We Believe...

Our prime responsibility is to educate children in all academic areas.

A positive, safe, accepting and well-disciplined environment develops a school climate that emphasizes student responsibility as well as respect for each other and for property.

Honesty, integrity, compassion, courtesy, hard work, respect and good citizenship are genuine qualities worth achieving.

When families and educators communicate and work together, children thrive.

In order that our school goals may be met, the following expectations apply to all aspects and spaces of our school campus, including school buses and school activities:

We are...

Teachable
Respectful
Orderly & Safe
You own it!

ATTENDANCE

Arriving on time and regular attendance are critical to educational success and making adequate progress towards the next level of learning. Absence from the classroom means loss of valuable, direct instruction from the teacher.

Students are required to be in attendance 90% of the time when class is in session. Students not meeting the 90% are at risk of losing credit or promotion even with passing grades.

When a student is absent from school, please call the school office before 9:00 A.M. *If your child is reported absent and we have not heard from you, we will attempt to reach you by phone for verification of the absence.* Students who arrive late must check in at the office.

A child who has an elevated temperature, persistent cough or feels unable to participate in school activities should remain at home.

If your child is leaving school during the day, please notify the office. **Students who leave during the day must be signed out at the office.** Written permission from a parent or guardian is necessary for a child to leave the school grounds with someone other than the parents or guardians. People listed on the emergency card are allowed to take a child from school per parent phone call, FAX or email.

We appreciate your cooperation and share your concern for the safety of all our children.

Unless we are notified otherwise, students will follow the end-of-day plans indicated on student information cards.

(See TSD Attendance policy 3050)

Excessive Absence/Tardy Notice

Notices are mailed to families when a student exceeds **five (5) days of absence** or tardiness during a school quarter or when the total days absent or tardy equals or exceeds 20% of the days school has been in session.

A conference may be requested by parents, teachers, or administrators to address absences/tardies.

After **six (6) absences in a quarter**, or if lack of attendance is negatively affecting the pupil's academic success, the building administrator is hereby authorized by the Board of Trustees to refer students to Attendance Court.

MAKE-UP WORK GUIDELINES

When an absence is necessary, the following guidelines for make-up work apply:

- ♦ **Absence/Tardies:** Students will be given one day for every day missed to make up work when they are absent. Extra days may be given at the discretion of the teacher.
- ♦ Parents are encouraged to request assigned work by contacting the teacher(s) one week prior to planned absences.
- ♦ **Suspensions:** A suspended student loses credit for all classwork during the suspension. However, any previously assigned work or tests may be turned in or taken for credit immediately upon the student's return.
- ♦ All make up work is the responsibility of each individual student.

Quarter: _____ Major Infraction # _____

MAJOR INFRACTIONS

Major infractions of school rules and district policies occasionally occur at any school. Major infractions include, but are not limited to:

- Insubordination
- Fighting or Hitting
- Harassment, Intimidation, Bullying
- Severe Disruption in Class
- Weapons
- Vandalism

In the event of a *Major School Infraction*, the principal will notify parents/guardians with one or more of the following: *Major Infraction Conduct Notice*, email and/or phone call.

Infractions are cumulative. At the discretion of the building administrator, levels may be repeated or skipped when necessary, or reduced when multiple infractions occur in a single day. All levels include problem solving and address Troy Expectations.

MAJOR INFRACTION CONSEQUENCES:

- ⇒ 1st Infraction: Loss/delay of privileges
- ⇒ 2nd Infraction: Loss/delay of privileges and detention (alternative lunch setting)
- ⇒ 3rd Infraction: 1-3 day suspension
- ⇒ 4th Infraction: 3-5 day suspension
- ⇒ 5th Infraction: 3-5 day suspension, conference with principal, teachers, parents/guardians, and student

*Note: Staff are not permitted to discuss other students or information pertaining to a situation with anyone other than the child's parent/guardian.

PROBLEM SOLVING TECHNIQUES

Debug System

Ignore
Ask to stop
Tell to stop
Move away
Get help from an adult or peer mediator

Mediation

Students are taught to help each other to solve problems together. During this time only two people (the disputants) take turns actively listening to each other with one mediator. The goal is to express their thoughts, feelings, and observations while listening to the other. Together all parties brainstorm a solution that will solve the problem.

