. Notice of Award shall be issued to the entity or individual who is awarded a contract.

h. Dispute Resolution. All written contracts will specify a dispute resolution mechanism. If any procurement does not specify a dispute resolution mechanism, the process shall be that a bidder or contractor may file a dispute or grievance in

writing with the Superintendent who shall make a decision within five (5) business days of receipt of the dispute or grievance. If not satisfied, the Contractor or Bidder must submit a written appeal to the School Board within three (3) business days of receipt of the Superintendent's decision. There shall be no appeal from the Decision of the School Board. The School Board may act based upon the written dispute or grievance and the Superintendent's response, or may provide for a hearing at its discretion.

- i. **Renewal of Contracts.** Bids with vendors shall be re-advertised every five years unless earlier advertised by Board action.

6.42 FUND BALANCE POLICY REQUIRED UNDER GASB STATEMENT NO. 54.

1. **Purpose.** The following policy has been accepted by Crazy Horse School Board in order to address the suggestions of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Definitions. The policy is produced in consideration of unexpected events that could adversely affect the financial condition of the School and jeopardize the continuation of necessary public services. This policy will safeguard that the School maintains adequate fund balances and assets in order to:

- a. Provide adequate cash flow for daily financial needs;
- b. Secure and uphold investment ratings;
- c. Offset significant economic downturns or revenue deficits;
- d. Provide funds for unexpected expenditures related to emergencies

This policy and the procedures circulated under it supersede all previous regulations concerning the School's fund balance and reserve policies.

2. **Fund Type Definitions.** The following definitions will be used in recording activity in governmental monies throughout the School. The School may or may not report all fund types in any given reporting period, based on genuine conditions and activity.

The general fund is used to justify for all financial resources not accounted for and stated in another fund.

Special revenue funds are used to account and report the profits of specific revenue sources that are restricted or dedicated to expenditure for specific purposes other than liability service or capital projects.

Debt service funds are used to account for all financial resources regulated, committed or allocated to expenditure for principal and interest.

Capital project funds are used to account for all financial resources regulated, committed, or assigned to expenditure for the acquirement or production of capital assets.

Permanent funds are used to account for assets restricted to the extent that only incomes, and not principal, may be used for purposes that maintenance the School's purpose.

3. **Fund Balance Reporting in Governmental Funds.** Fund balance will be stated in governmental funds under the following classifications using definitions delivered by GASB Statement No. 54:

a. **Non-Spendable Fund Balance.**

i. **Definition.** Includes amounts that cannot be disbursed because they are either (a) not in spendable form or (b) legally or contractually required to be retained in-tact.

ii. **Classification.** Non spendable amounts will be firm before all other classifications and consist of the following items (as appropriate in any given fiscal year):

- a) The School will retain a fund balance equal to the balance of any long term unresolved balances due from others (including other funds of the School)
- b) The School will retain a fund balance equal to the value of inventory balances and prepaid items (to the point that such balances are not offset with liabilities and essentially result in fund balance)
- c) The School will maintain a fund balance equal to the amount (principal) of any permanent funds that are legitimately or contractually required to be retained in-tact
- d) The School will retain a fund balance equal to the balance of any land or other nonfinancial belongings held for sale

b. **Restricted Fund Balance.**

i. **Definition.** Includes amounts that can be spent only for the specific commitments specified by the constitution, external resource providers, or through enabling regulation.

- c. **Committed Fund Balance.**
 - i. **Definition.** Includes amounts that can be used only for the specific commitments determined by an official action of the School's highest level of decision-making ability (i.e. the School Board).
 - ii. **Authority of Commit.** Commitments will only be used for specific determinations pursuant to an official action of the School Board. A majority vote is required to accept a commitment and a two-thirds majority vote is required to eliminate a commitment.
 - d. **Assigned Fund Balance.**
 - i. **Definition.** Includes amounts intended to be used by the School for specific purposes but do not meet the criteria to be categorized as restricted or committed. In governmental funds other than the general fund, allocated fund balance embodies the remaining amount that is not restricted or committed.
 - ii. **Authority to Assign.** The Crazy Horse School Board gives to the administrator or their designees the authority to assign amounts to be used for specific commitments. Such obligations cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any specific fund.
 - e. **Unassigned Fund Balance**
 - i. **Definition.** Includes the outstanding classification for the School's general fund and includes all spendable amounts not enclosed in the other classifications. In other funds, the unassigned classification should be used only to report an insufficiency balance from overspending for specific commitments for which amounts had been restricted, committed, or allocated.
4. **Operational guidelines.** The following recommendations address the classification and use of account balance in governmental funds:
- a. **Classifying Fund Balance Amounts.** Fund balance classifications illustrate the environment of the net resources that are reported in governmental fund. An individual governmental fund may include non-spendable means and amounts that are restricted, committed, or assigned, or any arrangement of those classifications. The general fund may also include an unassigned quantity.
 - b. **Encumbrance Reporting.** Encumbering amounts for specific commitments for which means have already been restricted, committed or assigned should not result in separate demonstration of encumbered amounts.

