How to reach the un-churched

Pastor John Piper says there are about 200 million non-churched people in the U. S., making our nation one of the four largest "un-churched" countries in the world! America has become a vast missionary field. But, how can we make a difference when there are so many un-churched people unwilling to walk inside a church building?

This is where Christian radio steps forward to carry the banner of salvation. By collaborating with local churches, broadcasters like Goforth Media can encourage non-believers to see the church as a place of spiritual safety and Biblical truth. You can play a vital role in this effort. Here's what you can do:

1. Keep your local Christian radio station on your church prayer list. Lift the station up every week.
2. Put your local Christian radio station in your home mission budget.
3. Encourage your church to promote their services and special events on Christian radio. The money your church spends on Christian radio keeps the gospel reachable to everyone in every walk of life 24/7.

Radio: The most effective mission tool known to man.

that never goes out*

A Power 88 listener writes

Power88 is all I listen to! I often have to drive company vehicles for work & every time I do, I change the station to Power 88. I love the Power Hours (a big fan of Christian rap & hip hop since...about 1986) & truthfully, there are many times I find myself in full worship mode in the car.,