Problem Solving

The refocus form is the student's opportunity to personally identify the problem, plan a way to fix it and return to the classroom. When the written plan is completed, the student discusses it with the teacher and can then return to class, ready to be successful. This is not a punishment, it is simply a step in the process of being accountable for his/ her choices and learning.

MINOR INFRACTION CONSEQUENCES

Staff will assess the level of infraction. Minor infractions typically affect one student and is a teachable moment.

Consequences may include, but not limited to the following:

- Issue verbal warning for misbehavior
- Confer with student
- Provide a time out/ refocus in an assigned area
- Loss of recess
- Contact parent/guardian
- Refer to counselor
- Repeated minor infractions or major infractions will be reported to the principal

TROJAN ALL-STARS

"Trojan tickets" are awarded to students who are caught exhibiting positive attitudes and actions! Our school promotes and teaches virtues to build character.

When a student receives a "Trojan ticket", families will be notified with a "Way to Go" card that day. The child's name will also be displayed on a board in the main hallway. At our monthly assemblies, a number will be drawn for an individual or a group of students to receive a mystery motivator.

Be on the lookout for your child's name!

We attempt to personally answer every phone call. In the event we miss your call, please leave a message on the voicemail and your call will be returned as soon as possible. Messages to students: **Please call by 2:00 P.M. as we need sufficient time to process the message.** Students may not use school phones to arrange social events, etc. If you email the office and don't receive a response back, please call to make sure the message was received.

It is important that messages and change of plans be sent through the office. Students will receive a "yellow slip" at the end of the day with the message.

CELL PHONES

Students are not to use personal communication devices on school property, during the school day. All such devices must remain in the off position during the school day and left in their backpack.

Personal devices that are seen or heard during the school day may be taken to the office and picked up by a parent.

Neither the school nor the teacher is responsible for the loss or damage to these devices if brought to school.

All communications need to go through the office, not the student's cell phone.
(See: phone calls & electronics)

Hazing, Harassment, Intimidation, Bullying, Cyber Bullying

Harassment and Bullying Definition:

Repeated malicious or intentional harassment is defined to include direct and indirect ethnic slurs, racial jokes, verbal or physical abuse, hazing or other offensive or persistently annoying conduct directed at someone's sex, race, color, national origin, age, religious belief, ethnic background, sexual orientation or disability that:

- Creates an unfair match with the purpose or effect of creating an intimidating or hostile environment.
- Unreasonably interferes with an individual's educational performance.
- Otherwise adversely affects an individual's educational opportunities or mental, social/emotional well-being.

Harassment also includes an act of retaliation taken against
(1) any person bringing a complaint of harassment,
(2) any person assisting another person in bringing a complaint of harassment, or
(3) any person participating in an investigation of an act of harassment.

Troy schools are committed to providing a positive and productive learning environment. Hazing, harassment, intimidation, cyber bullying, or bullying by students or third parties is strictly prohibited and shall not be tolerated. This includes actions on school grounds, school property, school buses, at school bus stops, at school sponsored events and activities, and through the use of electronic technology or electronic communication equipment on school computers, networks, forums, or mailing lists and actions at locations outside of those listed above that can be reasonably expected to materially and substantially interfere with or disrupt educational environment of the school or impinge on the rights of other students at school.

Hazing, Harassment, Intimidation, Bullying, Cyber Bullying Cont'd

Troy schools expect all students to treat each other with civility and respect and not to engage in behavior that is harmful to another student or the property of another student. Troy schools expect students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, and for the educational purpose underlying all school activities.

Discipline

Students whose behavior is found to be in violation of this policy will be subject to discipline and graduated consequences, up to and including expulsion.

Students or third parties may also be referred to law enforcement officials.

Reporting

Any student who has witnessed, or has reliable information, that a student has been subject to harassment, intimidation or bullying, should report the incident to the designated school official in accordance with District.

Knowingly submitting a false report could be subject to disciplinary actions up to and including suspension or expulsion.

The building principal and/or their designee shall be responsible for receiving complaints alleging student harassment, intimidation, and bullying and will ensure that documented complaints will be maintained as a confidential file.