Encumbered amounts for definite purposes for which amounts have not been previously restricted, committed, or assigned, will be classified as committed or assigned, as correct, based on the definitions and standards set forth in GASB Statement No. 54.

- c. **Prioritization of Fund Balance Use.** When expenditure is acquired for purposes for which both restricted (committed, assigned, unassigned) amounts are obtainable, it shall be the policy of the School to consider restricted amounts to have been condensed first. When an expenditure is acquired for purposes for which amounts in any of the clear fund balance classifications could be used, it shall be the policy of the School that committed amounts would be reduced first, followed by allocated amount then unassigned sums.

- d. **Minimum Unassigned Fund Balance.** The School will retain a minimum unassigned fund balance in its General Fund alternating from 10 percent to 15 percent of the succeeding years budgeted expenditures and outgoing transfers. This minimum fund balance is to protect against cash flow shortfalls related to timing of proposed revenue receipts and to maintain a budget maintenance commitment. Starting in Fiscal Year 2021, no recurring salaries or vehicle loans will be paid for from the General Fund to ensure the General Fund is available to cover school related expenditures. Expenditures from the General Fund must be approved by the Superintendent, the Business Manager and the Board.
 - i. **Replenishing Deficiencies.** When fund balance drops below the minimum 10 percent range, the School will replenish shortages/deficits using the budget plans and timeframes described below. CHS shall not deficit spend any federal funds. The Board, the Superintendent, and the Business Manager shall not approve any expenditures that would result in a deficit in any CHS federal funds, or a deficit in the General Fund.

 - ii. The following budgetary plans shall be utilized by the School to replenish the General Fund when the General Fund balance is less than 10% of the prior year's annual budget:
 - a) The School will reduce recurring expenditures to reduce any fundamental deficit in the General fund balance required under this Policy;

 - b) The School will increase proceeds or pursue other funding sources;

 - c) Some arrangement of the two options above

 - iii. Minimum fund balance deficiencies shall be replenished within the resulting time phases:

- a) Insufficiency resulting in minimum fund balance between 12.5 percent and 15 percent shall be refilled over a period not to surpass one year.
- b) Insufficiency resulting in a minimum fund balance between 10 percent and 12.5 percent shall be refilled over a period not to surpass three years.
- c) Insufficiency resulting in a minimum fund balance of less than 10 percent shall be refilled over a period not to exceed five years

5. **Implementation and Review.** Upon acceptance of this policy the Crazy Horse School Board approves the Business Manager and Superintendent to establish any standards and processes which may be necessary for its implementation. The Business Manager and Superintendent shall review this policy at least annually and make any endorsements for modifications to the Crazy Horse School Board.

5. **Breach of Policy.** Breach of this policy will lead to disciplinary action against the employee in accordance with the Personnel Policy. This may include termination and/or prosecution. In all cases of misuse, the School reserves the right to recover any monies from the employed credit cardholder/user. The employed cardholder/user will be required to sign a declaration authorizing the School to recover, from their salary or retirement the amount of purchase that have not been reconciled or the unauthorized purchase(s). 6.44 CELLULAR PHONE USE AND ASSIGNMENT

The School Board may authorize by motion or resolution the assignment of cellular phones to employees and Board members for business use on an as needed basis, and within the budget limits established for cellular phones.

1. **Allowable Use of CHS Cellular Phones.** CHS assigned cellular phones are assigned for the business needs of the School. Staff assigned cellular phones may be used for the following purposes:
 - a. To make and receive business related calls within the United States.
 - b. To check emails in case of emergency or absence from the worksite. The School has a limited data plan, and has assigned cellular phones to numerous personnel. Every time a phone is used to check email, this requires data usage. For this reason, the phone should not be used to check email unless there is no other available method of checking email, and there is a business need to check email before the employee can gain access to a computer. Such need may be present when the employee is on travel status en route to a destination.

The School is on a shared data plan. Therefore, any use for downloading of documents or use of navigation programs necessary for emergency business purposes must be reported in writing to the Business Office for tracking. Any data use charges to the

School resulting from use for unauthorized purposes under this Policy will be charged to the cellular phone assignees of the phones on a prorated basis based on the report of data usage of each phone. If the charges are not paid upon notice from the Business Office, such charges shall be withheld from pay or stipend check, and the School Board shall have the right to revoke the assignment of the cellular phone if deemed necessary to ensure compliance with this policy.

