Safety Training Agreement

_____, a student in the Work Based Learning (WBL) program at 12-for-Life and an employee at Southwire Company will complete a comprehensive safety training plan and must pass the safety training test to continue in the program. Once the student has completed the safety training plan, Southwire certifies that the proper procedures related to the job requirements have been explained and demonstrated to the student and that, in the case of an emergency, the student has been given instructions on what to do to resolve the situation. The student understands that failure to comply with these safety procedures may result in personal injury or injury to others. The student agrees to follow all the safety rules and regulations of Southwire and the parent understands that a thorough safety training will be given and their child/student is responsible to consistently follow the safety plan.