HEALTH

Medications:

If a student has a temperature of 99 degrees or above, the staff will call parents/guardians and have the student go home.

If your child has any special health concerns, such as bee sting allergies, other allergies, epilepsy, asthma, heart conditions, or diabetes, please contact the office so we can provide proper care.

There are students at our school who have severe peanut, egg, and other nut allergies. We encourage all students to wash their hands after lunch before going to recess; there are special seating arrangements in our cafeteria to ensure the safety of all children.

Insurance:

Even with the greatest precautions and the closest supervision, accidents can and do happen at school. Parents need to be aware of this and be prepared for possible medical expenses that may arise should their child be injured at school.

The school district does not provide accident insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal guardians. The District carries only legal liability insurance.

The District does make student accident insurance available for their individual purchase. Information outlining the coverage and premiums are available at the school office.

We encourage parents to consider this reasonable priced group insurance.

LICE

Pediculosis Capitus, commonly known as head lice, occurs from time to time among school children. School procedures include:

- Upon notification of problem, office staff or the school nurse conducts a screening of classmates and/or siblings.

- Parents of affected students (head lice and/or nits present) are called so treatment can begin immediately.

- A letter is sent home that day with students in the affected class or classes notifying families of the situation so they can be on the lookout for symptoms at home.

- The school nurse is contacted when she is not present.

- The school nurse rechecks students as needed on her next visit to Troy Elementary. Office staff rechecks when affected students return to school—hair must be nit free.

- Office staff and/or school nurse recheck affected students periodically over the next few weeks.

If a student is seriously injured at school, first aid will be administered and every effort will be made to notify parents or emergency contacts immediately. When student's parents cannot be reached, and in the judgment of the staff a doctor's services are required, emergency services will be called.

All minor injuries (ie minor cuts, scrapes, etc.) will be treated at school unless directed by parents/guardians to do otherwise.

The school district does not provide medical insurance to pay for medical expenses when students are injured at school. Our district does have information regarding student insurance in the office.

MEDICATIONS

Medication should be administered at home whenever possible. If it is necessary, medication may be administered at school only in accordance with School District Policy 3510 Administering Medicines to Students.

A Permission to Administer Medication form is available from the office. Please fill it out completely and return it to school if your child needs medication administered during the school day. All medications must be in their original containers.

PARENTAL COMPLAINT PROCEDURE

(section 4.0, Master Agreement)

A complaint by a parent of a student against any certified employee acting in the capacity of a classroom teacher shall first be handled by the employee and no action or involvement shall be taken by the District administration until a parent-conference has taken place. 1. The employee and/or parent may request the presence of the building principal or superintendent or both, at such parent-employee conference. If the parent or the employee is not satisfied with the results of this initial conference, the following sequence of conferences shall be used as needed to resolve the parent complaint.
2. The meetings regarding the complaint will be conducted privately during contracted work hours. The employee may elect to have a representative present at all meetings.
 - I. Parent-Employee-Building Principal
 - II. Parent-Employee-Building Principal-Superintendent
 - III. File written complaint form to the Board and copies will be given to the employee, building principal, and superintendent.
 - IV. The Board will assign the complaint to a committee consisting of one (1) board member, one (1) building administrator or superintendent, one (1) teacher representative, and one patron. The committee will meet to resolve the patron's complaint and issue a written resolution. The final determination in the matter shall be sent to the employee and the patron filing the charge.
3. Any patron attempting to lodge a complaint verbally with a board member shall be informed that the individual board member cannot act on complaints and shall be advised to direct the complaint to the appropriate employee in accordance with the foregoing procedure.

TECHNOLOGY

We are fortunate to have the amount of technology that we do! Students frequently use the computers in the classrooms and lab to enhance and enrich their learning.

Permission from parents/guardians is required before students can access the networks. The computer use agreement is made available in the fall of each year.

The Troy School District cannot guarantee that students will not encounter objectionable material.

The school reserves the right to monitor electronic transmissions, and school may revoke, deny, or suspend user at any time because of inappropriate use.

SPECIAL PROGRAMS

Gifted-Talented

School districts are responsible for providing for the special instructional needs of children enrolled in their district between the ages of 5 and 18 years who are gifted/talented as defined by state law and local criteria. Students may be referred for gifted/talented assessment by parents, teachers, school staff or may self refer.

