What role does family engagement play in Title I?

Family engagement is an integral part of the ESSA law. Districts and schools receiving Title I funding must:

- Ensure that high-quality academic assessments, accountability systems, teacher preparation and training, curriculum, and instructional materials are aligned with challenging State academic standards so that students, teachers, parents, and administrators can measure progress against common expectations for student academic achievement.
- Afford parents substantial and meaningful opportunities to participate in the education of their children.

Families

You can have a tremendous influence on your child's success in school. By partnering with the school and participating in the Title I program, you will:

- show your child that you support and value his/her education.
- be able to closely monitor your student's progress.
- build stronger relationships between home and school.
- provide valuable input about schoolwide programs.

Research shows that students whose families are engaged perform better academically, socially, and behaviorally. Be sure to become involved in your child's school by:

What is Title 1?

Shirley Hills Elementary is identified as a Title I school as a part of Every Student Succeeds Act (ESSA). Title I is designed to support State and local school reform efforts tied to the challenging State academic standards to improve teaching and learning for students. Title I programs must be based on effective means of improving student achievement and include strategies to support family engagement. All Title I schools must jointly develop with parents and family members a written parent and family engagement plan and compact.

The Connection

What is it?

The Connection is a comprehensive document joining our School-Family Engagement Plan and Compact together with the purpose of strengthening the bond between school and home. **The Engagement Plan** describes how our school will provide opportunities to improve family engagement that will support student learning at school and at home. All students and their families are invited and encouraged to fully participate in the opportunities described in this plan. The school will provide information and as many opportunities as possible for the participation of all family members. **The Compact** explains what teachers, parents and students will do to work together to make sure that our students reach grade level standards. The Compact is discussed with families during parent-teacher conferences throughout the school year.

How is it revised?

The Connection is jointly developed and revised by our school's stakeholders. All families are invited to attend our annual Shared Decision-Making Meeting (SDM) held each spring. Families are asked to review and give feedback on the Engagement Plan, Compact, and budget including the 1% set aside. All feedback forms from the SDM Meetings are collected, reviewed and used to revise this document and to improve program planning for the next school year. Families who cannot attend the Shared Decision-Making Meeting could provide input by completing an online feedback form and completing the Title I Parent Satisfaction Survey that seeks suggestions regarding the plan, compact and budget.

Who is it for?

The Connection is for all students attending a Title I schools and their families. We encourage and invite families to fully participate in the opportunities described in this document. Our school will provide full opportunity for the participation of parents and family members with limited English, with disabilities, of migratory children and caretakers of students served in Neglected and Delinquent Centers.

Where is it available?

The Connection is included in our Title I FE Guidebook that is provided to all parents and families at the beginning of the year or whenever a new student enrolls. The Connection is also available on our school website and in our Parent Resource Center. Families can request a copy at any time during the school year.

PBIS at Shirley Hills Elementary

What is PBIS?

The Positive Behavior Interventions and Support Program (PBIS) is based upon the idea of recognizing positive contributions of students. Our goal is to help each child develop self-discipline. Home and school share the responsibility for developing good citizens. Parents, teachers, and students must work together to maintain a safe learning and positive learning environment. As part of PBIS, teachers, administrators, counselors and support staff will have responsibility to *TEACH* positive behavior expectations to students. PBIS means students will know exactly what is expected of them. Students who take responsibility will be recognized and rewarded in a variety of ways.

Shirley Hills Elementary PBIS Mission Statement

Our mission is to provide a positive and fair environment where teachers can teach, and students can learn by encouraging behaviors that are responsible, respectful, and safe by all students.

What is PBIS at Shirley Hills Elementary School?

Shirley Hills School-Wide Expectations for students are:

BE SAFE

BE RESPONSIBLE

BE RESPECTFUL

BE CARING

BE MINDFUL

These expectations, along with the appropriate positive behaviors, are displayed in different areas of the school as reminders for students. Students will receive on-going instruction from staff on our school-wide expectations in all areas of our school. The classroom, restroom, cafeteria, hallways, bus, computer lab, media center, playground and assemblies are all settings where students will be expected to act in a respectful, responsible and safe manner.
