1. In your opinion, what are some opportunities for families to develop relationships and communicate with teachers and staff? How can we improve this process?
(Parent/Family Engagement)

2. How Relevant is a Parent/Teacher Conference to you and your child? What would you like to discuss during the Parent/Teacher conference? (School-Parent Compact)

3. While training teachers on "how to" engage our parents, families, and communities, what would you suggest be included in the teacher training? (Building Staff Capacity to engage parents, families and communities)

4. What topics would you like to learn more about as a parent, family member or stakeholder of the school?

5. What are the major barriers to families being more involved in the school?