Special Education

School districts must ensure that the same academic, nonacademic, and extra-curricular activities and services are available to students with disabilities as is available to students without disabilities. This programming is available to eligible students from the age of 3 until the age of 21.

Services include:

- General Education Interventions and Accommodations
- Occupational Therapy
- Physical Therapy
- Speech & Language Therapy
- Assistive Technology
- Counseling (individual, small group, whole class)

Student 504 Plans

Under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973, the Troy School District is prohibited from discriminating against students on the basis of a disability. Troy provides a free and appropriate public education to each student within its jurisdiction regardless of the nature or severity of the disability. The school district ensures that students who need or are believed to need special education or related services will be identified, evaluated, and provided with appropriate educational services.

Section 504 stipulates that students with disabilities have the right to participate in school sponsored extra-curricular programs and activities to the maximum extent appropriate to their needs. Students also have the right to be placed in the least restrictive educational environment. To the maximum extent appropriate for the needs of the student, Troy will educate students with disabilities within their regular school program.

To qualify for a 504 plan, a student must have a disability that substantially limits a major life activity. This can be either a long or short-term disability (such as a broken arm).

SPECIAL PROGRAMS

Response To Intervention

Response to Intervention (RTI) is a multi-leveled approach to providing instruction, services, and interventions at increasing levels of intensity to struggling and advanced learners in the areas of reading, math, language, and behavior to improve student achievement here at Troy Elementary.

The purpose of RTI is to provide quality instruction for ALL students with focused interventions for students who struggle or need enrichment. Monitoring each student's progress to ensure responsiveness to instruction is a key component. RTI practices are proactive, incorporating both prevention and intervention for all levels from early childhood to high school. RTI components are also used as part of the determination process for identifying students with Specific Learning Disability.

Reteach & Enrich

Our curriculum calendar sets specific times of instruction of each standard. These calendars include the formative assessments which drives instruction. If a student receives a four out of five or a five out of five, the student will be placed in an "enrich" group. If a student receives three or below, they are placed in a "reteach" group. Each group will experience differentiated instruction with the standards. This model gives students the necessary time and/or exposure to demonstrate mastery.

Targeted Tutoring is available after school for students who have not demonstrated mastery on specific standards after the reteach time has been given. The instructions "targets" the standard in which your child may need additional instruction.

IDAHO STATEWIDE TESTING

Troy Elementary participates in the Idaho Statewide Testing Program as required by state law and have a minimum of 98% participation requirement. Tests are as follows:

SCHOOL-WIDE TITLE PROGRAM

Title I-A is a federally-funded program intended to ensure that all children have the opportunity to obtain a high-quality education and reach proficiency on challenging academic standards and assessments. Title I is designed to **support** the child's regular classroom program and curriculum.

Services are provided by a highly-qualified staff of paraprofessionals under the direction of and with the classroom teacher. Students exit the program when their skill levels indicate the extra support is no longer necessary for their academic success or when the school year ends.

Together with parents, each spring, we will review our compact, program needs, policy and procedures in order to improve our program.

Education of Homeless Children Cont'd

If a dispute arises over any issue addressed in this policy, the child or youth experiencing homelessness will be admitted immediately to the school in which enrollment is sought pending final resolution of the dispute. The student will also have the rights to all appropriate educational services, transportation, free meals, and Title 1, Part A services while the dispute is pending.

A complaint regarding the placement or education of a homeless child shall first be presented orally and informally to the District's homeless liaison. The Superintendent is directed to ensure that parents, guardians, and unaccompanied youth may initiate this process at the school they are requesting to attend, the District office, or the office of the homeless student liaison. The liaison shall inform the person who initiated the dispute that they can provide written or oral documentation to support their position and that they may seek the assistance of an attorney or advocate. The homeless liaison shall work to resolve the dispute as expeditiously as possible. If the dispute cannot be resolved informally with the assistance of the homeless student liaison then the issue shall be addressed at the District level as described in Levels 3 and 4 of the Uniform Grievance Procedure, except that if the dispute cannot be resolved at the District level, the parent/guardian or unaccompanied youth may appeal the decision through the state appeal process. The liaison must ensure that the formal process is followed for unaccompanied youth.