3. **Lost or Damaged Phones.** Any employee or Board member assigned a cellular phone who loses the phone, or whose phone is damaged must report the loss or damage immediately to the Business Office. The Business Office Manager will maintain a log of all releases of records to third parties.
2. No Business Office employee is authorized to destroy, shred, or otherwise dispose of any Business Office records without completing a Records Destruction Form, approved by the Business Office Manager.

It is the policy of the Crazy Horse School to: (a) prevent user access over its computer network to, or transmission of; inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent authorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children's Internet Protection Act [Pub. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Technology Coordinator or designated representative.

7.68 VEHICLE USE POLICY

One of the largest expenditures of the School is the maintenance, replacement, and purchase of transportation vehicles for School use. The Crazy Horse School receives funds from the BIE for transportation services to students, but the funding is based upon the records kept by the School. When proper records are not kept regarding the mileage, purpose of use, and date and time of use, it jeopardizes the ability of the School to provide for the needs of students. Failure to properly maintain vehicles results in higher maintenance and replacement costs, and failure to timely notify the Facilities Department when a vehicle and driver is needed results in the need for overtime hours, resulting in budget deficits in the Transportation budget that are readily avoidable. For these reasons, all employees of the School are expected to adhere to this Policy. Failure to follow the Policy, will result in disciplinary action and will result in denial of access to Transportation Services by action of the Superintendent. Violations of this policy shall be reported to the Facilities Director, and the Immediate Supervisor of the employee violating this Policy immediately. No person without a valid Driver's License, or who is not on the approved Driver's List will be approved for use of a vehicle.

1. **Vehicle Use Request Form.** Personnel must fill out and submit to the Transportation Manager a Vehicle Use request form two (2) weeks prior to the date the vehicle is requested for use. The form must specify whether a driver is needed as part of the request. The Transportation Manager will respond to all timely filed vehicle request forms in writing within five (5) business days. The Transportation Manager will keep a schedule of the assignment of vehicles and drivers in the Transportation Department.
2. **Mileage Logs for Vehicles.** Every employee who uses a vehicle at any time must complete the Mileage Log located in the vehicle prior to returning the vehicle regardless of the date or time of the return of the vehicle. The starting and ending mileage, destination, purpose of travel, number of passengers and all other required information must be listed. Failure to fill out the mileage log will result in disciplinary action and may result in suspension of vehicle privileges.
3. **Vehicle Maintenance.** All employees who are using School vehicles are expected and must comply with the policies below. In addition, all employees who are chaperoning students on a bus are responsible for the policies set forth below.
 - a. All vehicles must be inspected internally and all trash, rubbish or other waste removed from the vehicle prior to its return.

- b. The exterior windows must be washed down so as to ensure there is no obstruction of view at the time of the vehicle's return.
- c. The interior and exterior of the vehicle should be in the same condition as they were when the vehicle was checked out. If there is damage to the vehicle, the employee must report the damage to the Transportation Director by phone prior to returning the vehicle to ensure overtime to repair the vehicle is not required.
- d. The Transportation Director is responsible for the maintenance of vehicles and assignment of personnel to ensure the vehicles are maintained in a safe and sanitary condition.

4. **Vehicle Accident Reporting.**

- a. Any traffic accidents or traffic violations, regardless of their severity, shall be reported to the Transportation Director by the CHS employee in charge of the vehicle as soon as is practicable after the incident occurred. Whenever practicable, the employee in charge of the vehicle shall submit to the Transportation Director a written report of the events that occurred and the damage to the vehicle.
- b. Once the Transportation Director is notified of a traffic accident or violation, the Transportation Director shall notify the vehicle insurance company immediately.
- c. Any employee who for good cause is unable to return the vehicle in the required condition timely, must immediately contact the Transportation Director. If the Transportation Director does not have grounds to authorize an exception to this Policy for good cause, he/she shall report the employee to their Supervisor and the Superintendent for disciplinary action and/or termination of vehicle use privileges. The employee responsible for use of a vehicle shall be held responsible for any misconduct by students resulting in damage to the vehicle or an unsanitary condition that is not reported to the Transportation Director, or which resulted from the negligence of the employee in supervising students, shall be the responsibility of the employee to reimburse. The transportation privileges of the offending student group may be revoked by the Superintendent.
- d. Any student who damages a vehicle may have their transportation privileges suspended or revoked by the Superintendent and will be held financially responsible.

5. **Vehicle Use.** School vehicles may only be used for school or school sponsored activities after approval of a Vehicle Request form has been secured. Any employee who is found to have used a vehicle for personal or other unauthorized use shall be subject to disciplinary action up to and including termination, and shall have their vehicle use privileges terminated for the remainder of the School Year.
